

COVID-19 Social Representation Theory 2021 Questionnaire

(built online on Qualtrics, originally in Portuguese)

Dear Participant

We would like to invite you to participate in the 2021 edition of the FGV/EBAPE survey on the social representation of the COVID-19 pandemic in Brazil. It will help us understand the perception of Brazilians a little more than a year after the pandemic began. In addition, we are seeking to understand its impacts on the digital transformation process in Brazil. Your answers, as well as your identity, will be treated as confidential. Thus, no information that could identify you will be disclosed. To proceed, please answer all questions until the end. We know your time is short, so the survey takes about 5 minutes to complete. Your participation is very important!

Yours truly,

Luiz Antonio Joia, D.Sc.
Full Professor and Researcher, FGV/EBAPE

Flavia Michelotto, M.Sc. and Manuela Lorenzo, M.Sc.
Ph.D. candidates, FGV/EBAPE

Do you agree to participate in this survey and authorize the use of your answers - treated as confidential - for scientific purposes only?

- ☐ Yes
- ☐ No

When you think of the CORONAVIRUS PANDEMIC (COVID-19), what are the five (5) words or expressions that immediately come to your mind? In view of the applied methodology, it is important that you write in the fields below quickly, as soon as the words or expressions come to mind, without any queries or interruptions. Please, fill in all the options.

1st word: _____
2nd word: _____
