

Supporting information

Figure S1 through S6 show the mid-IR spectra of the neat resins and also the spectra after UV post cure

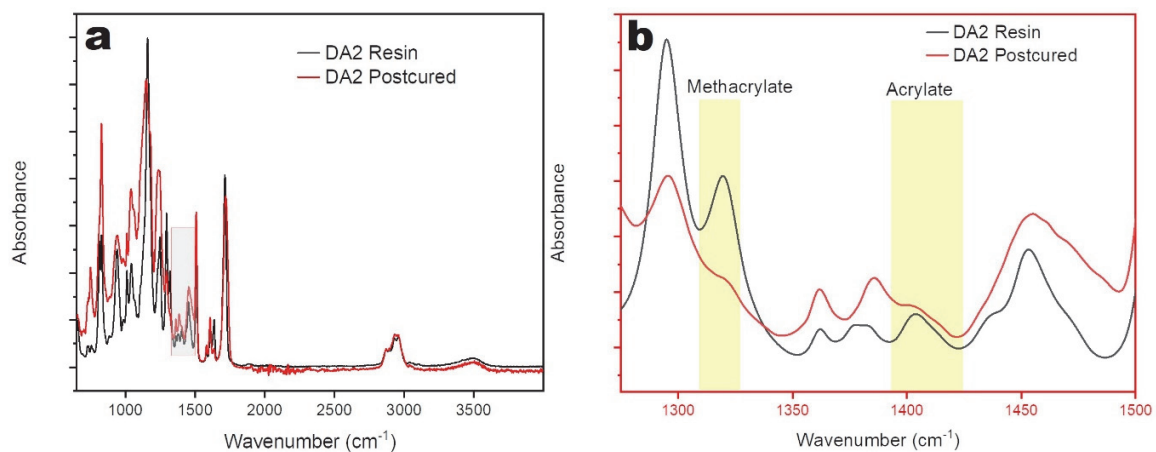

Figure S 1 (a) Full spectra of DA2 Resin and Postcured DA2, (b) Enlarged spectra of DA2 Resin and Postcured DA2

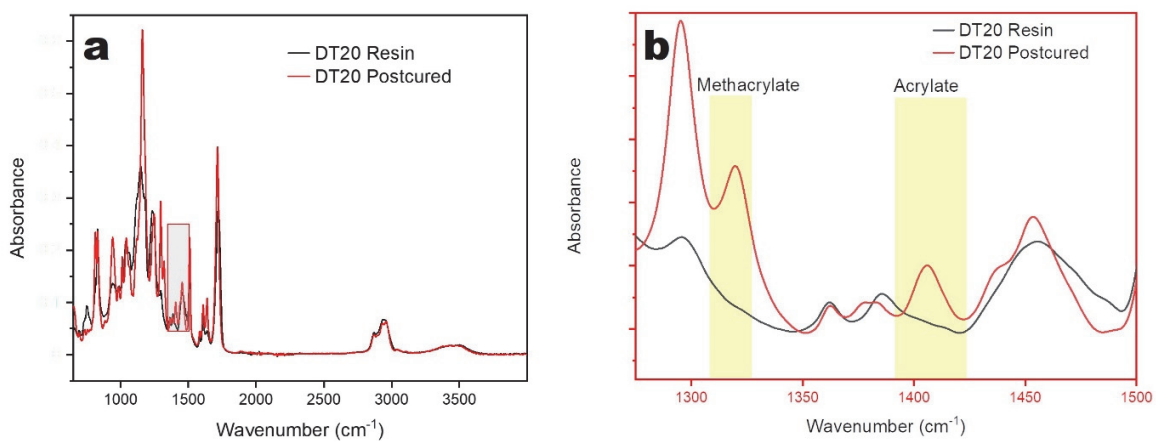

Figure S 2 (a) Full spectra of DT20 Resin and Postcured DT20, (b) Enlarged spectra of DT20 Resin and Postcured DT20

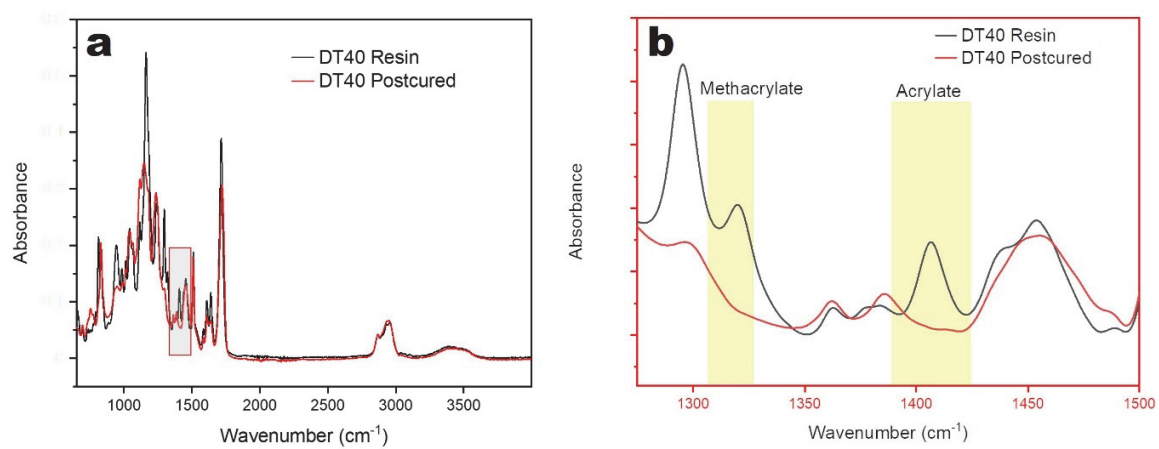

Figure S 3 (a) Full spectra of DT40 Resin and Postcured DT40, (b) Enlarged spectra of DT40 Resin and Postcured DT40

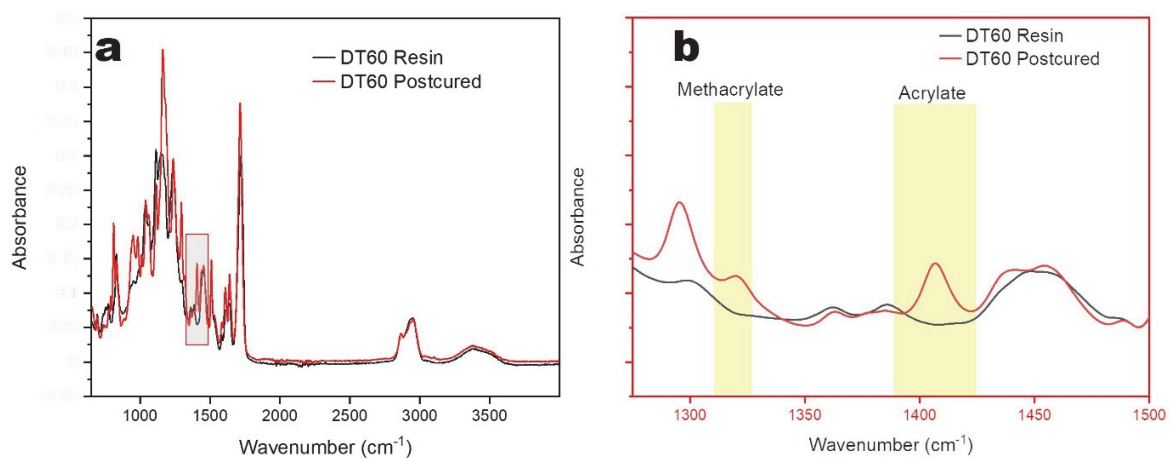

Figure S 4 (a) Full spectra of DT60 Resin and Postcured DT60, (b) Enlarged spectra of DT60 Resin and Postcured DT60

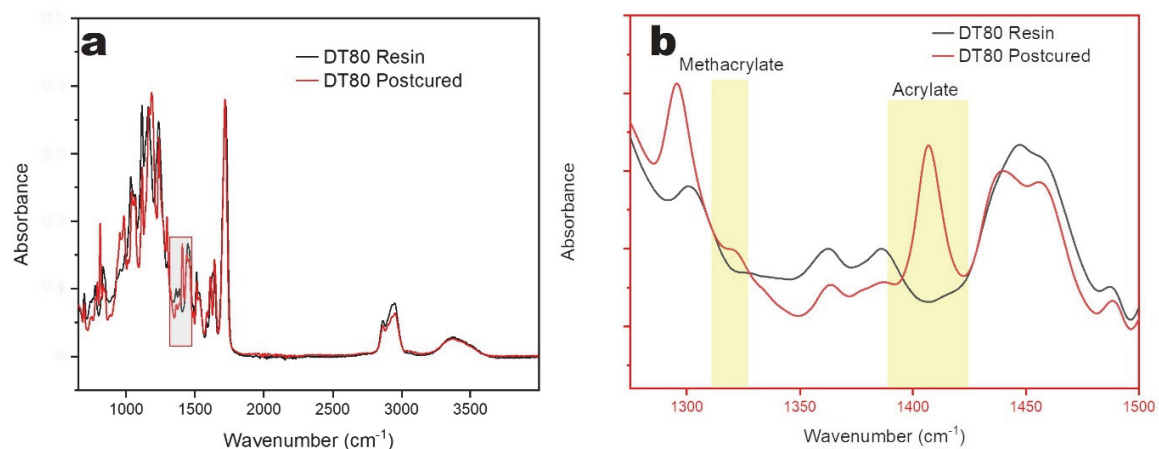

Figure S 5 (a) Full spectra of DT80 Resin and Postcured DT80, (b) Enlarged spectra of DT80 Resin and Postcured DT80

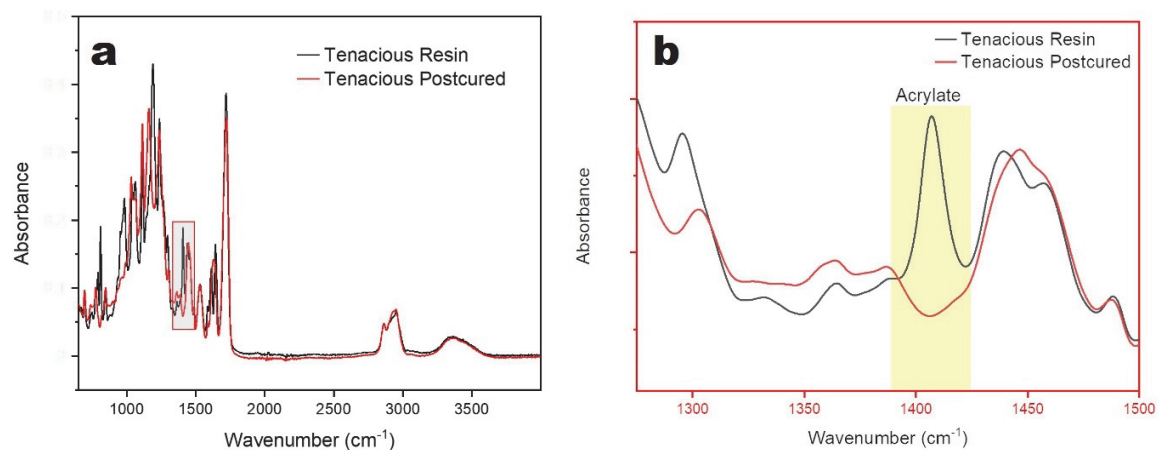

Figure S 6 Full spectra of Tenacious Resin and Postcured Tenacious, (b) Enlarged spectra of Tenacious Resin and Postcured Tenacious
