Correction

Correction: Budea, S. Solar Air Collectors for Space Heating and Ventilation Applications—Performance and Case Studies under Romanian Climatic Conditions. *Energies* 2014, 7, 3781–3792

Sanda Budea

Hydraulics, Hydraulic Machinery and Environmental Engineering Department,
Power Engineering Faculty, University Politechnica of Bucharest, 313 Spl. Independentei,
District 6, Bucharest 060042, Romania; E-Mail: s_budea@yahoo.com;
Tel.: +40-021-402-9296; Fax: +40-021-402-9865

An inadvertent error was found in the pdf version of paper [1]. On page 3785, Equation (2) was not displayed well and should be read

$$m = \rho \cdot \dot{V} = \rho \cdot \frac{\pi \cdot d^2}{4} \cdot v \qquad (2)$$

I apologise to readers for any inconvenience caused.
