

COMPREHENSIVE LIST OF CHANGES

PAGE	NOTE	EDITORS' COMMENTS	AUTHORS' ANSWERS
1	1	Note change in title	We agree, because it was changed following a reviewer suggestion
1	2	Please carefully check the accuracy of names and affiliations. Changes will not be possible after proofreading	Checked. An update of the affiliation for the first author (see in the document) has been made.
4	3	We removed capitalized format, please confirm	Confirmed
4	4	Define if appropriate	We think it is not necessary. They are defined in the cited reference
7	5	We removed capitalized format, please confirm.	Confirmed. The word "translated" could be changed to lowercase initial
10	6	Define if appropriate	It was defined in the previous sentence: Chinese Academy of Sciences. We include the acronym after the term into the previous sentence
11	7	Define if appropriate	Ok, we have defined the SGEM acronym
11	8	Define if appropriate	Ok, we have defined all those acronyms
11	9	Please add the corresponding number	He has not a <i>ResearchGate</i> profile; so he has not a RG number
12	10	Is the italics necessary?	No, it is not necessary. It can be changed
12	11	Is the bold necessary?	No, it is not necessary. It can be changed
14	12	Define if appropriate	We think it is not necessary. It is defined in the cited reference
15	13	We removed capitalized format, please confirm.	Confirmed
15	14	Can this be normal font?	Yes, it can be normal font. You can change it
15	15	Is the vertical position necessary?	No, it is not necessary, but we think that vertical position is better for the table composition
15	16	Is the bold necessary?	No, it is not necessary. It can be changed
15	17	Do the asterisk have an explanation? Is yes, please add it as table footnote.	Yes, the asterisk is a commonly used wildcard symbol that broadens a search by finding words that start with the same letters. We have used it with distinctive word stems to retrieve variations of a term with less typing. We have added a sentence in the table footnote
18	18	We removed capitalized format, please confirm.	Confirmed
18	19	Do the asterisk have an explanation? If yes, please add table	Yes, the asterisk is a commonly used wildcard symbol that

		footnote.	broadens a search by finding words that start with the same letters. We have used it with distinctive word stems to retrieve variations of a term with less typing. We have added a sentence in the table footnote
20	20	Is the italics necessary?	No, it is not necessary. It can be changed
21	21	Define if appropriate	We have defined DEM only the first time it appears
21	22	Define if appropriate	Ok, we have defined MERIT acronym.
21	23	Define if appropriate	Ok, we have change the words order of the sentence, and change the BEST acronym by its own name (Bare-Earth DEM)
23	24	Define if appropriate	We think it is not appropriate, because it would lengthen the text unnecessarily, and they are acronyms well known by the scientific-technical community
23	25	Define if appropriate	We think it is not appropriate, it is the acronym of a flood damage model in Netherlands language, and it is an acronyms well known by the scientific-technical community
23	26	Define if appropriate	Ok, we have defined FEMO acronym
23	27	Define if appropriate	Ok, we have defined HAZUS-MH acronym
24	28	This was a collection of papers on this subject submitted on the MDPI website; please state the ones you mentioned in the paper.	We refer to the Editorial paper to be included in the Special Issue "Flood Risk Assessments: Applications and Uncertainties", already under edition, but without DOI number. Please, add it when the complete reference will be established by the IS editors
24	29	Please add volume and confirm pages.	It has been completed, adding the volume and pages.
25		(text highlighted in yellow)	We don't understand what does it mean and if any changes are necessary
26	30	Is this necessary? Can this be deleted.?	No, it is not necessary. It can be deleted
