Academic Editor: Derek J. McPhee

Received: 25 November 2016; Accepted: 26 November 2016; Published: 6 December 2016

The authors wish to make the following change to their paper [1]. The symbol “%” in the last column of Table 2 is incorrect. The numbers are actually ratios so in order to obtain percentages, the numbers should be multiplied by 100.

We apologize for any inconvenience caused to the readers by this mistake. The manuscript will be updated and the original will remain online on the article webpage.
