

**Please write in the cells the degree of deviation from the target for the different categories.**

**All values must be in the form of % in the questionnaire!**

		Critical	Not acceptable	Acceptable	Good	Excellent
KPI.1.	Efficiency of energy use rate					
KPI.2.	Waste reduction rate					
KPI.3.	Reusable or recycled material rate					
KPI.4.	Paper reduction					
KPI.5.	Carbon footprint					
KPI.6.	Efficiency of water use rate					
KPI.7.	Fossil energy consumption					
Kpi.8.	Fuel consumption in transportation					
KPI.9.	Land consumption for transport					
KPI.10.	Railways use rate					
KPI.11.	Noise emission level					
KPI.12.	Use of packaging material					
KPI.13.	Use of renewable packaging material					
KPI.14.	Stand-by time to operating time					
KPI.15.	Work shift					
KPI.16.	Overtime					
KPI.17.	Labor turnover					
KPI.18.	Salary					
KPI.19.	Employment gender ratio					
KPI.20.	Learning willingness of employees					
KPI.21.	Work injury (injury that heals within 8 days)					
KPI.22.	Customer complaints					
KPI.23.	Proportion of returning customers					
KPI.24.	Local suppliers					
KPI.25.	Sustainable suppliers					
KPI.26.	Rate of green revenue (B2B)					
KPI.27.	Green tender success rate					
KPI.28.	Productivity rate					
KPI.29.	Rate of investment in green technology					

KPI.30.	Green technology investment rate of return					
KPI.31.	Investment rate of R&D expenditure for green development					
KPI.32.	Just in time					
KPI.33.	Inventory speed					
KPI.34.	Delivery on confirmed deadline					
KPI.35.	Number of errors detected by quality management
