

RZ in HE staining

PZ in HE staining

HZ in HE staining

Supplementary Figure S1. The representative images of higher magnifications of TGP in HE staining. I , 0 mg/kg T-2 toxin group; II , 0.5 mg/kg T-2 toxin group; III, 1.0 mg/kg T-2 toxin group; IV, 2.0 mg/kg T-2 toxin group; HE, hematoxylin-eosin; Cellular vacuolization (black star); Necrosis (black arrow); Apoptosis (black triangle). A scale bar of 100 μ m.
