

**Supplementary Figure S1.** Similarity analysis of the VP4 gene of the strain ITA/14193-5/2020 and ITA/51105-6/2020 with RVH VP4 sequences. Strain name of RVH sequences are shown on the right of the plot. The analysis was performed by SimPlot 3.5.1 using a sliding window of 200 nucleotides moving in 20-bp steps.
