

Supplemental Figure S1

Figure S1 The Western blot (WB) analysis demonstrates that the UOK124 ARID2 WT cell line expresses ARID2, while the UOK124 ARID2 KO cell line shows a complete absence of ARID2 expression, confirming the successful generation of the ARID2 knockout cell line.

Supplemental Figure S2

Figure S2 Kaplan-Meier analysis of overall survival for TFE3-RCC patients with HIGH and LOW ARID2 mRNA expressions in TCGA cohorts. p values were calculated using Log-Rank test.
