

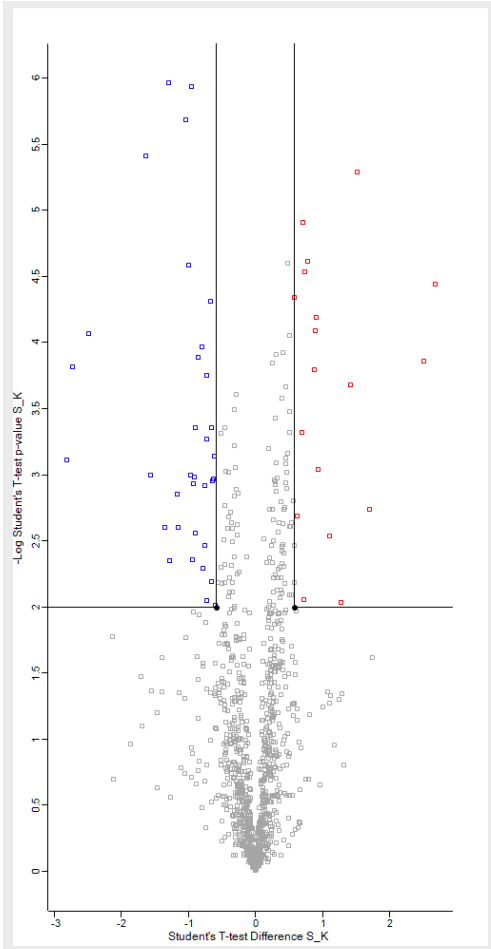

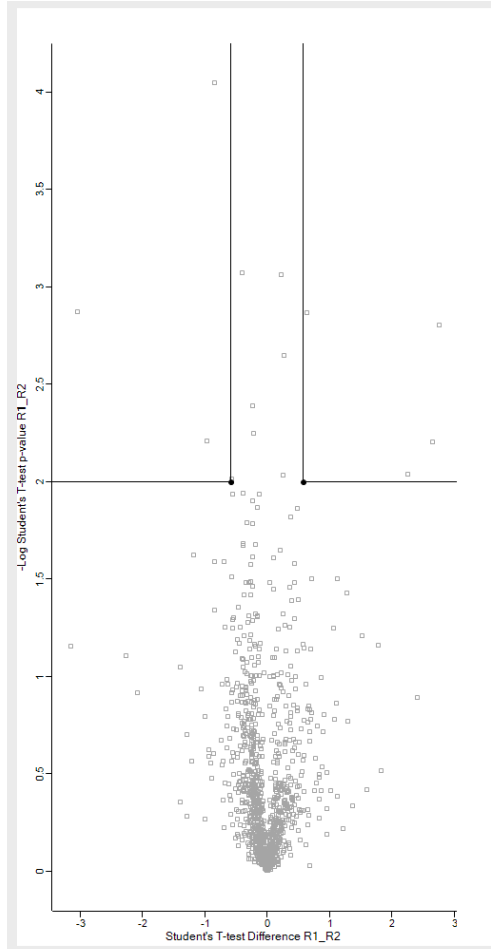

**Figure S1: Scatter plots of hBD3 samples**

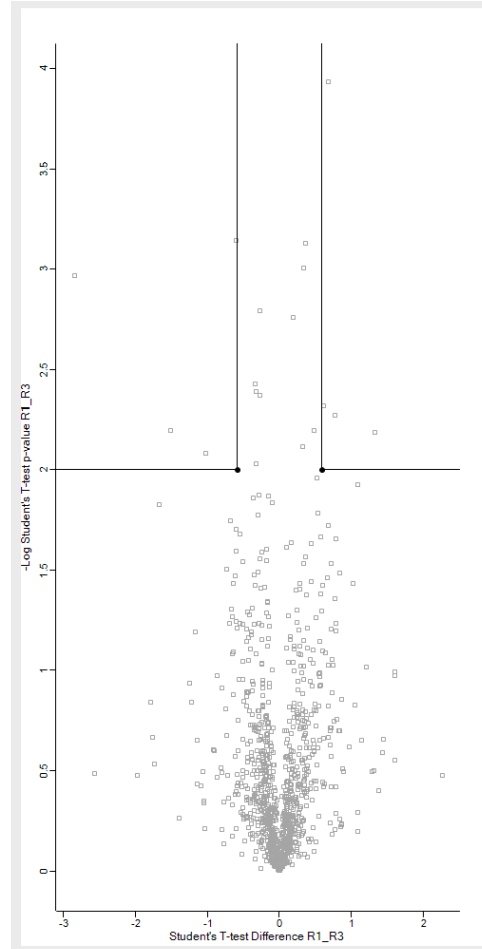

stress vs control

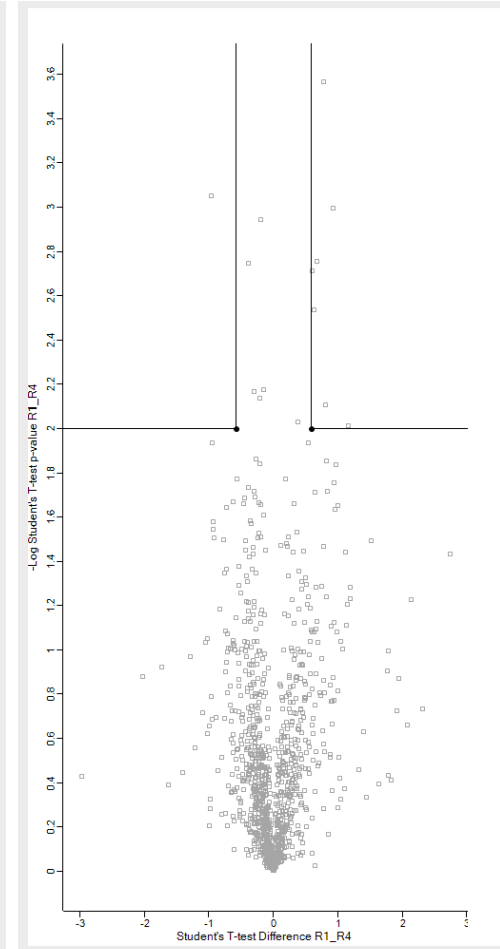

rep 1 vs rep 2

rep 1 vs rep 3

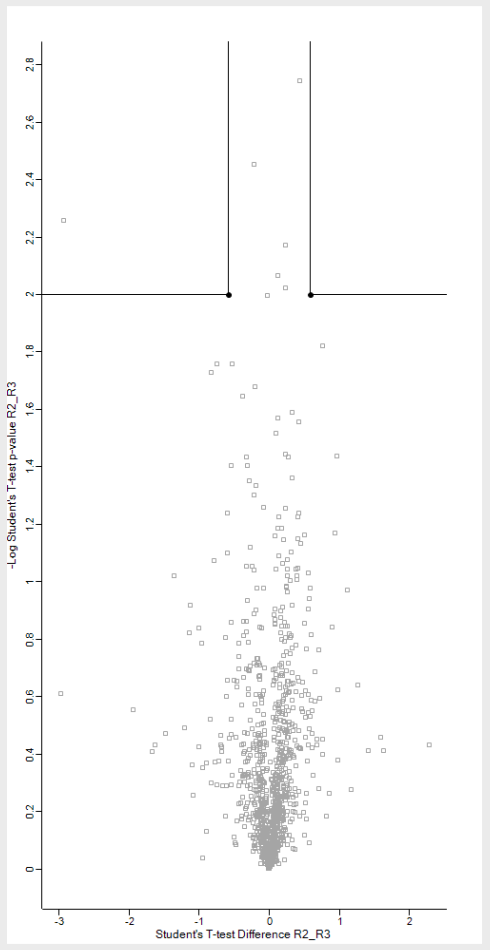

rep 1 vs rep 4

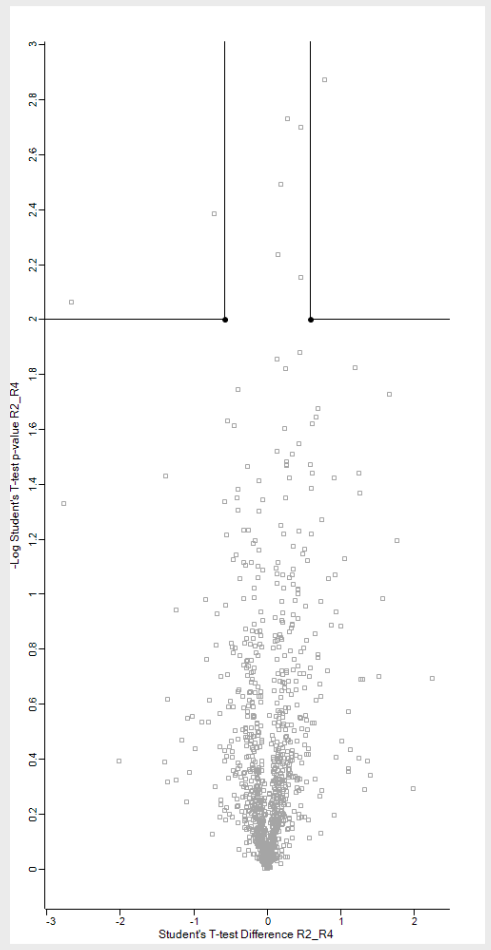

Note that on/off proteins are not shown as significantly changed proteins as no valid fold change and p-value can be assigned to them.

Figure S1: Scatter plots of hBD3 samples (continued)

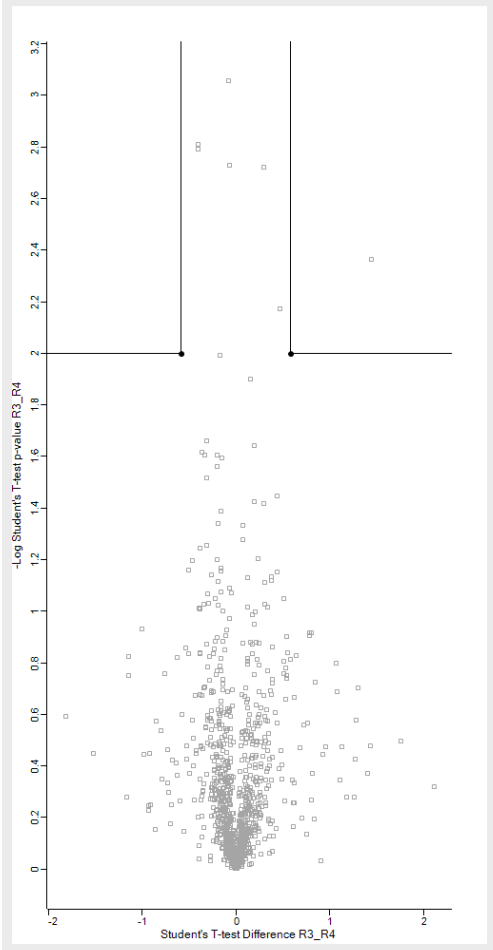

rep 2 vs rep 3

rep 2 vs rep 4

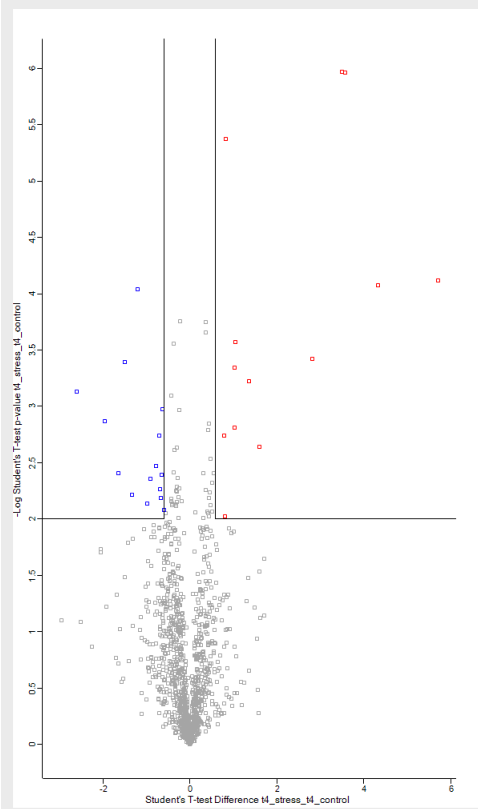

rep 3 vs rep 4

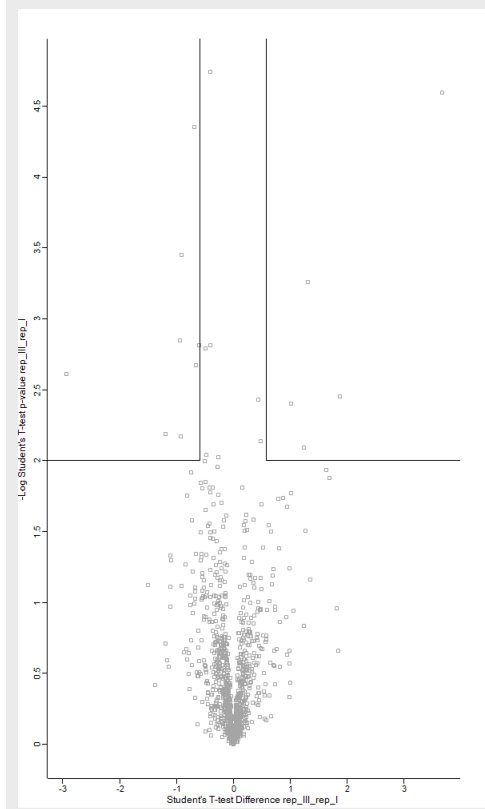

**Figure S2: Scatter plots of CTAB samples**

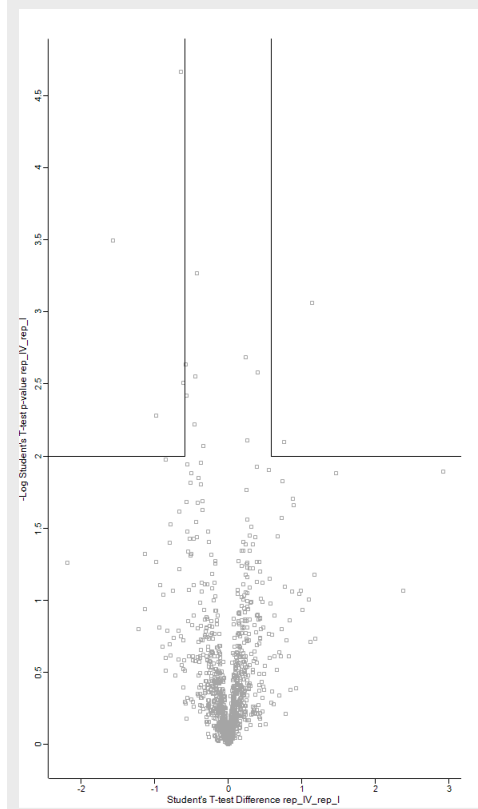

stress vs control

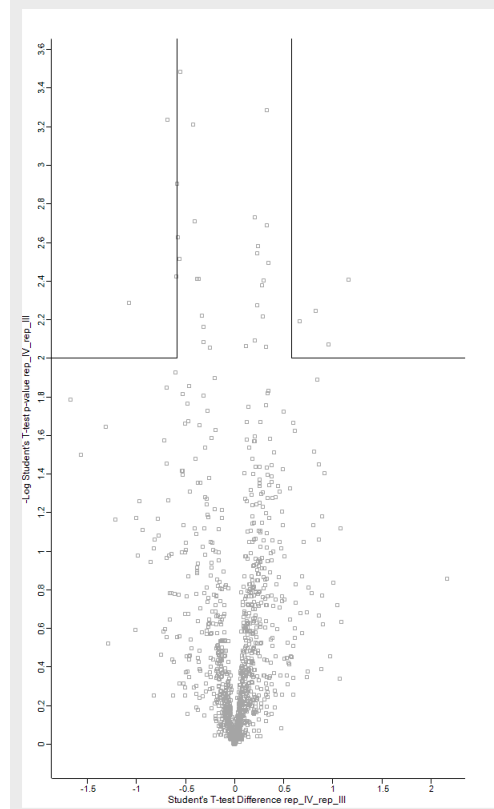

rep 3 vs rep 1

rep 4 vs rep 1

rep 4 vs rep 3

Note that on/off proteins are not shown as significantly changed proteins as no valid fold change and p-value can be assigned to them.
