

Some things are better **OUTSIDE**

# Make your home **HEALTHIER** **FOR EVERYONE** (especially the kids)

# Keep the **SMOKE** outside

## WHY?

A smoke-free home is good for everyone:

- Keeps your kids from getting sick & missing school
- Reduces your families' risk of getting cancer
- Helps a smoker to cut back or quit
- Makes your home fresher and cleaner

## WHO?

Families agree smoke-free homes and cars are better, but still over 1/3 of US kids are exposed to smoke each day.

Bottom line: there is no safe level of second-hand smoke. It belongs outside.

## WHAT?

If you are a smoker or live with one (and have kids at home) a new program, **SAGE**, offers resources you can use to take it outside.

The program includes a free toolkit with step-by-step guide on how to maintain smoke-free homes and cars, tips, postcards, and more!

## HOW?

Take the first step!

Call **SAGE** now to get started. Mention code "ASDF" or just ask about the smoke-free home program.
