

Table S1: List of the morpho-species and their abundances caught by pitfall traps and by NHC in the four studied habitats.

	Garden		Orchard		Edge		Forest	
	Pitfall	NHC	Pitfall	NHC	Pitfall	NHC	Pitfall	NHC
Anyphaenidae								
<i>Anyphaenidae</i> sp.2							1	
Araneidae								
<i>Araneidae</i> sp.80		3						
<i>Eustala</i> sp.9				1				
<i>Micrathena</i> sp.82								1
<i>Parawixia</i> sp.35						1		
Barychelidae								
<i>Barychelidae</i> sp.1							4	
Clubionidae								
<i>Clubionidae</i> sp.17	6							
Corinnidae								
<i>Corinna</i> sp.3								1
<i>Corinnidae</i> sp.5					1	2		
<i>Corinnidae</i> sp.7						1		
Ctenidae								
<i>Ancylometes</i> sp.20								17
<i>Ctenidae</i> sp.21								1
<i>Ctenidae</i> sp.22			6					
<i>Ctenidae</i> sp.8			10			9		
<i>Ctenus amphora</i>							2	2
<i>Ctenus crulsi</i>	2				6			
<i>Ctenus</i> sp.16						4	5	9
<i>Ctenus</i> sp.17						1		
<i>Ctenus</i> sp.2				1				
Dipluridae								
<i>Dipluridae</i> sp.1							1	
<i>Dipluridae</i> sp.2					1		1	
<i>Dipluridae</i> sp.3							2	
<i>Dipluridae</i> sp.4					2			
Gnaphosidae								
<i>Gnaphosidae</i> sp.1	1							
Lycosidae								
<i>Hogna</i> sp.4	119	86		5				
<i>Lycosidae</i> sp.1				3				
<i>Lycosidae</i> sp.11				2				
Oxyopidae								
<i>Oxyopes salticus</i>				1				
Paratropidae								
<i>Paratropidae</i> sp.1							1	
Pisauridae								
<i>Pisauridae</i> sp.1				1				
<i>Thaumasia</i> sp.13								22

Salticidae									
<i>Salticidae</i> sp.39	2								
Segestriidae									
<i>Segestriidae</i> sp.1		1							
Sicariidae									
<i>Sicariidae</i> sp.1				1					
Sparassidae									
<i>Sparassidae</i> sp.7				1					
Tetragnathidae									
<i>Leucage</i> sp.2						1			
Trechaleidae									
<i>Trechalea</i> sp.1									1
<i>Trechalea</i> sp.8						1			
<i>Trechaleidae</i> sp.9									1
<i>Trechaleidae</i> sp.6								1
