

Editorial

## Acknowledgement to Reviewers of *Sensors* in 2017

*Sensors* Editorial Office

MDPI AG, St. Alban-Anlage 66, 4052 Basel, Switzerland

Published: 18 January 2018

---

Peer review is an essential part in the publication process, ensuring that *Sensors* maintains high quality standards for its published papers. In 2017, a total of 2965 papers were published in the journal. Thanks to the cooperation of our reviewers, the median time to first decision was 24 days and the median time to publication was 53 days. Among the reviewers who reviewed for *Sensors* in 2017, the following five have been selected to receive the “*Sensors* 2017 Outstanding Reviewer Award” for the timeliness and quality of their review reports in 2017:

Ciunzo, Domenico from University of Naples, “Federico II”, Italy  
Gravina, Raffaele from University of Calabria, Italy  
Marques, Carlos A. F. from Aston University, UK  
Mortazavi, Bobak from Texas A&M University, USA  
Shojafar, Mohammad from University Sapienza of Rome, Italy

The editors also express their sincere gratitude to all of the following, who shared their time and expert opinion by reviewing for *Sensors* in 2017:
