

Layout of species in the dimensions 1 and 2 of the factor space (FAMD of invasive species)

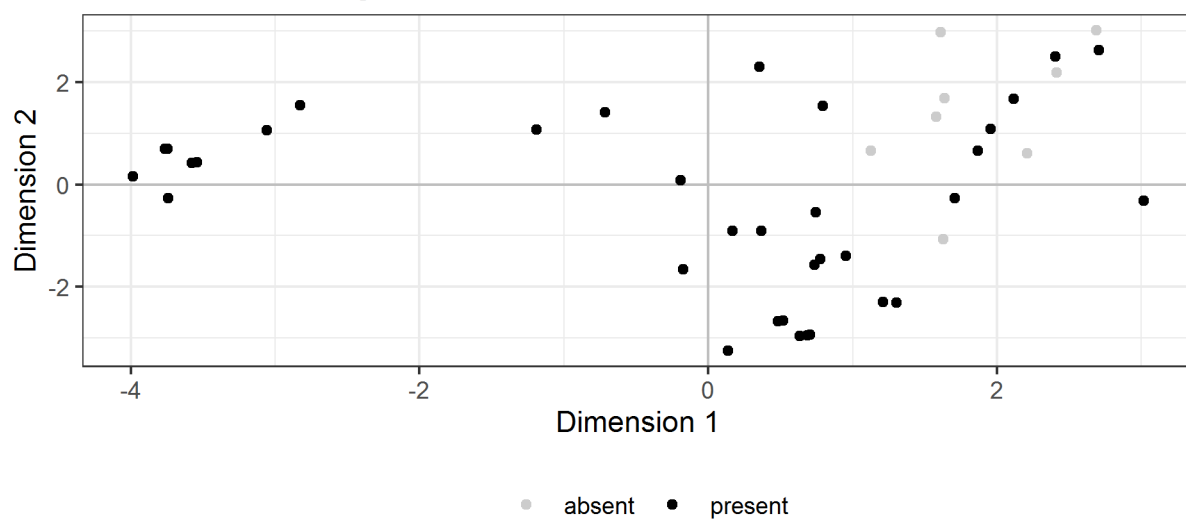

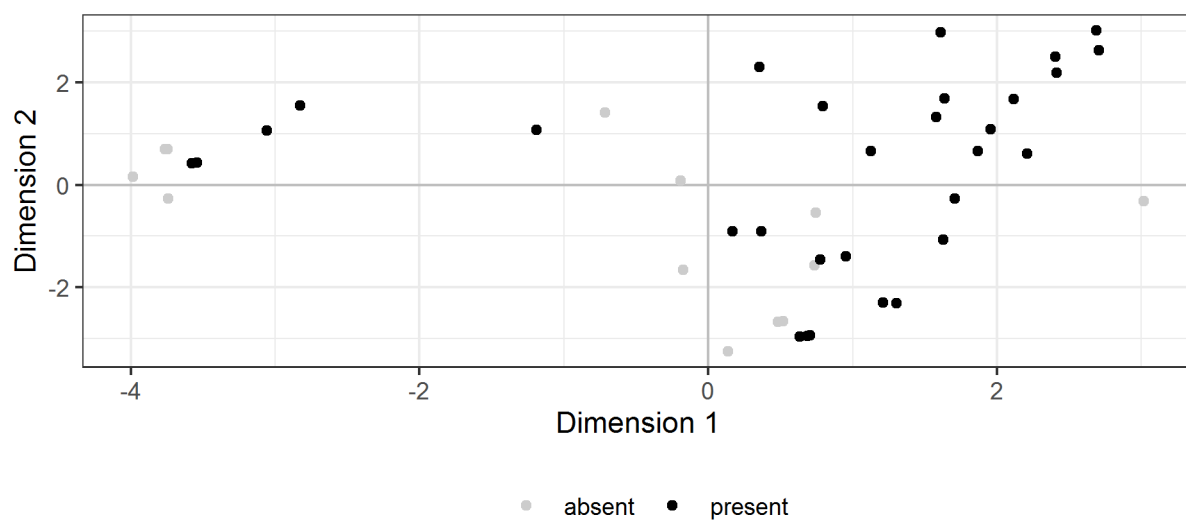

Long-range sex pheromones

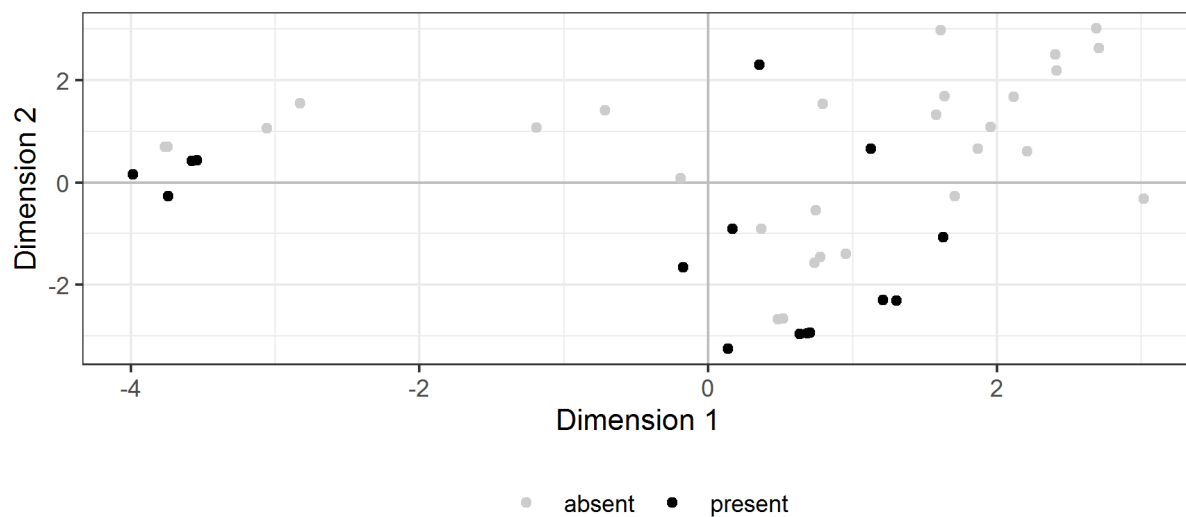

Maturation feeding

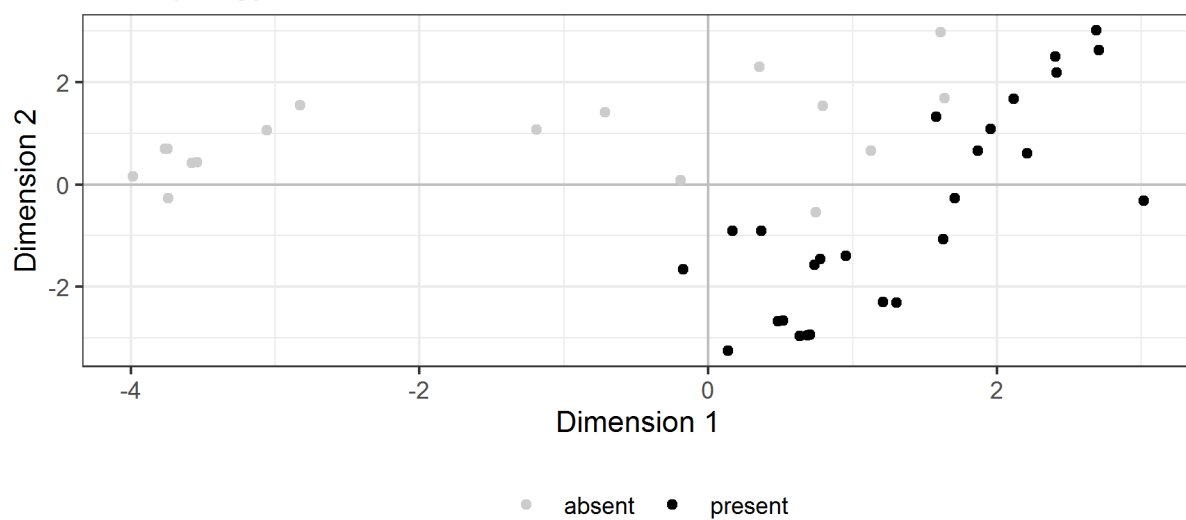

Monovoltine

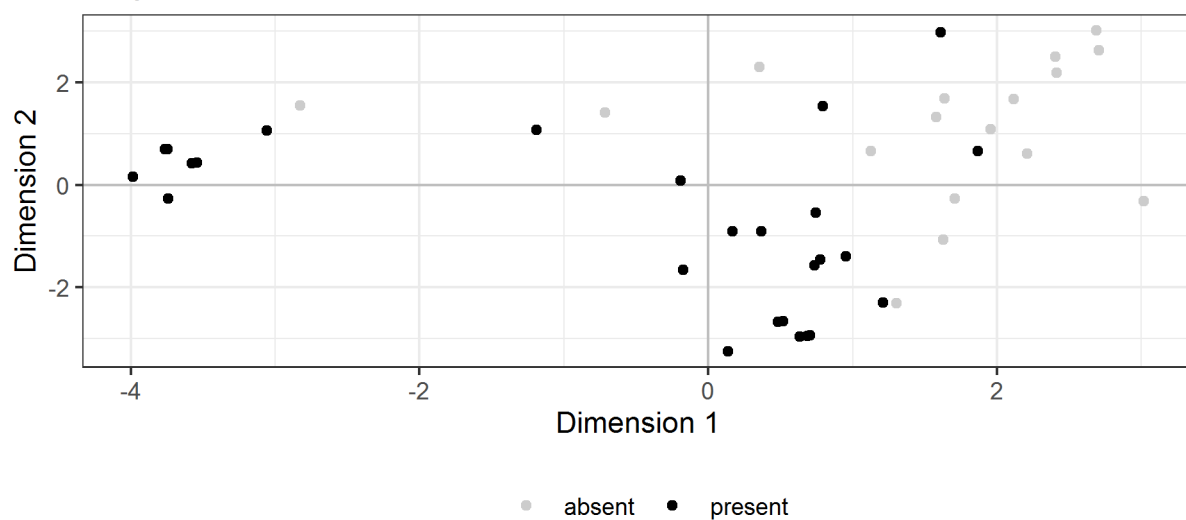

Pathogenes association

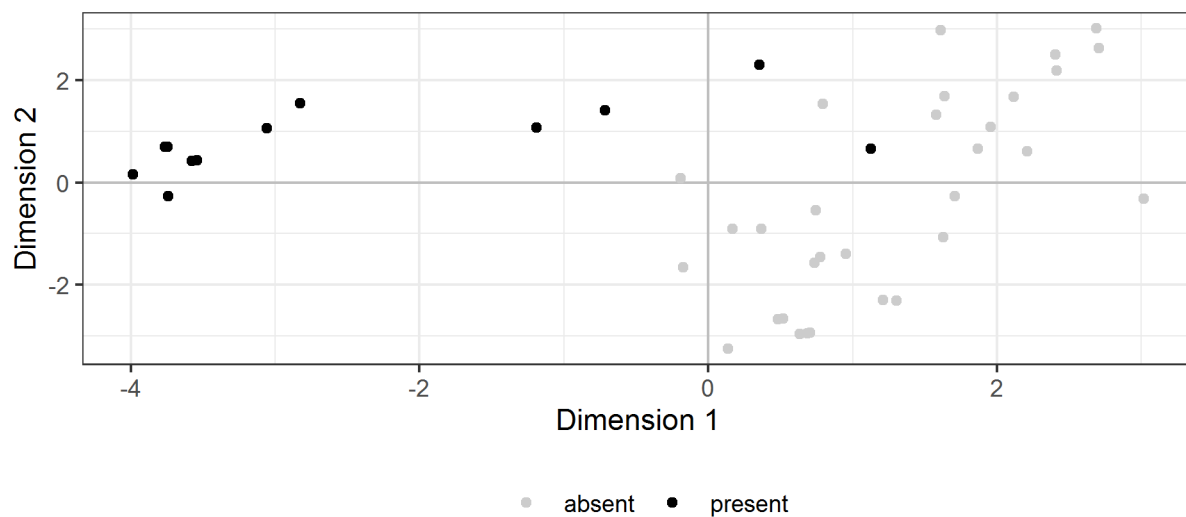

Phleophagy

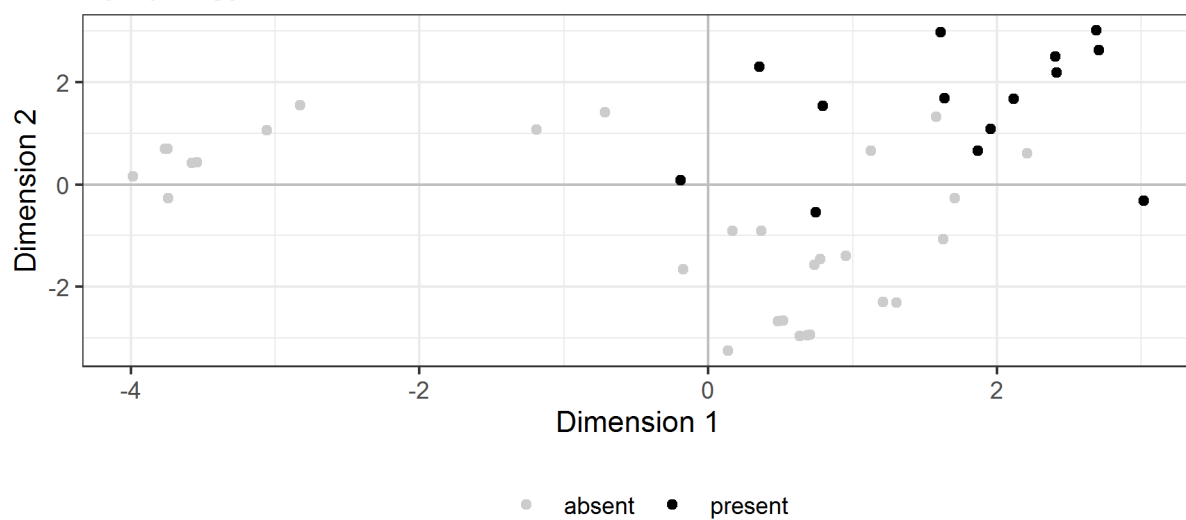

Polyvoltine

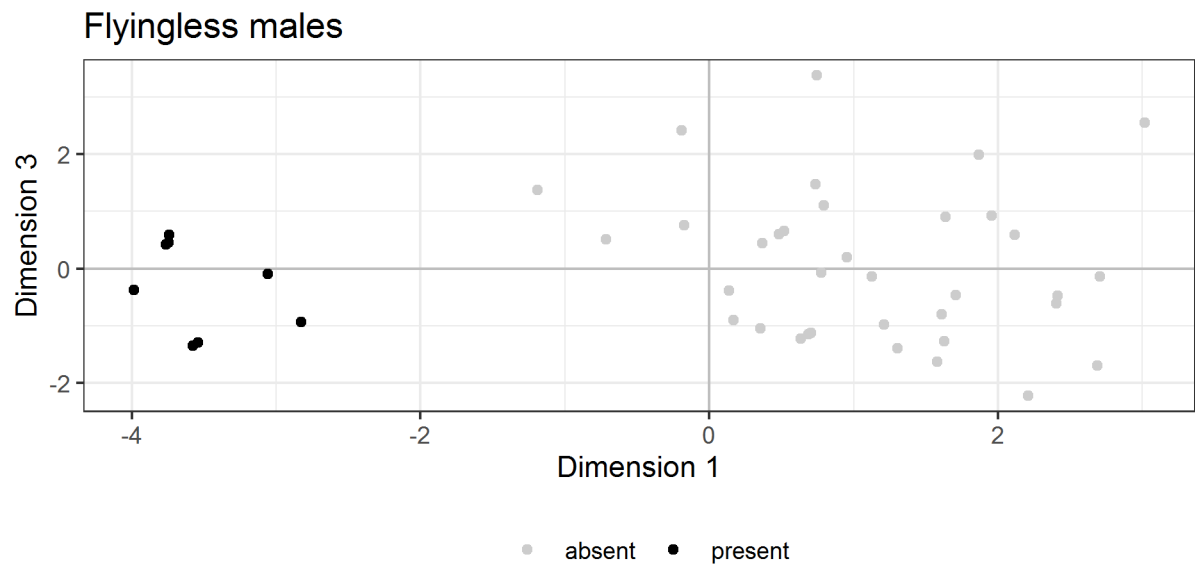

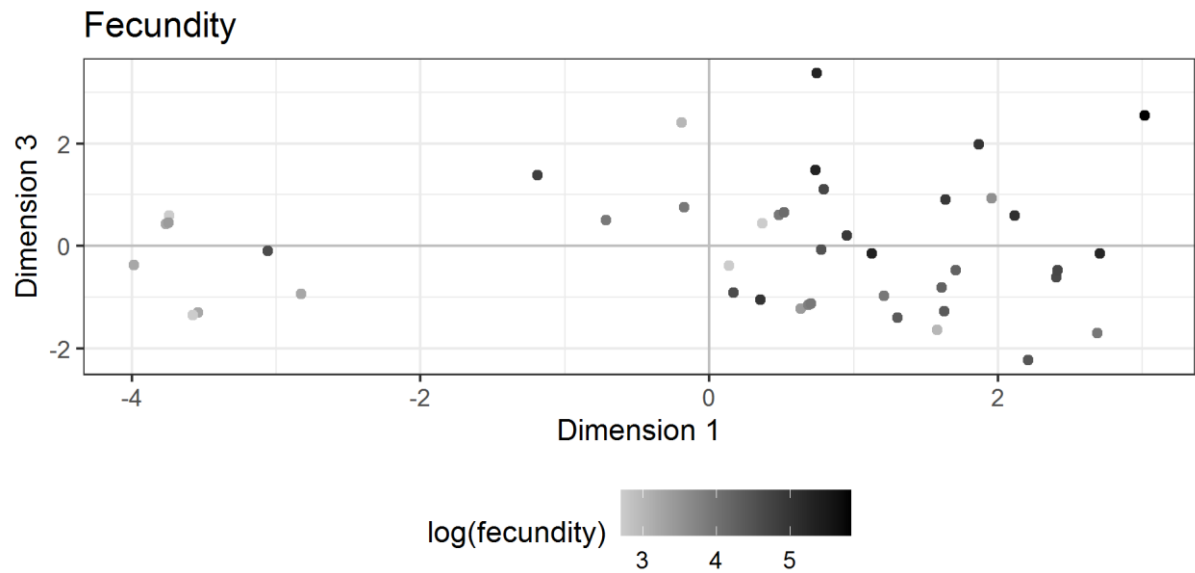

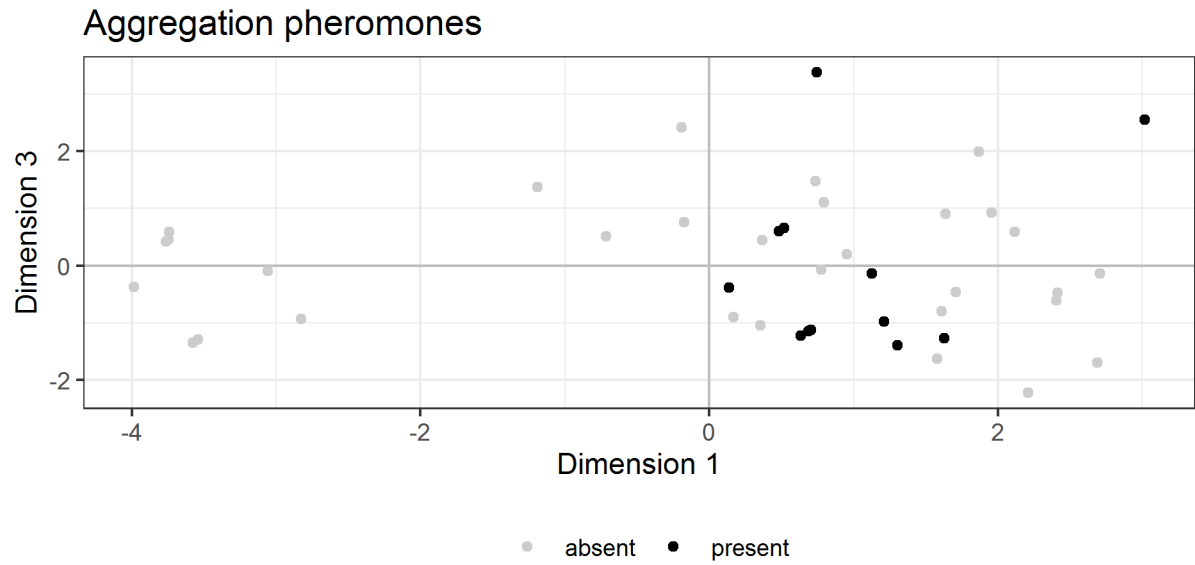

Xylomycetophagy

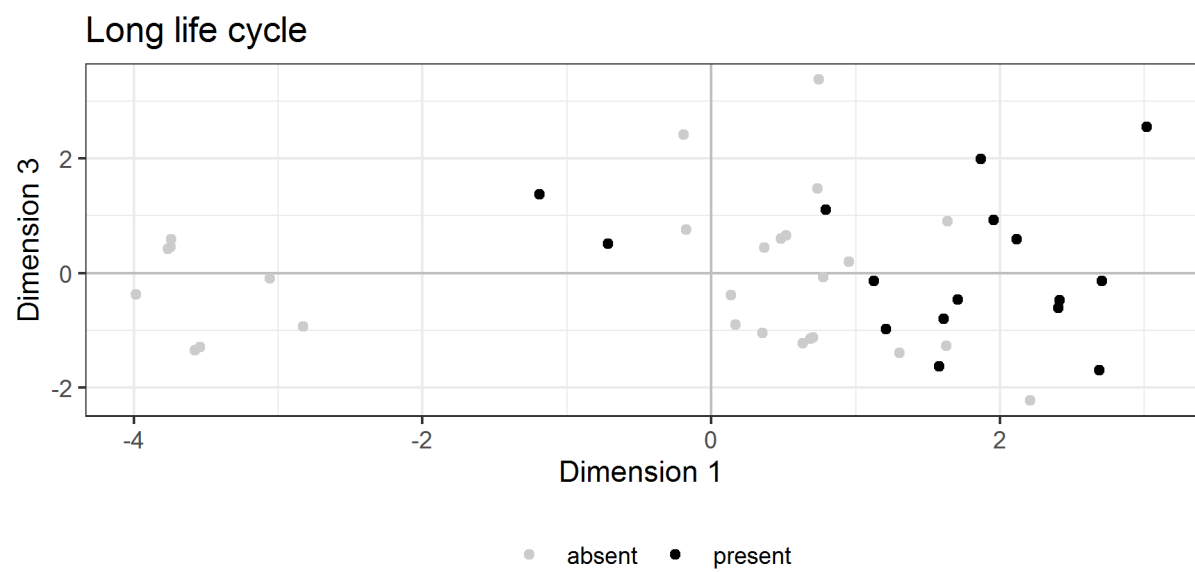

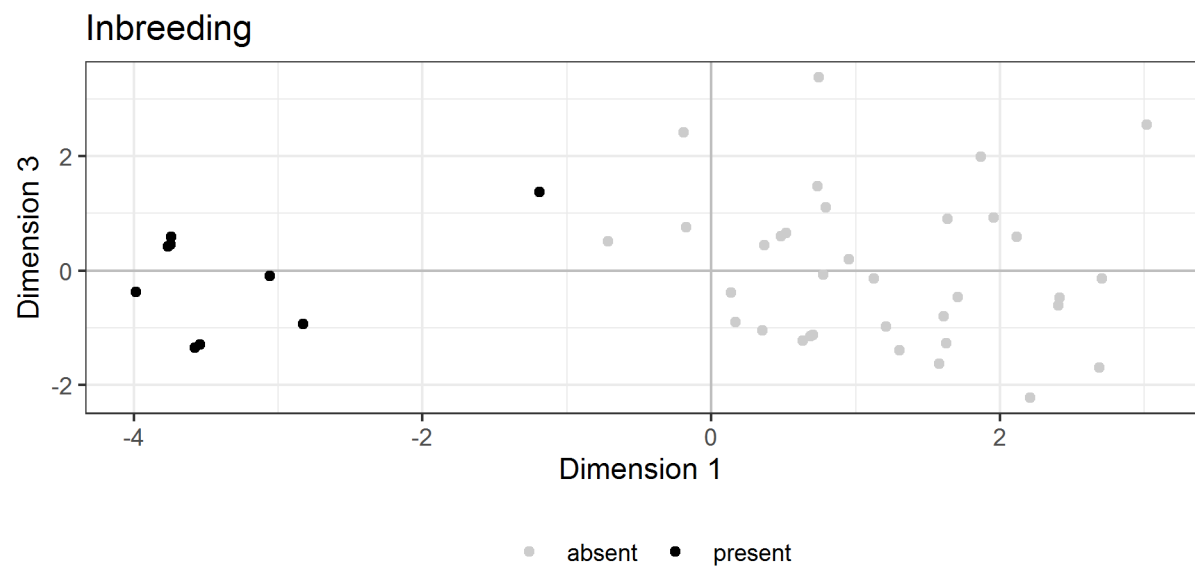

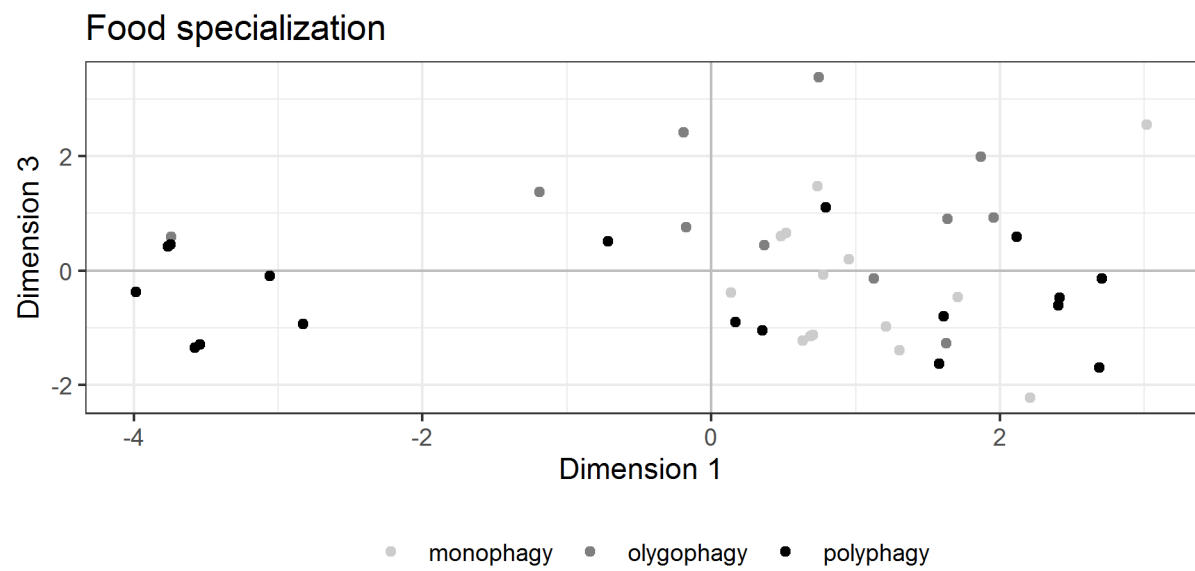

Xylophagy

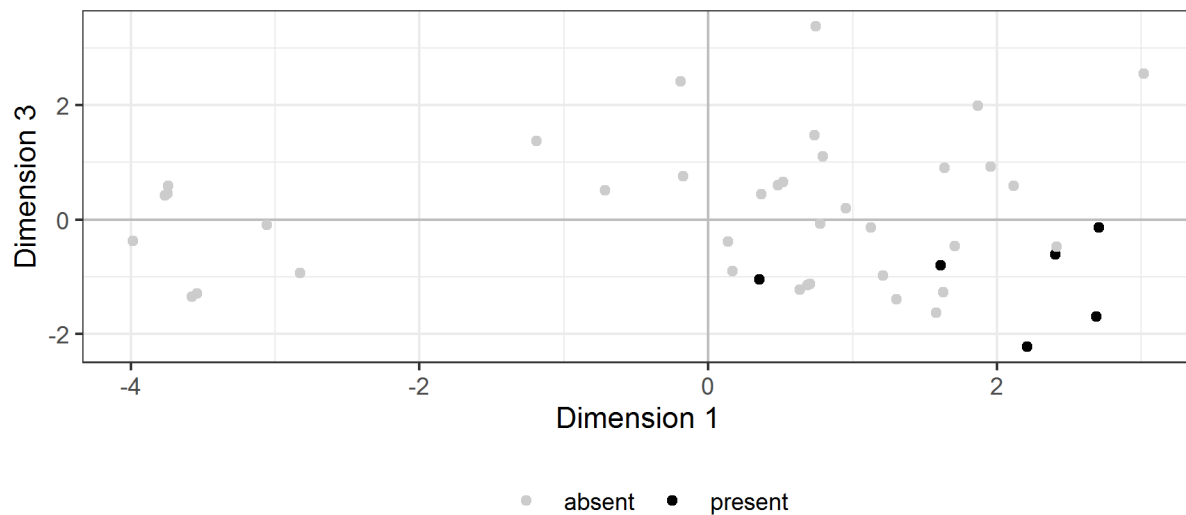

Layout of species in the dimensions 1 and 3 of the factor space (FAMD of invasive species)

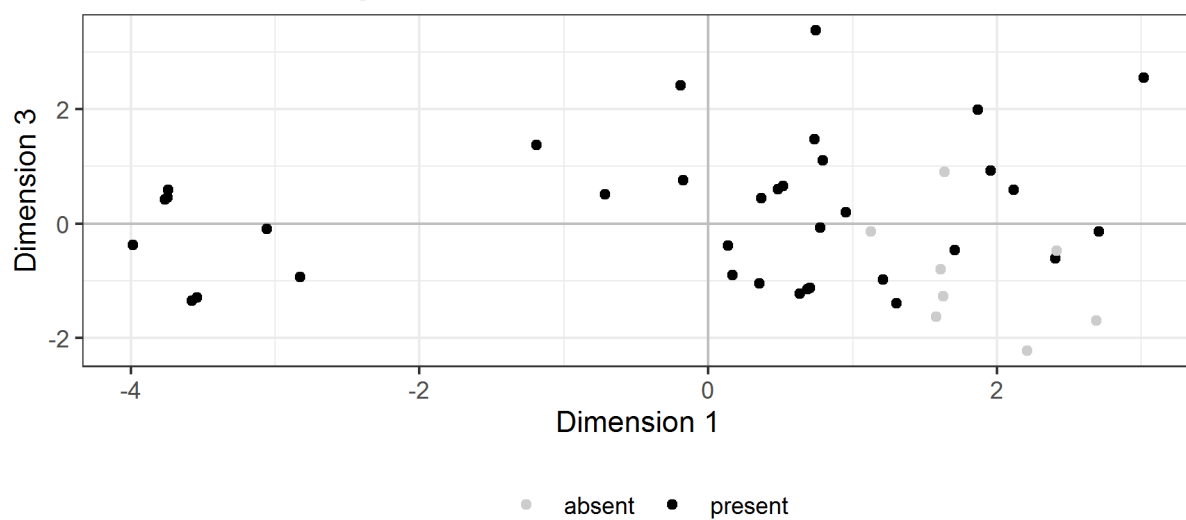

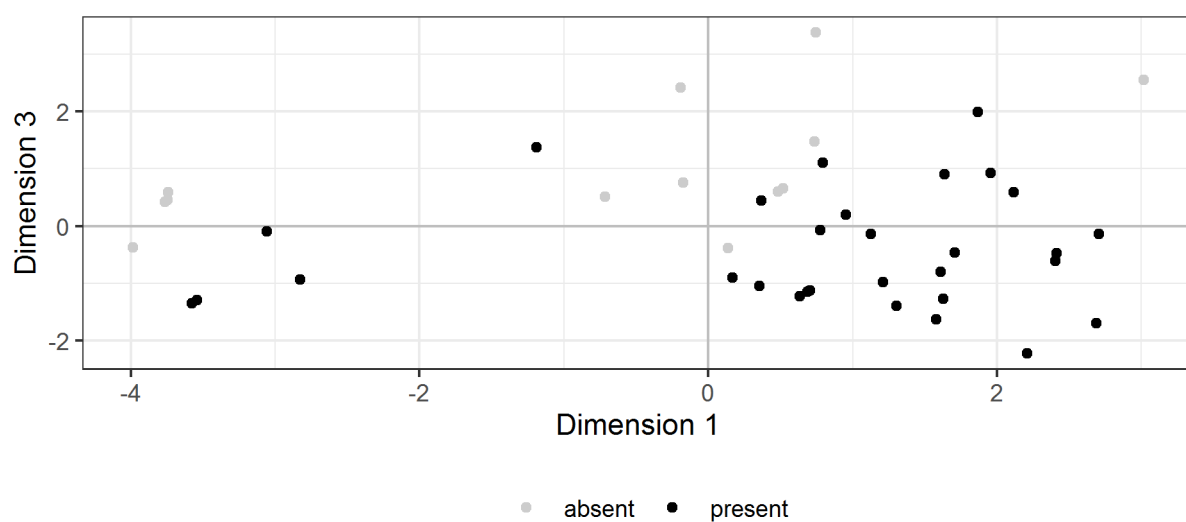

Long-range sex pheromones

Maturation feeding

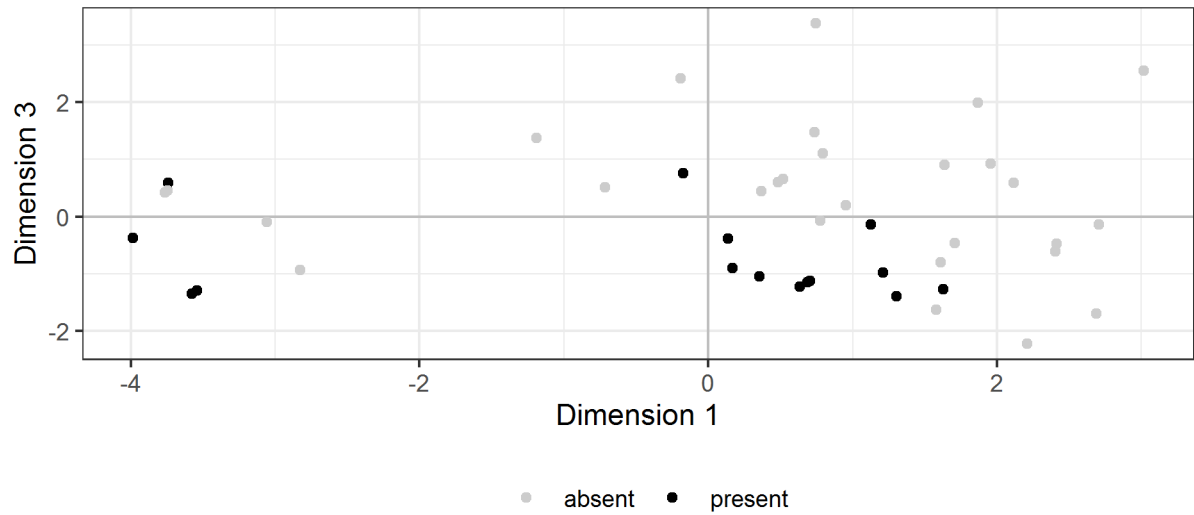

Monovoltine

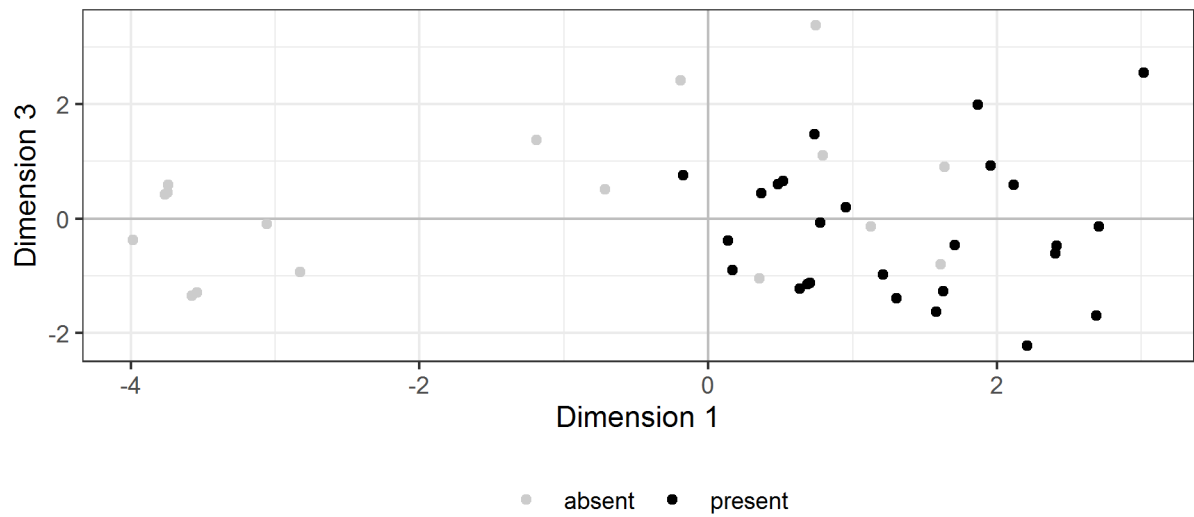

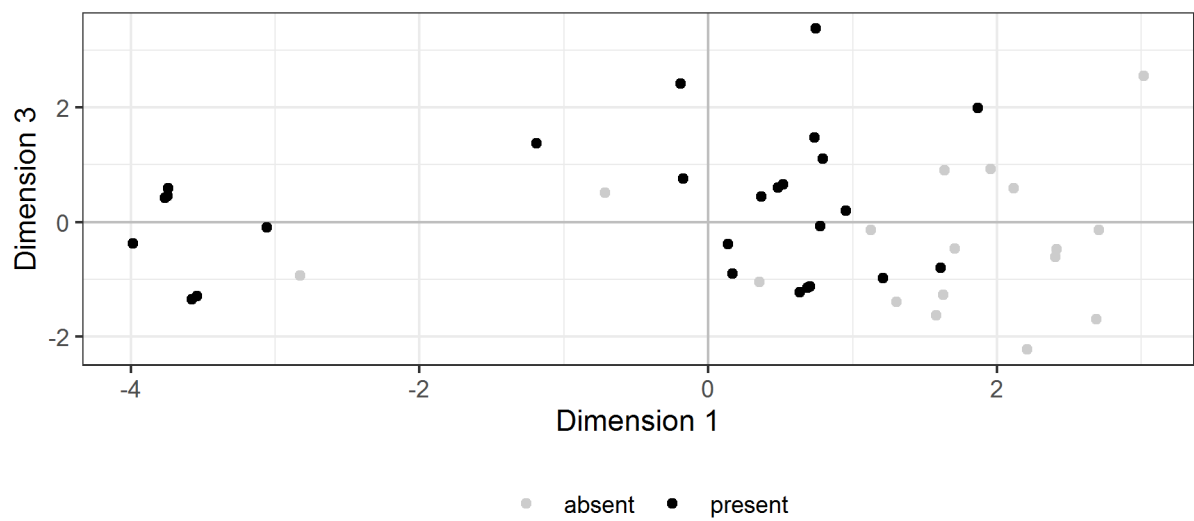

Pathogenes association

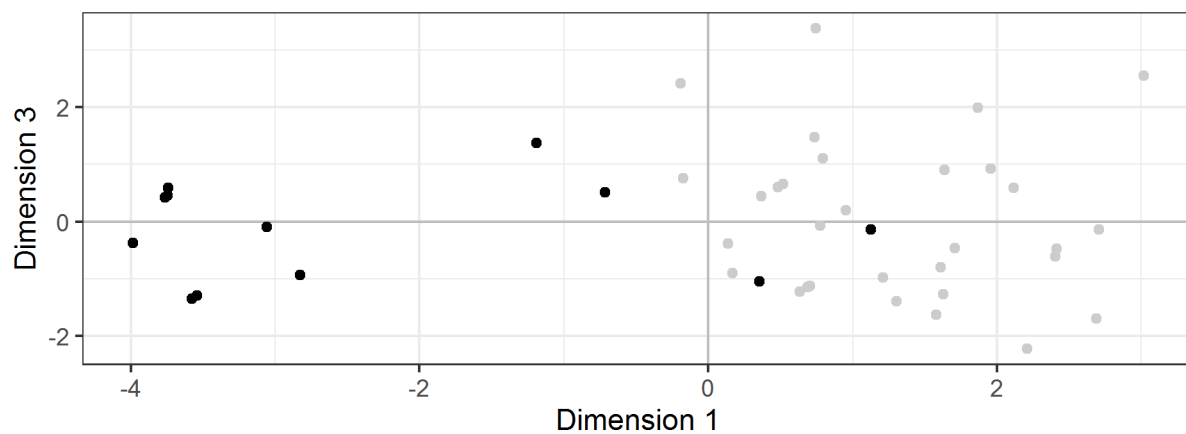

Phleophagy

Polyvoltine

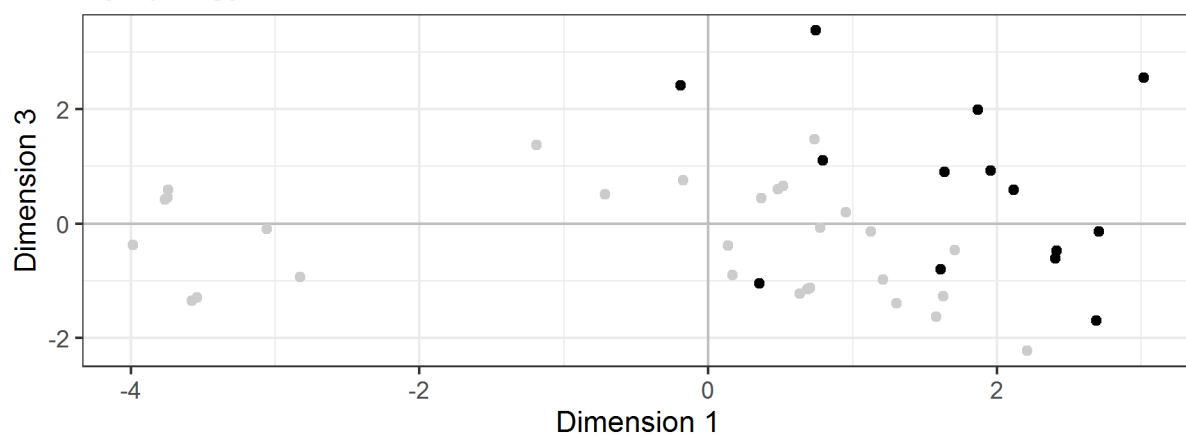

### Xylomycetophagy

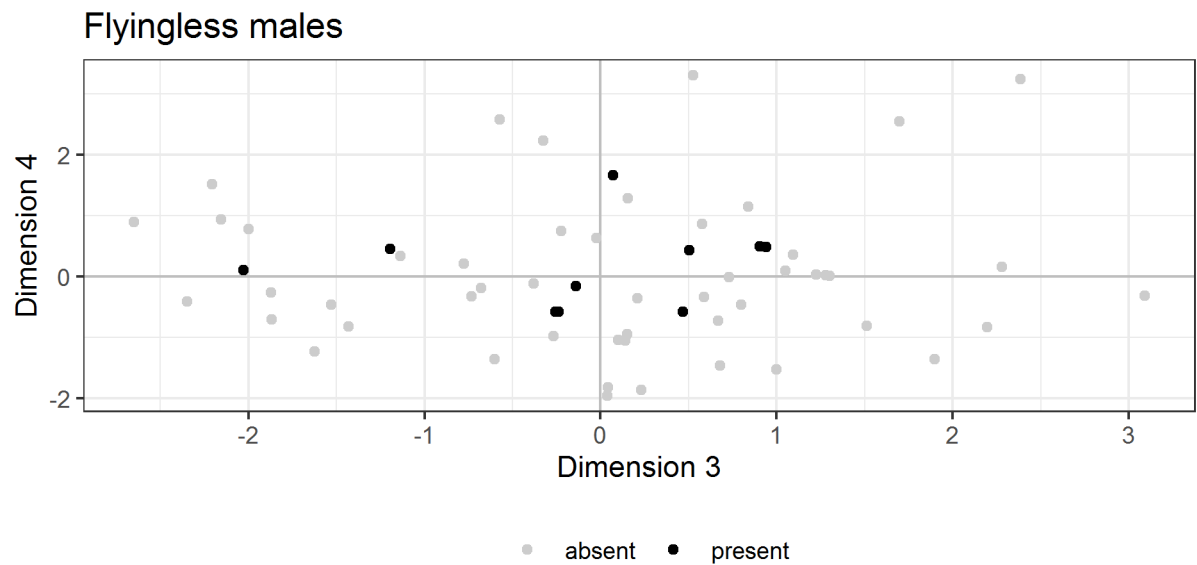

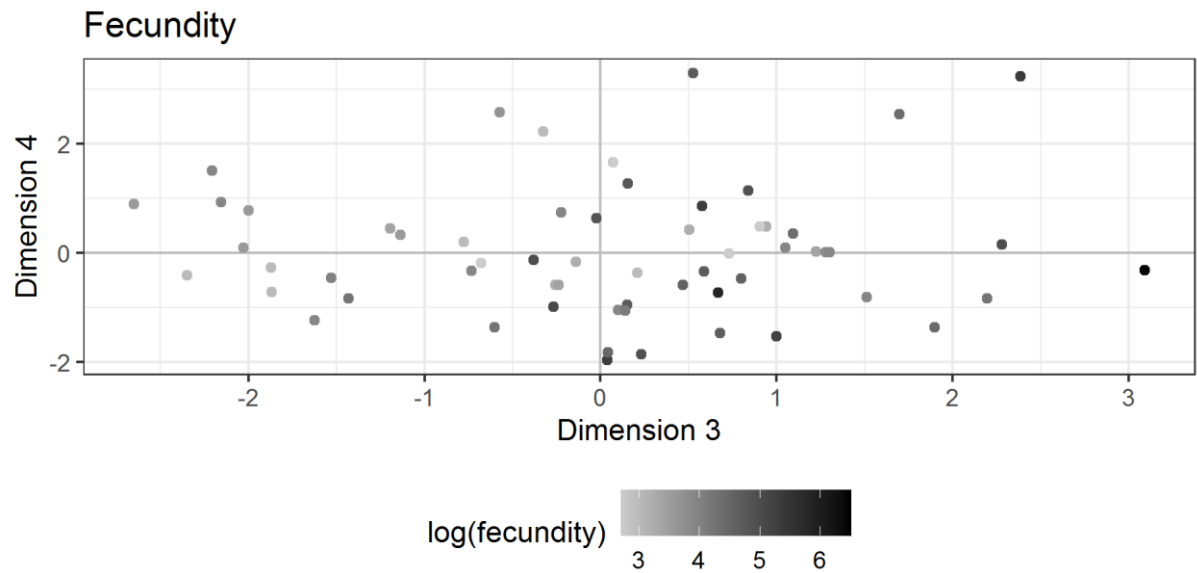

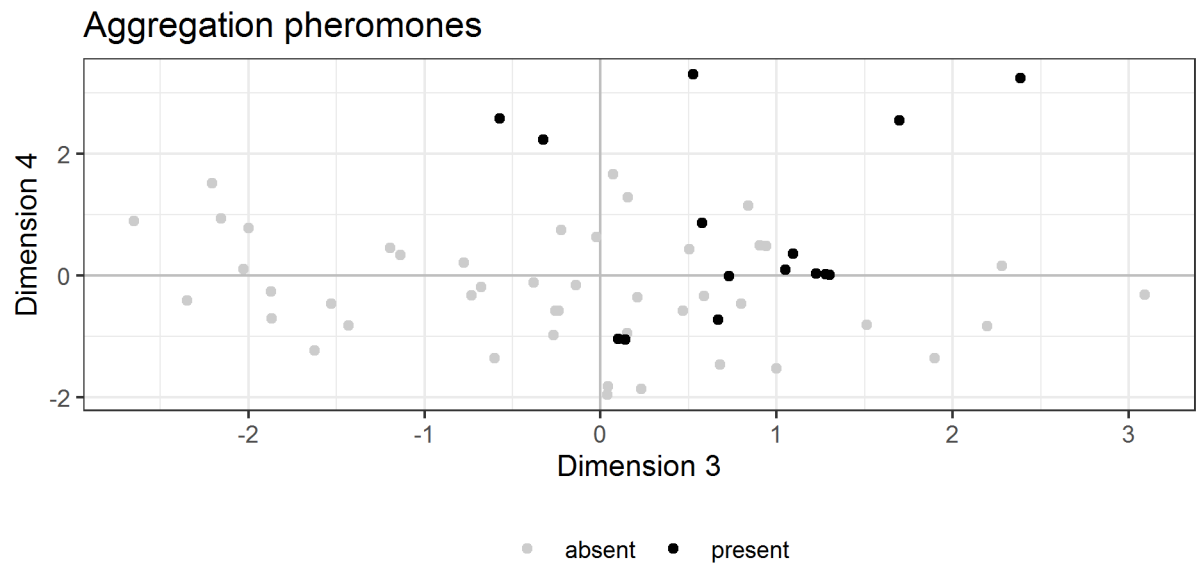

● absent ● present

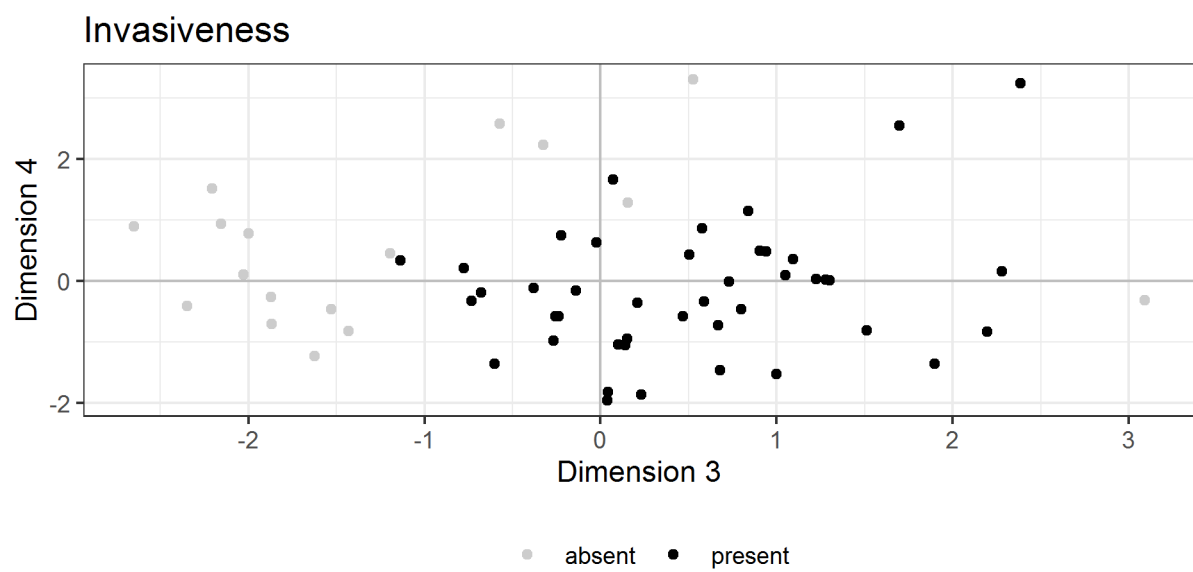

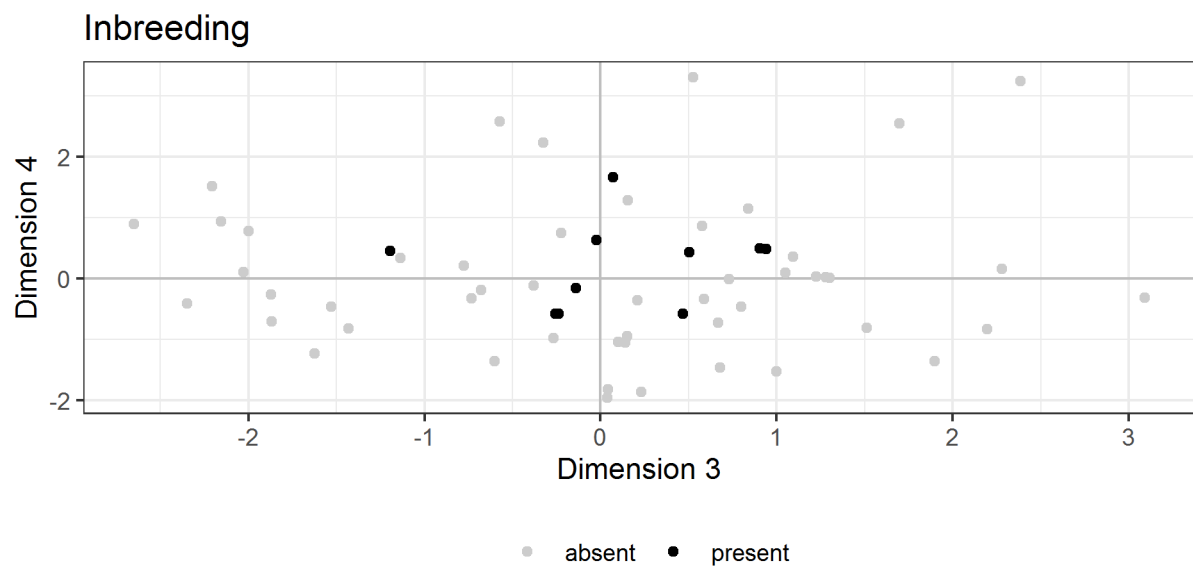

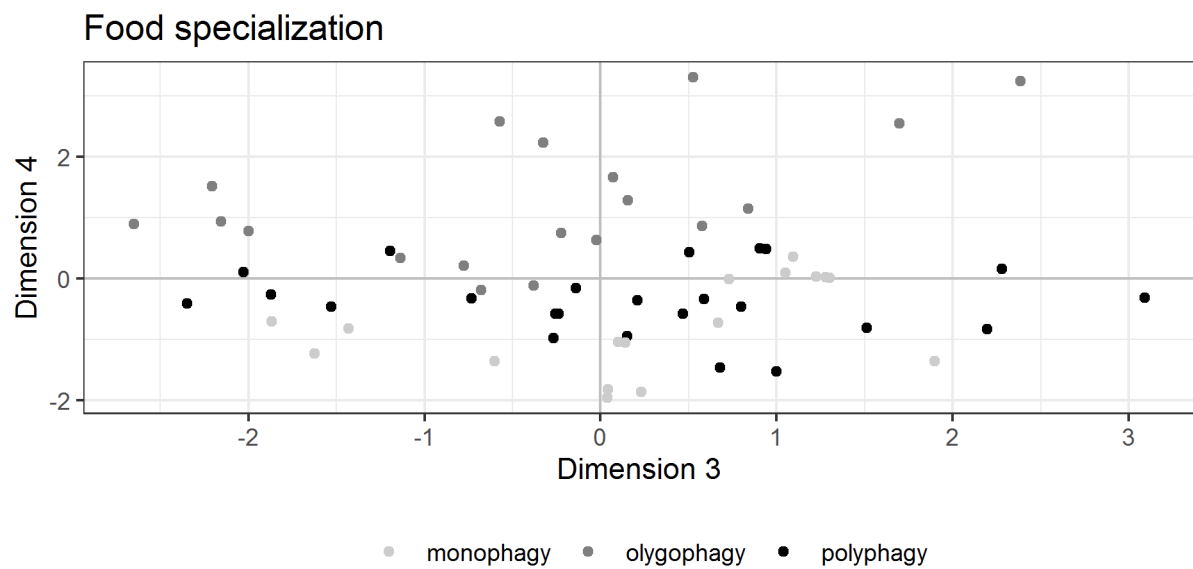

### Xylophagy

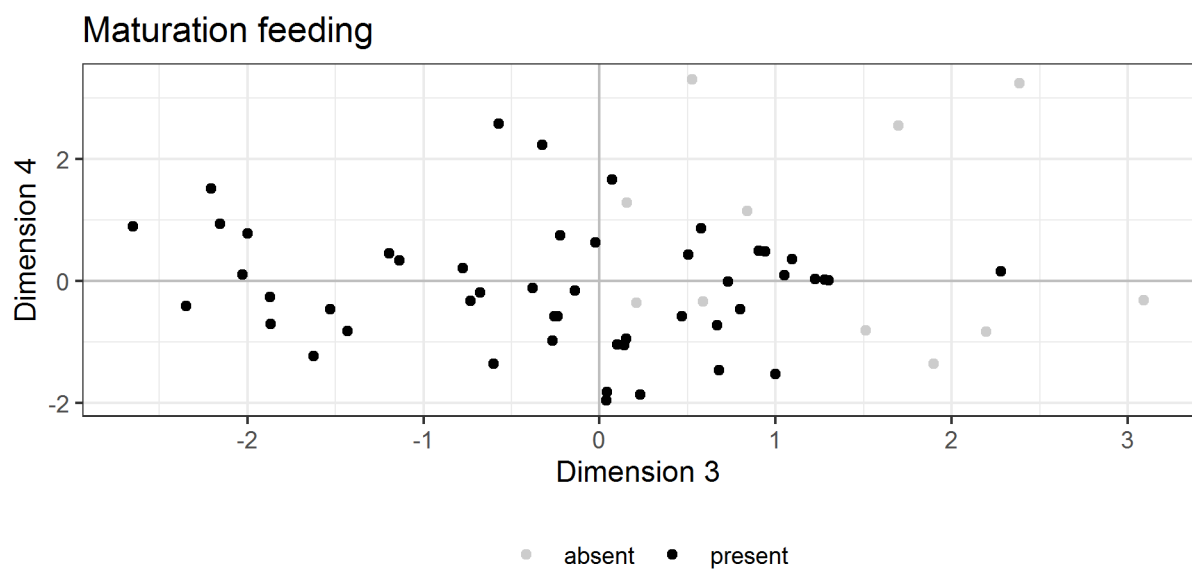

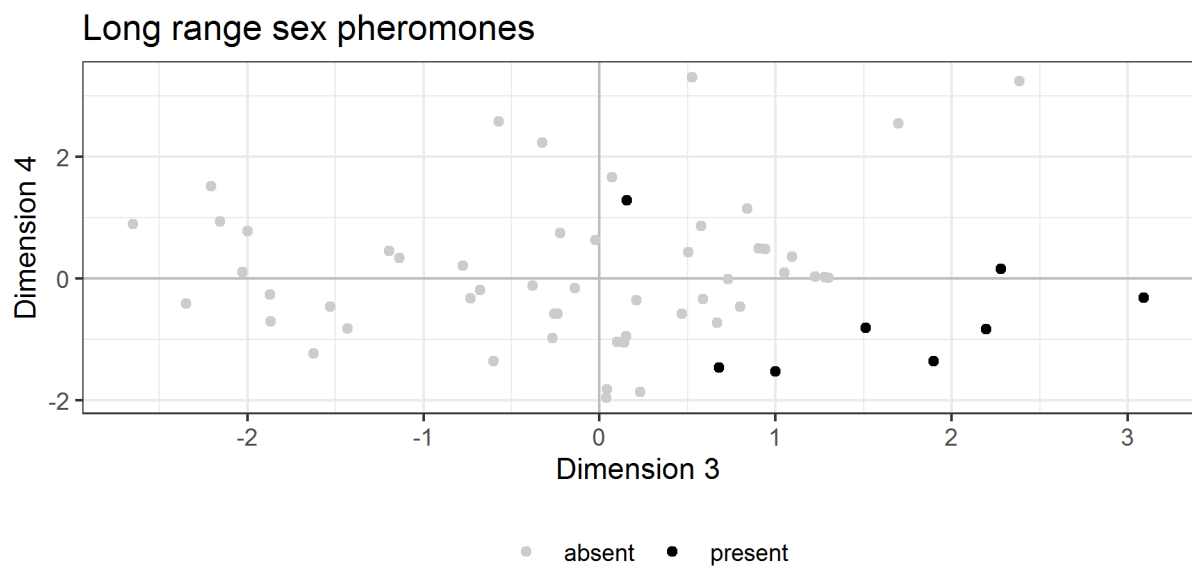

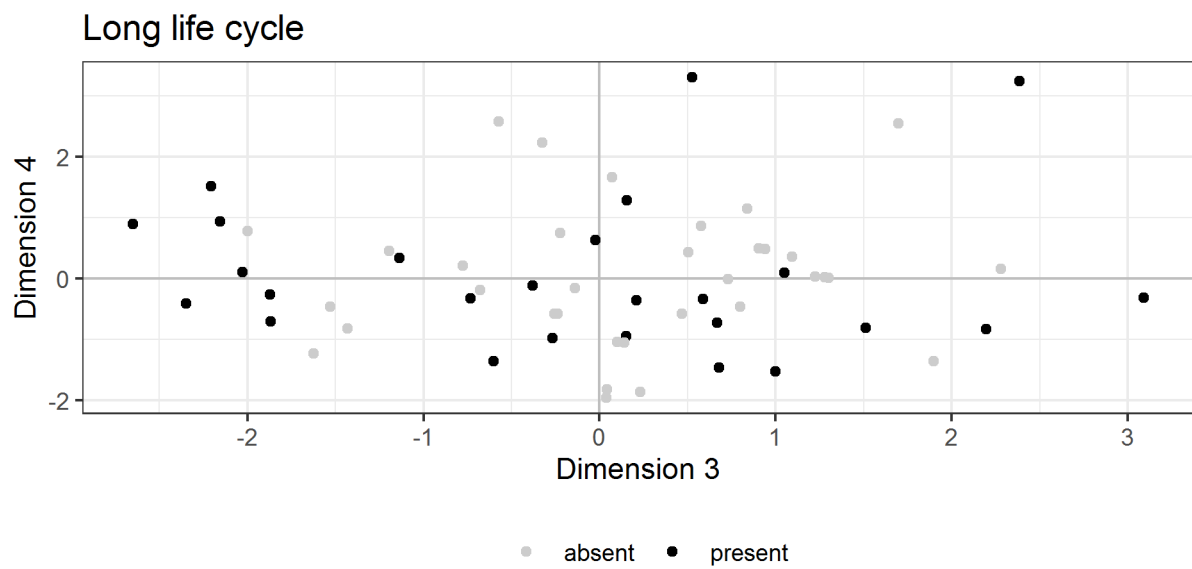

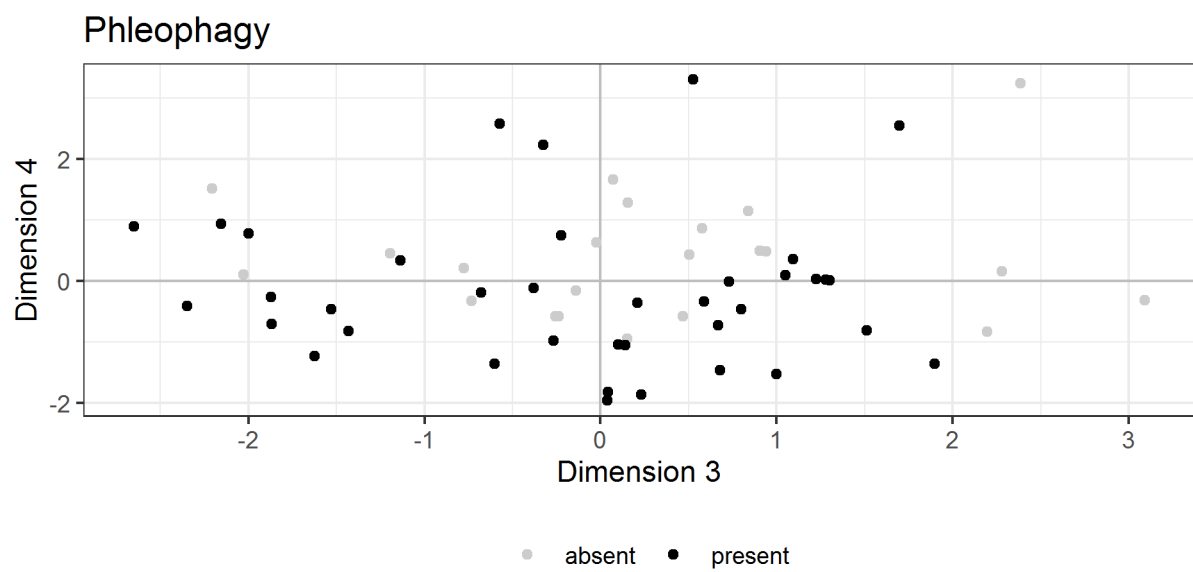

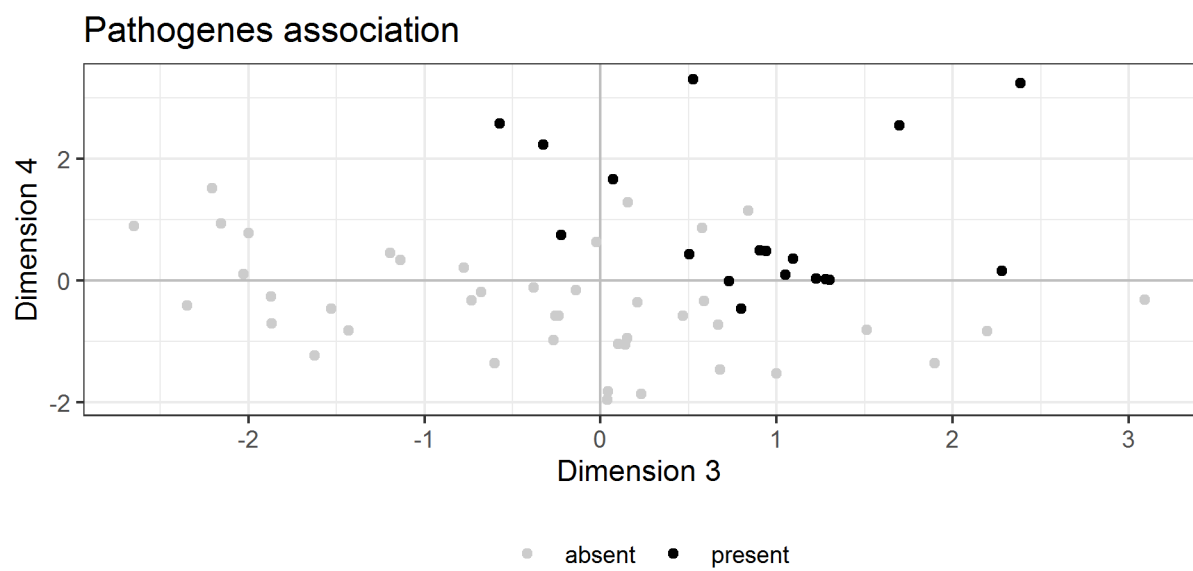

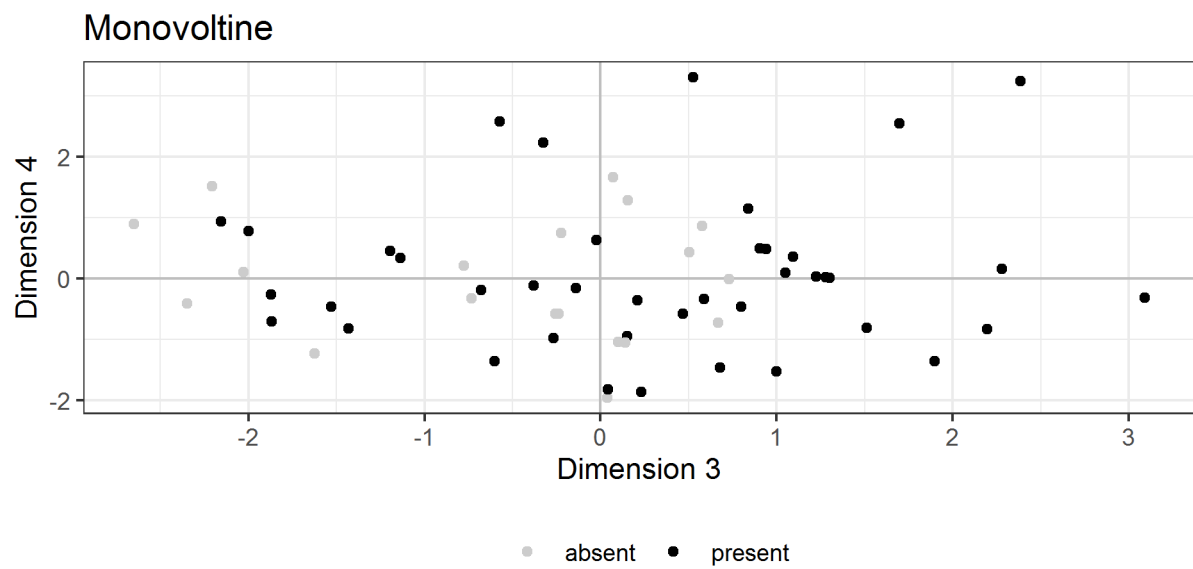

● absent ● present

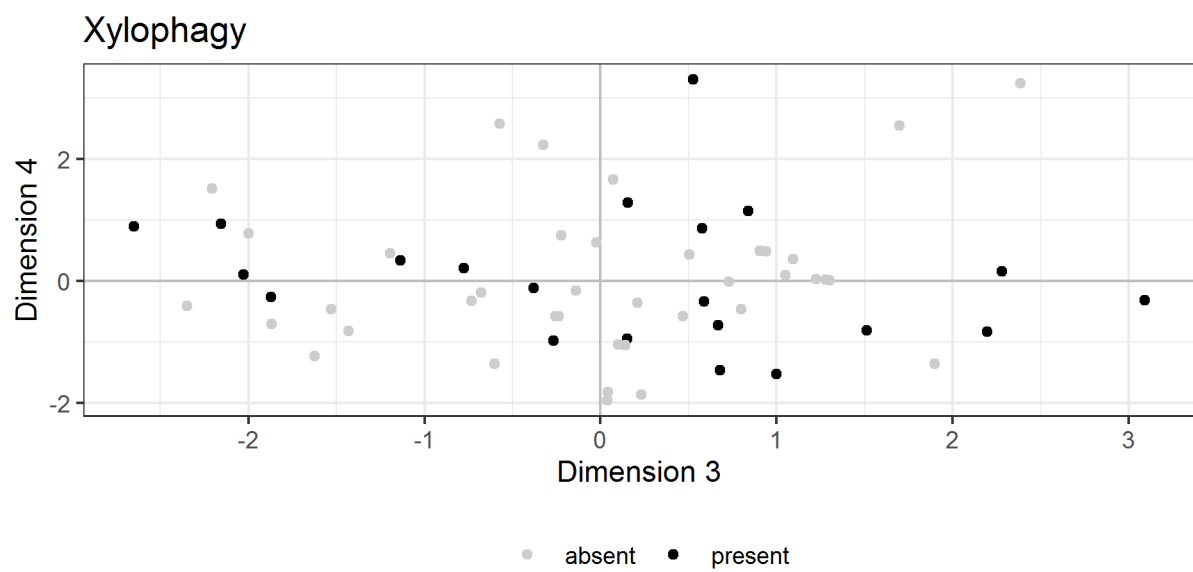

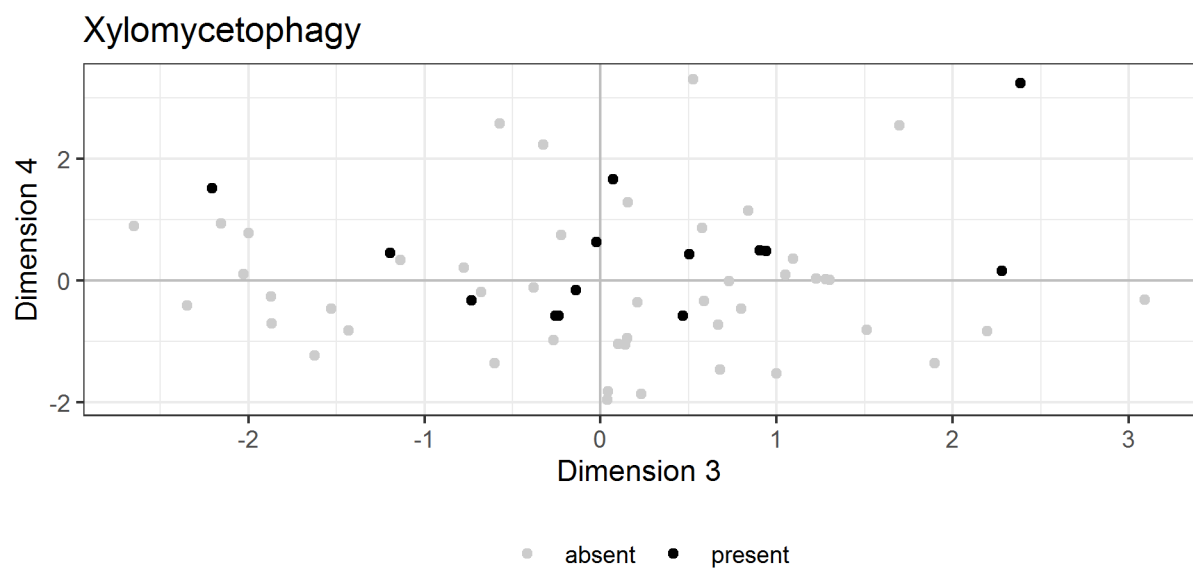

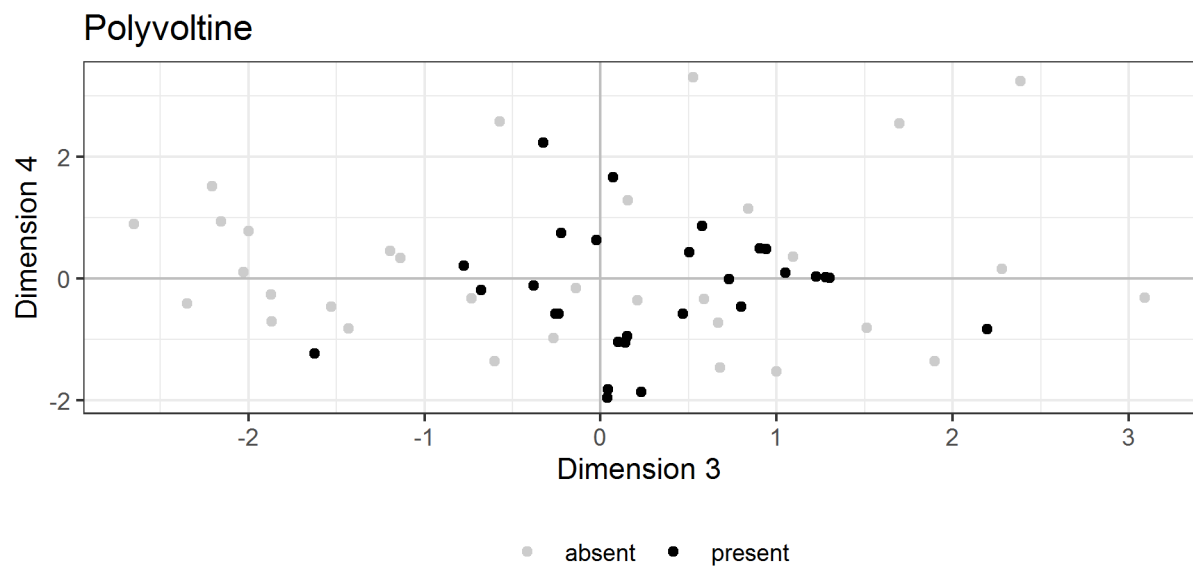

Layout of species in the dimensions 3 and 4 of the factor space (FAMD of invasive vs. non-invasive species)

Layout of species in the dimensions 3 and 6 of the factor space (FAMD of invasive vs. non-invasive species)
