

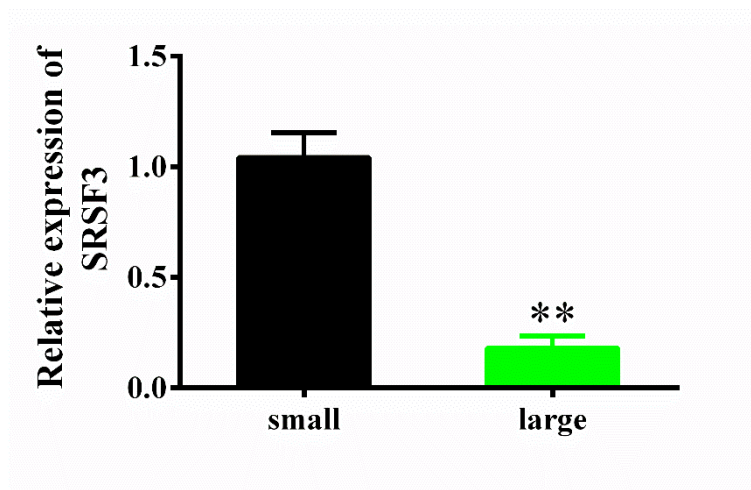

**Figure S1.** The mRNA expression of miR-486 in various tissues and GCs of follicles. **(A)** The mRNA expression of miR-486 was detected among ovary, mammary, kidney, heart, uterus, lung liver, intestine, pituitary. **(B)** The mRNA expression of miR-486 was analyzed in small and large follicles. \* =  $p < 0.05$ ; \*\* =  $p < 0.01$ ; NS stands for Not Significant.

**Figure S2.** The mRNA expression of SRSF3 was analyzed in GCs of small and large follicles. \*\* =  $p < 0.01$ .
