

BPS_ID_____

I. General background

0. Date: ____/____/____

1. BPS_ID: _____

2. Contact name: _____

3. Contact telephone number (to report diagnostic results): _____

4. Region: _____

5. Province: _____

6. BPS objective: a. Livestock: ____
b. Agricultural: ____
c. Forestry: ____
d. Mixed: ____
e. Other: ____

II. Social aspects

7. Primary activity of the holder: _____

8. Family group composition: _____

9. Importance of animals for household economy: _____ (Scale of 1 to 5)

III. Management conditions

10. Productive species: a. Poultry: ____ b. Swine: ____ c. Other domestic: ____ d. Pets: ____
Which?: ____ Which?: ____ Which?: ____

11. Poultry objective

a. Household consumption: ____
b. Sale: ____
c. Household consumption and sale: ____
d. Keeping poultry as pets: ____

Swine objective

a. Household consumption: ____
b. Sale: ____
c. Household consumption and sale: ____
d. Keeping swine as pets: ____

12. Which species and how many birds are kept at the time of the survey?

	Species	Total
12.a	Chicken	
12.b	Duck	
12.c	Turkey	
12.d	Goose	
12.e	Guineafowl	
12.f		

How many pigs are maintained at the time of the survey?

	Male	Female	Total
Adults			
Juvenile			
Breeders			
Piglets			

13. N° Hens: ____
N° Roosters: ____
N° Chicks: ____

Loan breeding pig
Yes: ____
No: ____
Doesn't apply: ____

14.

Breeder movement
Enter: ____
Leave: ____
Doesn't apply: ____

15. Value per pig mount
 a. Piglet
 b. Money
 c. Doesn't apply
16. Last poultry breeding
 a. Actual
 b. 0 to 1 year ago
 c. 2 to 5 years ago
 d. More than 5 years ago
- Last swine breeding
 a. Actual
 b. 0 to 1 year ago
 c. 2 to 5 years ago
 d. More than 5 years ago
17. How long have you been rising: Poultry? Swine?
 a. Less than 2 years:____ a. Less than 2 years:____
 b. Between 2 to 10 years:____ b. Between 2 to 10 years:____
 c. Between 11 to 20 years:____ c. Between 11 to 20 years:____
 d. More than 20 years:____ d. More than 20 years:____
18. Responsible for handling poultry Responsible for handling swine
 a. Man:____ a. Man:____
 b. Woman:____ b. Woman:____
 c. Son/daughter:____ c. Son/daughter:____
 d. Family:____ d. Family:____
19. Responsible for trading of poultry Responsible for trading of swine
 a. Man:____ a. Man:____
 b. Woman:____ b. Woman:____
 c. Son/daughter:____ c. Son/daughter:____
 d. Family:____ d. Family:____
 e. Doesn't apply:____ e. Doesn't apply:____
20. What is the type of confinement for poultry? What is the type of confinement for swine?
 a. Free a. Free
 b. Permanent b. Permanent
 c. Mix c. Mix
21. Does the number of birds vary throughout the year? When are there more?
 a. Spring/summer:____
 b. Autumn/Winter:____
 c. Doesn't vary:____
- Does the number of pigs vary throughout the year? When are there more?
 a. Spring/summer:____
 b. Autumn/Winter:____
 c. Doesn't vary:____
22. How do you obtain bird replacements? Exchange of embryonated eggs?
 a. Own replacements:____ Yes:____
 b. Buying to neighbours:____ No:____
 c. Purchasing at trade fairs:____
 d. Commercial farm purchasing:____
 e. Obtained through state projects:____
 f. Buying from intermediaries:____
- How do you obtain pig replacements?
 a. Own replacements:____
 b. Buying to neighbours:____
 c. Purchasing at trade fairs:____
 d. Commercial farm purchasing:____
 e. Obtained through state projects:____
 f. Buying from intermediaries:____

23. OBSERVE Presence of Broiler/Layers (trimmed beak)

- a. Yes: _____
- b. No: _____

OBSERVE Presence of pig with the tail docked

- a. Yes: _____
- b. No: _____

24. What does poultry food consist of?

- a. Organic household waste: _____
- b. Poultry food: _____
- c. Poultry foraging: _____
- d. Cereals (e.g. corn): _____

What does swine food consist of?

- a. Organic household waste: _____
- b. Swine food: _____
- c. Swine foraging: _____
- d. Cereals (e.g. flour): _____

25. Where does water for poultry come from?

- a. Well: _____
- b. Creek: _____
- c. Potable: _____
- d. Doesn't provide: _____

Where does water for swine come from?

- a. Well: _____
- b. Creek: _____
- c. Potable: _____
- d. Doesn't provide: _____

26. What do you do with dead chickens?

- a. Bury: _____
- b. Burn: _____
- c. Trash: _____
- d. Throw away from home: _____
- e. Household consumption/Sale: _____
- f. Nothing: _____

What do you do with dead pigs?

- a. Bury: _____
- b. Burn: _____
- c. Trash: _____
- d. Throw away from home: _____
- e. Household consumption/Sale: _____
- f. Nothing: _____

27. Do you recognize any disease in chickens? Signs?

Do you recognize any disease in pigs? Signs?

28. What do you do if you recognize a sick chicken?

What do you do if you recognize a sick pig?

29. Do you perform any type of sanitary management or treatment of the chickens?

- a. Drugs: _____
- b. Natural products: _____
- c. Doesn't perform: _____

Do you perform any type of sanitary management or treatment of the pigs?

- a. Drugs: _____
- b. Natural products: _____
- c. Doesn't perform: _____

30. Drugs administered to chickens:

Drugs administered to pigs:

31. Do you vaccinate the chickens?

- a. Yes: _____
- b. No: _____

Do you vaccinate the pigs?

- a. Yes: _____
- b. No: _____

32. Poultry receive a visit from a veterinarian?

- a. Once a year: _____
- b. More than once a year: _____
- c. Doesn't receive: _____

Swine receives a visit from a veterinarian?

- a. Once a year: _____
- b. More than once a year: _____
- c. Doesn't receive: _____

IV. Biosecurity

33. Is there contact between poultry and pigs?

a. Yes: _____

b. No: _____

c. Doesn't apply: _____

General biosecurity conditions:

34. Functional fences

a. Yes: _____

b. No: _____

35. Presence of footbath

a. Yes: _____

b. No: _____

36. Disinfection prior to animal handling

a. Yes: _____

b. No: _____

37. Disinfection after animal handling

a. Yes: _____

b. No: _____

Environmental factors:

38. Watercourse inside the BPS

a. Yes: _____

b. No: _____

39. Neighboring wetlands or watercourses

a. Yes: _____

b. No: _____

40. Poultry or pigs in adjacent facilities

a. Yes: _____

b. No: _____

41. Neighboring commercial farms

a. Yes: _____

b. No: _____

42. Poultry have access to watercourse

a. Yes: _____

b. No: _____

43. Poultry have or may have contact with wild birds?

a. Yes: _____

b. No: _____

Swine have or may have contact with wild birds?

a. Yes: _____

b. No: _____

44. Poultry have or may have contact with:

Neighboring animals: a. Yes: _____ b. No: _____

Swine have or may have contact with:

Neighboring animals: a. Yes: _____ b. No: _____

45. When a new bird enters the farm:

a. Is separated from the group for a while: _____

b. Immediately joins the group: _____

c. Doesn't apply: _____

When a new pig enters the farm:

a. Is separated from the group for a while: _____

b. Immediately joins the group: _____

c. Doesn't apply: _____

46. Can visitors have contact with the birds?

a. Yes: _____

b. No: _____

Can visitors have contact with the pigs?

a. Yes: _____

b. No: _____

47. Do you give eggs or chickens?

a. Yes: _____

b. No: _____

Did you give away pigs?

a. Yes: _____

b. No: _____

48. To whom?: _____

To whom?: _____

V. Commercial aspects

49. What products do you obtain from poultry and which is the most important?

a. Meat: _____

b. Eggs: _____

c. Live chickens/hens: _____

d. Guano: _____

Which product obtained from the pigs is the most important?

a. Kg/animal: _____

b. Piglets: _____

c. Others: _____

50. How many eggs do you collect per day?

51. What is the price?

Eggs: _____

Live chickens/hens: _____

Meat: _____

Guano: _____

What is the price?

Meat: _____

Piglets: _____

Others: _____

Other:_____

52. What is the income from poultry used for?

- a. Poultry feed:_____
- b. Household expenses:_____
- c. Clothes:_____
- d. Children's school:_____
- e. Other:_____

What is the income from swine used for?

- a. Swine feed:_____
- b. Household expenses:_____
- c. Clothes:_____
- d. Children's school:_____
- e. Other:_____

53. If you sell, what is your main market?

- a. Neighbors/ Family:_____
- b. Tourists:_____
- c. Local markets:_____
- d. Intermediate:_____
- e. More than one market:_____
- f. Restaurant:_____

If you sell, what is your main market?

- a. Neighbors/Family:_____
- b. Tourists:_____
- c. Local markets:_____
- d. Intermediate:_____
- e. More than one market:_____
- f. Restaurant:_____

54. How many eggs do you sell per month?

How many pigs do you sell per year/season?

55. How many live chickens/hens do you sell per month?

How many kilograms?

56. How many eggs do you eat per week?

How many pigs do you slaughter per year?

57. How many chickens do you slaughter per week?

58. How many eggs do you buy per month (from market)?

59. How much poultry meat do you buy per month?

60. How much do you spend on poultry feeding per month?

How much do you spend on feeding swine per month?

61. Animals are inspected or visited by SAG:

- a. Yes:_____
- b. No:_____

62. If you receive SAG visits, do they take samples?

- a. Yes:_____
- b. No:_____

63. SAG sends the results?

- a. Yes:_____
- b. No:_____

64. SAG returns to the BPS?

- a. Yes:_____
- b. No:_____

65. Animals receive visits or inspection by INDAP/PRODESAL?

- a. Yes:_____
- b. No:_____

Any of the members of the family group have presented some of the following signs and/or symptoms during the last month:

66. Diarrhea
a. Yes:_____ b. No:_____
67. Fever
a. Yes:_____ b. No:_____
68. Vomits
a. Yes:_____ b. No:_____
69. Inappetence
a. Yes:_____ b. No:_____
70. Muscle pain
a. Yes:_____ b. No:_____
71. Do people with digestive disorders have the possibility to handle animals?
a. Yes:_____ b. No:_____
72. Are pets indoor?
a. Yes:_____ b. No:_____
73. Do pets have access to bird waste?
a. Yes:_____ b. No:_____
74. Is there contact between animals kept in the BPS (between different species)?
a. Yes:_____ b. No:_____
75. Is there contact between BPS's poultry and neighboring pets/animals?
a. Yes:_____ b. No:_____

VI. Sample data

Type of sample birds: a. Cloacal torula:_____

Type of sample pigs: a. Rectal torula:_____

Type of sample from other animals: a. Rectal torula:_____
