First follow-up questionnaire

Dear Patient,

thank you again for agreeing to participate in our study. A few weeks have now passed since the start of therapy and you will receive the first follow-up questionnaire as discussed.

We kindly ask you to answer the following questions completely and then to fill out the enclosed distress thermometer, which you are already familiar with.

.

Date (please fill in): _____

1. Have you had any personal contact with since starting current system therapy:

- ☐ a member of the psycho-oncology service here at the hospital?
- ☐ a psychooncologist/psychotherapist in private practice?
- ☐ other advice/support: _____

2. Was the current system therapy able to be carried out as planned in your case up to now?

- ☐ yes
- ☐ no*

*Why not?

- ☐ Side effects
- ☐ Lack of response of therapy
- ☐ Others: _____

3. Have you experienced any side effects related to the therapy?

- ☐ yes**
- ☐ no

** If "Yes": how much do these side effects currently affect you (in the last week including today)?

- ☐ rather few
- ☐ medium
- ☐ rather strong

We thank you very much for answering the questions and wish you a successful course of therapy and all the best!

(Please return the documents to us in the enclosed envelope).
