Text Correction

There was an error in the original article [1]. The great majority of the study population were women ($n = 127$, 88.8%), persons working in academic hospitals ($n = 128$, 89.5%) and persons with over ten years of job seniority ($n = 116$, 81.1%)—Table 1.

A correction has been made to Results, Paragraph 1:

The great majority of the study population were women ($n = 127$, 88.8%), persons working in academic hospitals ($n = 127$, 88.8%) and persons with over ten years of job seniority ($n = 115$, 80.4%)—Table 1.

The authors apologize for any inconvenience caused and state that the scientific conclusions are unaffected. The original article has been updated.

Incorrect Funding Number

There is an error in the Funding statement. The correct number for Medical University of Lublin is Grant Number DS 548. The authors apologize for any inconvenience caused and state that the scientific conclusions are unaffected. The original article has been updated.
