**Supplementary Table 1.** Samples of plants studied. The botanical name, family, plant parts used and place of collection are presented. “\*” shows the endemic plant species.

Plant Species	Family	Plant part	Place of collection
<i>Acantholimon androsaceum</i> *	Plumbaginaceae	aerial parts	Crete island
<i>Acanthus spinosus</i>	Acanthaceae	aerial parts	Pateras mountain, Attiki
<i>Achillea abrotanoides</i>	Compositae	aerial parts	Tymfi mountain
<i>Achillea absinthoides</i> *	Compositae	flowering aerial parts and some perennial parts	Tzoumerka mountain
<i>Achillea cretica</i>	Compositae	aerial parts	Idi mountain, Crete
<i>Achillea fraasii</i>	Compositae	aerial parts	Tymfi mountain
<i>Achillea maritima</i>	Compositae	aerial parts	Attiki
<i>Achillea millefolium</i>	Compositae	aerial parts	Attiki
<i>Achillea pindicola</i> subsp. <i>intergifolia</i> *	Compositae	annual and perennial flowering aerial parts and some roots	Tzoumerka mountain
<i>Achillea taygetea</i> *	Compositae	aerial parts	Taygetos mountain
<i>Achillea umbellata</i> *	Compositae	aerial parts	Kyllini mountain
<i>Acinos alpinus</i> subsp. <i>alpinus</i>	Lamiaceae	flowering aerial parts and the roots	Tzoumerka mountain
<i>Acinos alpinus</i> subsp. <i>meridionalis</i>	Lamiaceae	flowering aerial parts	Taygetos mountain
<i>Acinos suaveolens</i>	Lamiaceae	flowering aerial parts	Oiti mountain
<i>Agrimonia eupatoria</i>	Rosaceae	aerial parts	Gkiona mountain
<i>Ajuga orientalis</i>	Lamiaceae	flowering aerial parts	Parnassos mountain
<i>Alkana pindicola</i> subsp. <i>pindicola</i>	Boraginaceae	aerial parts	Giona mountain
<i>Allium ampeloprasum</i>	Liliaceae	basal leaves and bulb	Zaros mountain-Crete
<i>Alyssum saxatile</i>	Cruciferae	aerial parts	Kastraki hill, Astros, Arkadia
<i>Alyssum smolikanum</i>	Cruciferae	flowering aerial parts	Smolikas mountain
<i>Alyssum taygeteum</i> *	Cruciferae	whole plant with flowers and fruits	Giona mountain
<i>Amelanchier ovalis</i>	Rosaceae	aerial parts	Parnassos mountain
<i>Amelanchier parviflora</i> subsp. <i>chelmea</i> *	Rosaceae	aerial parts	Zarax
<i>Anagyris foetida</i>	Leguminosae	fruits and seeds	Saint Andreas, Arkadia
<i>Anchusa cespitosa</i> *	Boraginaceae	whole plant	Lefka ori mountain
<i>Anchusa cretica</i>	Boraginaceae	aerial parts	Grammenochoria, Ioannina
<i>Anthemis orientalis</i>	Compositae	aerial parts	Parnonas mountain
<i>Anthemis rigida</i> subsp. <i>rigida</i>	Compositae	whole plant	Amnisos, Ierakleio, Crete
<i>Arctium minus</i>	Compositae	aerial parts	Athos mountain
<i>Armeria canescens</i>	Plumbaginaceae	flowering aerial parts	Tzoumerka mountain, northern Greece
<i>Armeria canescens</i>	Plumbaginaceae	whole plant	Ochi mountain, southern Evia

<i>Artemisia absinthium</i>	Compositae	aerial parts	Attiki
<i>Artemisia arborescens</i>	Compositae	aerial parts	Megala Chorafia, Chania, Crete
<i>Arum idaeum</i> *	Araceae	tubers	Lefka ori mountain, western Crete, Chania
<i>Asperula boissieri</i> *	Rubiaceae	whole plant	Gkiona mountain, central Greece
<i>Asperula lutea</i> *	Rubiaceae	aerial parts	Parnassos mountain
<i>Asperula oetae</i> *	Rubiaceae	aerial parts	Oiti mountain, central Greece
<i>Asperula taygetea</i> *	Rubiaceae	aerial parts	Parnonas mountain
<i>Asphodeline liburnica</i>	Liliaceae	aerial parts	Oiti mountain
<i>Asphodeline lutea</i>	Liliaceae	aerial parts	Idi mountain, Crete
<i>Asphodeline lutea</i>	Liliaceae	roots	Idi mountain, Crete
<i>Astragalus angustifolius</i> subsp. <i>angustifolius</i>	Leguminosae	flowering aerial parts	Lefka ori mountain
<i>Astragalus angustifolius</i> subsp. <i>angustifolius</i>	Leguminosae	flowering aerial parts	Parnassos mountain
<i>Astragalus creticus</i> subsp. <i>creticus</i> *	Leguminosae	flowering aerial parts	Idi mountain
<i>Astragalus creticus</i> subsp. <i>creticus</i> *	Leguminosae	roots	Idi mountain
<i>Astragalus creticus</i> subsp. <i>rumelicus</i>	Leguminosae	flowering aerial parts	Kyllini mountain
<i>Astragalus creticus</i> subsp. <i>rumelicus</i>	Leguminosae	roots	Idi mountain
<i>Astragalus glycyphyllos</i>	Leguminosae	flowering aerial parts	Koziakas mountain
<i>Astragalus lacteus</i>	Leguminosae	aerial parts, roots, fruits	Oiti mountain
<i>Astragalus mayeri</i>	Leguminosae	aerial parts with fruits	Vourinos mountain
<i>Astragalus pubiflorus</i>	Leguminosae	aerial parts, roots, fruits	Voion mountain
<i>Astragalus sirinicus</i>	Leguminosae	whole plant and roots	Smolikias mountain
<i>Astragalus spruneri</i>	Leguminosae	perennial aerial parts and annual parts without fruits	Immitos mountain
<i>Astragalus spruneri</i>	Leguminosae	fruits and seeds	Immitos mountain
<i>Astragalus thracicus</i> subsp. <i>parnassi</i>	Leguminosae	flowering aerial parts	Parnassos mountain
<i>Astragalus thracicus</i> subsp. <i>parnassi</i>	Leguminosae	roots	Parnassos mountain
<i>Atractylis cancellata</i>	Compositae	whole plant	Salamina island
<i>Atractylis gummifera</i>	Compositae	subaerial parts	Zaros, central Crete
<i>Aubrieta deltoidea</i>	Cruciferae	whole plant with flowers and fruits	Immitos mountain
<i>Aubrieta scardica</i>	Cruciferae	whole plant in fruiting	Tzoumerka mountain
<i>Ballota pseudodictamnus</i> subsp. <i>pseudodictamnus</i>	Lamiaceae	flowering aerial parts	Amnissos, Ierakleio, Crete
<i>Bellis longifolia</i> *	Compositae	aerial parts	Idi mountain, Crete
<i>Berberis cretica</i>	Berberidaceae	roots	Idi mountain, central Greece
<i>Berberis cretica</i>	Berberidaceae	aerial parts	Idi mountain, central Greece
<i>Beta vulgaris</i> subsp. <i>maritima</i>	Amaranthaceae	aerial parts	foothills of Immitos mountain, Attiki
<i>Bituminaria bituminosa</i>	Leguminosae	aerial parts	Leuka mountain, Chania, western Crete

<i>Bornmuellera baldaccii</i> subsp. <i>baldaccii</i>	Cruciferae	aerial parts in fruiting	Smolikas mountain
<i>Bornmuellera tymphaea</i> *	Cruciferae	aerial with fruits	Vourinos mountain
<i>Brassica oleracea</i>	Brassicaceae	aerial parts	Pateras mountain
<i>Brassica oleracea</i> var. <i>botrytis</i>	Brassicaceae	aerial parts	cultivated
<i>Bryonia cretica</i> subsp. <i>cretica</i>	Cucurbitaceae	aerial parts (stems, leaves and fruits)	Kokkini Chani, central Crete, Irakleio
<i>Bryonia cretica</i> subsp. <i>cretica</i>	Cucurbitaceae	underground parts-tubers	Kokkini Chani, central Crete, Irakleio
<i>Bupleurum fruticosum</i>	Umbelliferae	stems with leaves	Parnonas mountain
<i>Buxus sempervirens</i>	Buxaceae	aerial parts in fruiting	Smolikas mountain, northern Crece
<i>Cakile maritima</i>	Cruciferae	aerial with fruits	beach Cheronisi, Saint Andreas, Arkadia
<i>Carlina corymbosa</i>	Compositae	aerial parts	Idi mountain
<i>Cedrus libani</i> subsp. <i>brevifolia</i>	Pinaceae	leaves	Cyprus
<i>Centaurea achaia</i> *	Compositae	aerial parts	Pateras mountain
<i>Centaurea affinis</i>	Compositae	aerial parts	Koziakas mountain
<i>Centaurea attica</i>	Compositae	aerial parts	Penteli mountain
<i>Centaurea epirota</i>	Compositae	aerial parts	Tymfi mountain
<i>Centaurea idaea</i> *	Compositae	aerial parts	Idi mountain
<i>Centaurea pannosa</i>	Compositae	aerial parts	Athos mountain
<i>Centaurea pelia</i> *	Compositae	aerial parts	Parnassos mountain
<i>Centaurea peucedanifolia</i> *	Compositae	flowering aerial parts	Athos mountain
<i>Centaurea raphanina</i> subsp. <i>mixta</i> *	Compositae	rossete leaves	Parnonas mountain
<i>Centaurea spinosa</i>	Compositae	flowering aerial parts	Markopoulos, Attiki
<i>Centranthus longiflorus</i> subsp. <i>junceum</i>	Valerianaceae	aerial parts	Oiti mountain, central Greece
<i>Cerastium candidissimum</i> *	Caryophyllaceae	aerial parts	Ochi mountain
<i>Ceratonia siliqua</i>	Leguminosae	annual stems and leaves	Zaros, central Crete
<i>Cerinthe major</i>	Boraginaceae	aerial parts	Livadia, Viotia, central Greece
<i>Chamaecytisus austriacus</i>	Leguminosae	flowering-fruiting aerial parts	Smolikas mountain
<i>Chamaecytisus creticus</i> *	Leguminosae	aerial parts	Idi mountain
<i>Chamaecytisus sagittale</i> subsp. <i>sagittale</i>	Leguminosae	flowering aerial parts	Parnonas mountain
<i>Chondrilla ramosissima</i> *	Compositae	aerial parts	Lakonia
<i>Chrysanthemum coronarium</i>	Compositae	aerial parts	Saint Andreas, Lakonia
<i>Chrysanthemum segetum</i>	Compositae	aerial parts	Saint Andreas, Lakonia
<i>Cichorium spinosum</i>	Compositae	aerial parts	Leuka mountain, Chania, western Crete
<i>Cionura erecta</i>	Asclepiadaceae	aerial parts	foothills of Pateras mountain, Attiki
<i>Cirsium heldreichii</i> *	Compositae	aerial parts	Dirfis mountain
<i>Colchicum parnassicum</i> *	Liliaceae	bulbs	Parnassos mountain
<i>Colchicum parnassicum</i> *	Liliaceae	basal leaves	Parnassos mountain
<i>Colutea arborescens</i>	Leguminosae	aerial parts	Parnassos mountain

<i>Convolvulus boissieri</i> subsp. <i>parnassicus</i>	Convolvulaceae	aerial parts	Gkiona mountain, central Greece
<i>Coridothymus capitatus</i>	Lamiaceae	flowering aerial parts	Saronida, Attiki
<i>Corydalis blanda</i> subsp. <i>parnassica</i> *	Papaveraceae	aerial and underground parts	Parnassos mountain
<i>Cotinus coggygia</i> ( <i>Rhus cotinus</i> )	Anacardiaceae	stems and leaves	Parnonas mountain, Arkadia
<i>Crataegus pycnoloba</i> *	Rosaceae	aerial parts	Killini mountain
<i>Crepis incana</i> *	Compositae	whole plant	Kyllini mountain
<i>Crithmum maritimum</i>	Umbelliferae	aerial parts	Saronida, Attiki
<i>Crupina crupinastrum</i>	Compositae	aerial parts	Parnonas mountain, Arkadia
<i>Cupressus sempervirens</i> (forma <i>horizontalis</i> )	Cupressaceae	branches and leaves	Idi mountain, Zaros canyon, Psiloritis, Crete
<i>Cupressus sempervirens</i> (forma <i>horizontalis</i> )	Cupressaceae	fruits	Idi mountain, Zaros canyon, Psiloritis, Crete
<i>Cynoglossum columnae</i>	Boraginaceae	aerial parts	Penteli mountain
<i>Cynoglossum creticum</i>	Boraginaceae	aerial parts with fruits	Zaros, central Crete
<i>Cytinus hypocistis</i> subsp. <i>clusii</i>	Cytinaceae	aerial parts	Zaros, central Crete
<i>Cytinus hypocistis</i> subsp. <i>clusii</i>	Cytinaceae	aerial parts	Leuka mountain, Chania, western Crete
<i>Daphne laureotica</i>	Thymelaeaceae	branches and leaves	Koziakas mountain- Trikala
<i>Daphne oleoides</i>	Thymelaeaceae	branches and leaves	Dirfis mountain, central Evia
<i>Daphne sericea</i>	Thymelaeaceae	branches and leaves	Leuka mountain, Chania, western Crete
<i>Daphne sericea</i>	Thymelaeaceae	branches and leaves	Leuka mountain, Chania, western Crete
<i>Daucus carota</i>	Umbelliferae	aerial parts	Zaros, central Crete
<i>Dianthus haematocalyx</i> subsp. <i>pindicola</i>	Caryophyllaceae	whole plant	Smolikias mountain
<i>Dianthus haematocalyx</i> subsp. <i>ventricosus</i> *	Caryophyllaceae	aerial parts (annual and perennial)	Oiti mountain
<i>Dianthus serratifolius</i> subsp. <i>serratifolius</i> *	Caryophyllaceae	aerial parts (annual and perennial)	Immitos mountain
<i>Digitalis ferruginea</i>	Scrophulariaceae	aerial parts	Xirovouni mountain- Evia
<i>Digitalis ferruginea</i>	Scrophulariaceae	roots	Xirovouni mountain- Evia
<i>Dittrichia viscosa</i>	Compositae	aerial parts	University campus, Zografou, Attiki
<i>Doronicum columnae</i>	Compositae	whole plant	Dirfis mountain
<i>Dracunculus vulgaris</i>	Araceae	tubers	foothills of Immitos mountain, Attiki
<i>Dracunculus vulgaris</i>	Araceae	aerial parts	foothills of Immitos mountain, Attiki
<i>Drypis spinosa</i>	Caryophyllaceae	aerial parts	Dirfis mountain
<i>Drypis spinosa</i>	Caryophyllaceae	aerial parts	Taygetos mountain
<i>Ebenus cretica</i> *	Leguminosae	aerial parts	Crete island

<i>Ebenus sibthorpii</i> *	Leguminosae	flowering aerial parts	Pateras mountain
<i>Ecballium elaterium</i>	Cucurbitaceae	aerial parts	Zaros, central Crete
<i>Echinophora tenuifolia</i> subsp. <i>sibthorpiana</i>	Umbelliferae	aerial parts	Stauromenos, Irakleio, central Crete
<i>Echinops spinosissimus</i>	Compositae	flowering aerial parts	Zaros, central Crete
<i>Echium angustifolium</i>	Boraginaceae	flowering aerial parts	Salamina island
<i>Edraianthus graminifolius</i>	Campanulaceae	whole plant	Giona mountain, central Greece
<i>Epilobium angustifolium</i>	Onagraceae	aerial parts	Pieria mountain, Pieria
<i>Epilobium dodonaei</i>	Onagraceae	aerial parts	Pieria mountain, Pieria
<i>Epilobium hirsutum</i>	Onagraceae	aerial parts	Zaros, central Crete
<i>Epilobium parviflorum</i>	Onagraceae	aerial parts	Parnonas mountain, Arkadia
<i>Erodium moschatum</i>	Onagraceae	aerial parts	Zaros, central Crete
<i>Eruca sativa</i> or <i>vesicaria</i>	Cruciferae	aerial parts	Gouves, Irakleio, central Crete
<i>Eryngium amethystinum</i>	Umbelliferae	aerial parts and roots	Parnonas mountain
<i>Eryngium amorginum</i> *	Umbelliferae	aerial parts	Kavousi, eastern Crete
<i>Eryngium campestre</i>	Umbelliferae	basal leaves and flowering stems	Zaros, central Greece
<i>Eryngium creticum</i>	Umbelliferae	flowering stems	between Vrises and Georgiupolis, western Crete
<i>Eryngium maritimum</i>	Umbelliferae	basal leaves and flowering stems	Georgiupolis beach, western Crete
<i>Eryngium ternatum</i> *	Umbelliferae	aerial parts	Crete island
<i>Erysimum creticum</i> *	Cruciferae	aerial parts	Tourloti, Lasithi, eastern Crete
<i>Erysimum graecum</i> *	Cruciferae	flowering aerial parts	Xirovouni mountain
<i>Euphorbia acanthothamnos</i>	Euphorbiaceae	aerial parts	Dafni, Attiki
<i>Euphorbia deflexa</i>	Euphorbiaceae	flowering aerial parts	Papigo mountain
<i>Euphorbia glabriflora</i>	Euphorbiaceae	aerial parts	mountain Vourinos, Kozani
<i>Euphorbia myrsinites</i>	Euphorbiaceae	flowering aerial parts	Ipiros
<i>Foeniculum vulgare</i>	Umbelliferae	aerial parts	University campus, Zografou, Attiki
<i>Foeniculum vulgare</i>	Umbelliferae	roots	University campus, Zografou, Attiki
<i>Fraxinus ornus</i>	Oleaceae	stems and leaves	University campus, Zografou, Attiki
<i>Galega officinalis</i>	Leguminosae	aerial parts	Koziakas mountain
<i>Galium fruticosum</i>	Rubiaceae	aerial parts	Canyon of Topolia, western Crete, Chania
<i>Galium thymifolium</i> *	Rubiaceae	aerial parts	Killini mountain, Korinthia
<i>Galium verum</i> subsp. <i>verum</i>	Rubiaceae	aerial parts	Killini mountain- Korinthia
<i>Genista acanthoclada</i>	Leguminosae	aerial parts	University campus, Zografou, Attiki

<i>Genista depressa</i>	Leguminosae	whole plant	Smolikas mountain
<i>Genista hassertiana</i>	Leguminosae	aerial parts	Vourinos mountain
<i>Genista millii</i>	Leguminosae	whole plant (roots and flowering aerial parts)	Oiti mountain
<i>Geocaryum pindicolum</i> *	Umbelliferae	aerial parts with fruits	Giona mountain
<i>Geranium macrorrhizum</i>	Geraniaceae	whole plant	mountain Dirfi, central Evia
<i>Geranium subcaulescens</i>	Geraniaceae	whole plant	mountain Timfi, Ioannina
<i>Gladiolus italicus</i>	Iridaceae	underground parts, tubers	Amorgos island
<i>Gladiolus italicus</i>	Iridaceae	aerial parts	Amorgos island
<i>Globularia cordifolia</i>	Globulariaceae	aerial parts	mountain Gkiona, central Greece
<i>Glycyrrhiza glabra</i>	Leguminosae	roots	Kefallonia
<i>Helianthemum salicifolium</i>	Cistaceae	aerial parts	Dirfi mountain, central Evia
<i>Helleborus cyclophyllus</i>	Ranunculaceae	roots	Dirfis mountain, Evia
<i>Helleborus cyclophyllus</i>	Ranunculaceae	aerial parts	Dirfis mountain-Evia
<i>Helminthotheca (Picris) echiioides</i>	Compositae	aerial parts	Zaros, central Crete
<i>Heracleum sphondylium</i>	Umbelliferae	aerial parts	Voion mountain
<i>Heracleum sphondylium</i> subsp. <i>pyrenaicum</i>	Umbelliferae	aerial parts	Oiti mountain
<i>Hesperis laciniata</i> subsp. <i>laciniata</i>	Cruciferae	aerial parts	Dirfis mountain
<i>Hippocrepis comosa</i>	Leguminosae	flowering aerial parts	Oiti mountain
<i>Hippocrepis emerus</i> subsp. <i>emeroides</i>	Leguminosae	aerial parts	Immitos mountain
<i>Hypericum cerastoides</i>	Guttiferae	aerial parts in fruiting	Athos mountain
<i>Hypericum empetrifolium</i> subsp. <i>empetrifolium</i>	Guttiferae	aerial parts	Pateras mountain
<i>Hypericum olympicum</i> f. <i>minus</i>	Guttiferae	aerial parts and roots	Parnonas mountain
<i>Hypericum perforatum</i>	Guttiferae	aerial parts	Dirfis mountain
<i>Hypericum rumeliacum</i> subsp. <i>apollinis</i>	Guttiferae	aerial parts	Oiti mountain
<i>Hypericum trichocaulon</i> *	Guttiferae	aerial parts	Idi mountain
<i>Hypericum triquetrifolium</i>	Guttiferae	flowering aerial parts	Evia
<i>Hyssopus officinalis</i>	Lamiaceae	aerial parts	cultivated
<i>Iberis sempervirens</i>	Cruciferae	whole plant	Tzoumerka mountain
<i>Inula candida</i> subsp. <i>candida</i> *	Compositae	aerial parts (annual and perennial)	Kakopetros, Chania, western Crete
<i>Inula candida</i> subsp. <i>limonella</i> *	Compositae	aerial parts (annual and perennial)	Taygetos mountain
<i>Inula crithmoides</i>	Compositae	aerial parts (annual and perennial)	Saint Andreas, Cheronisi, Arkadia
<i>Inula pseudolimonella</i> *	Compositae	aerial parts (annual and perennial)	Dicti mountain
<i>Inula verbascifolia</i> subsp. <i>methanea</i> *	Compositae	flowering aerial parts	Immitos mountain
<i>Inula verbascifolia</i> subsp. <i>methanea</i> *	Compositae	aerial parts (annual and perennial)	foothills of Taygetos mountain
<i>Iris attica</i>	Iridaceae	whole plant	Salamina, Attiki
<i>Iris germanica</i>	Iridaceae	roots	Saint Andreas,

			Arkadia
<i>Iris unguicularis</i> subsp. <i>cretensis</i> *	Iridaceae	aerial parts	Zaros, Crete
<i>Iris unguicularis</i> subsp. <i>cretensis</i> *	Iridaceae	roots	Zaros, Crete
<i>Isatis tinctoria</i>	Cruciferae	aerial parts with flowers and fruits	foothills of Parnonas mountain
<i>Juniperus communis</i> subsp. <i>communis</i>	Cupressaceae	branches, leaves, fruits	Smolikas mountain
<i>Juniperus drupacea</i>	Cupressaceae	branches and leaves	Parnonas mountain, Arkadia
<i>Juniperus drupacea</i>	Cupressaceae	fruits	Parnonas mountain, Arkadia
<i>Jurinea mollis</i>	Compositae	aerial parts	Salamina island
<i>Lamium garganicum</i> subsp. <i>pictum</i> *	Lamiaceae	flowering aerial parts and the roots	Tzoumerka mountain
<i>Laserpitium pseudomeum</i> *	Umbelliferae	aerial parts (annual and perennial)	Giona mountain
<i>Laserpitium siler</i> subsp. <i>garganicum</i>	Umbelliferae	aerial parts	Koziakas mountain
<i>Lavandula angustifolia</i>	Leguminosae	aerial parts	cultivated
<i>Lavandula stoechas</i>	Lamiaceae	flowering aerial parts	eastern foothills, Parnonas mountain
<i>Lembotropis nigricans</i> subsp. <i>nigricans</i>	Leguminosae	flowering aerial parts	Zagorochoria, Ioannina
<i>Leontodon hispidus</i>	Compositae	whole plant	Tzoumerka mountain
<i>Leontodon tuberosus</i>	Compositae	whole plant	Zaros, central Crete
<i>Linaria peloponnesiaca</i>	Scrophulariaceae	whole plant	Gkiona mountain, central Greece
<i>Lithodora hispidula</i> subsp. <i>hispidula</i>	Boraginaceae	aerial parts	Asterousia mountain
<i>Loranthus europaeus</i>	Loranthaceae	whole plant	Parnonas mountain
<i>Lupinus albus</i>	Leguminosae	fruits and seeds	Kaisariani, Attiki
<i>Lupinus albus</i>	Leguminosae	aerial parts	Kaisariani, Attiki
<i>Lutzia cretica</i> *	Cruciferae	aerial parts, annual and perennial	eastern Crete
<i>Lychnis coronaria</i>	Caryophyllaceae	aerial parts	Dirfis mountain
<i>Lysimachia serpyllifolia</i> *	Primulaceae	whole plant	Parnassos mountain
<i>Malabaila aurea</i>	Umbelliferae	aerial parts	Parnonas mountain
<i>Malva sylvestris</i>	Malvaceae	aerial parts	cultivated
<i>Marrubium peregrinum</i>	Lamiaceae	aerial parts at the beginning of flowering	Vilia, Attiki
<i>Marrubium thessalum</i>	Lamiaceae	flowering aerial parts	Vourinos mountain
<i>Marrubium velutinum</i> subsp. <i>cylleneum</i> *	Lamiaceae	flowering aerial parts	Kyllini mountain
<i>Marrubium velutinum</i> subsp. <i>velutinum</i> *	Lamiaceae	flowering aerial parts	Oiti mountain
<i>Marrubium vulgare</i>	Lamiaceae	aerial parts	Timfi mountain
<i>Matricaria recutita</i>	Compositae	flowering aerial parts	Saronida, Attiki
<i>Matthiola sinuata</i>	Cruciferae	aerial parts	Vouliagmeni, Attiki
<i>Medicago falcata</i>	Leguminosae	flowering aerial parts	Kyllini mountain
<i>Medicago marina</i>	Leguminosae	roots	near Monemvasia, eastern Peloponissos
<i>Medicago marina</i>	Leguminosae	flowering aerial parts with fruits	near Monemvasia, eastern Peloponissos

<i>Melilotus graecus</i> *	Leguminosae	whole plant (with roots and fruits)	Parnassiada, Fokida
<i>Melissa officinalis</i>	Lamiaceae	aerial parts	cultivated
<i>Mentha aquatica</i>	Lamiaceae	aerial parts	Mainalo mountain
<i>Mentha longifolia</i>	Lamiaceae	flowering aerial parts	Zaros, central Crete
<i>Mentha microphylla</i>	Lamiaceae	aerial parts	cultivated
<i>Mentha pulegium</i>	Lamiaceae	aerial parts	Zaros, central Crete
<i>Mentha spicata</i>	Lamiaceae	aerial parts	cultivated
<i>Micromeria graeca</i>	Lamiaceae	flowering aerial parts	Pateras mountain
<i>Micromeria juliana</i>	Lamiaceae	aerial parts	Parnitha mountain
<i>Micromeria nervosa</i>	Lamiaceae	flowering aerial parts	eastern Crete (near Kavousi)
<i>Minuartia juniperina</i> subsp. <i>glandulifera</i>	Caryophyllaceae	aerial parts	Taygetos mountain
<i>Minuartia stellata</i>	Caryophyllaceae	aerial parts	Giona mountain
<i>Morina persica</i>	Morinaceae	aerial parts	Taygetos
<i>Narcissus tazetta</i>	Amaryllidaceae	tubers	Zaros, central Crete
<i>Nepeta argolica</i> subsp. <i>argolica</i> *	Lamiaceae	flowering aerial parts	Vilia, Attiki
<i>Nepeta argolica</i> subsp. <i>dirphyia</i> *	Lamiaceae	flowering aerial parts, some with fruits	Dirfis mountain
<i>Nepeta camphorata</i> *	Lamiaceae	flowering aerial parts	Taygetos mountain
<i>Nepeta melissifolia</i> *	Lamiaceae	aerial parts	Crete island
<i>Nepeta nuda</i>	Lamiaceae	flowering aerial parts	Koziakas mountain
<i>Nepeta orphanidea</i> var. <i>parnidea</i> *	Lamiaceae	flowering aerial parts	Parnonas mountain
<i>Nepeta parnassica</i>	Lamiaceae	aerial parts just before flowering	Parnassos mountain
<i>Nepeta spruneri</i>	Lamiaceae	aerial parts	Tzoumerka mountain
<i>Nepeta spruneri</i>	Lamiaceae	perennial aerial parts	Timfi mountain
<i>Odontites linkii</i> subsp. <i>linkii</i> *	Scrophulariaceae	aerial parts	Parnonas mountain, Arkadia
<i>Olea europaea</i>	Oleaceae	leaves	Kalamata, Peloponissos
<i>Onobrychis alba</i> subsp. <i>laconica</i>	Leguminosae	annual flowering aerial parts	Parnonas mountain
<i>Onobrychis alba</i> subsp. <i>laconica</i>	Leguminosae	perennial aerial parts and roots	Parnonas mountain
<i>Onobrychis alba</i> subsp. <i>laconica</i>	Leguminosae	whole plant	Voion mountain
<i>Onobrychis caput-galli</i>	Leguminosae	aerial parts	Parnonas mountain
<i>Onobrychis ebenoides</i> *	Leguminosae	whole plant	Immitos mountain
<i>Onobrychis peloponnesiaca</i> *	Leguminosae	roots	Vlachiotis, Lakonia
<i>Onobrychis peloponnesiaca</i> *	Leguminosae	flowering aerial parts	Vlachiotis, Lakonia
<i>Ononis pubescens</i>	Leguminosae	whole plant (with flowers and fruits)	ancient Gortina, Crete
<i>Ononis spinosa</i>	Leguminosae	flowering aerial parts	Lefka ori mountain
<i>Ononis viscosa</i>	Leguminosae	whole plant with fruits	rim of Kaisariani stream, Attiki
<i>Onosma elegantissima</i> *	Boraginaceae	aerial parts (at the end of flowering)	Vourinos mountain
<i>Onosma erecta</i> subsp. <i>erecta</i> *	Boraginaceae	aerial parts	Lefka ori mountain

<i>Onosma frutescens</i>	Boraginaceae	aerial parts	Immitos mountain
<i>Onosma pygmaea</i> *	Boraginaceae	whole plant	Smolikas mountain
<i>Orchis italica</i>	Orchidaceae	leaves and flower stalks without inflorescences	Zaros, Crete
<i>Orchis quadripunctata</i>	Orchidaceae	leaves and flower stalks without inflorescences	Parnonas mountain- Arkadia
<i>Origanum dictamnus</i> *	Lamiaceae	flowering aerial parts	cultivated
<i>Origanum majorana</i>	Lamiaceae	Stems and inflorescences, no leaves	cultivated
<i>Origanum microphyllum</i> *	Lamiaceae	aerial parts	Crete island
<i>Origanum onites</i>	Lamiaceae	annual flowering aerial parts	Methana
<i>Origanum vulgare</i> subsp. <i>hirtum</i>	Lamiaceae	aerial parts	Parnonas mountain
<i>Osyris alba</i>	Santalaceae	aerial parts	foothills of Immitos mountain, Attiki
<i>Otanthus maritimus</i>	Compositae	aerial parts	southern Crete
<i>Paeonia mascula</i> subsp. <i>hellenica</i> *	Paeoniaceae	aerial parts in fruiting	Xirovouni mountain, Evia
<i>Pallenis spinosa</i>	Compositae	flowering aerial parts	Salamina island
<i>Papaver rhoas</i>	Papaveraceae	basal leaves (edible)	Zaros, Crete
<i>Parietaria cretica</i>	Urticaceae	aerial parts	Crete island
<i>Parietaria diffusa</i>	Urticaceae	aerial parts	Zaros, Crete
<i>Paronychia albanica</i>	Caryophyllaceae	aerial parts	Oiti mountain
<i>Passiflora incarnata</i>	Passifloraceae	aerial parts	cultivated
<i>Petromarula pinnata</i> *	Campanulaceae	aerial parts	Crete island
<i>Peucedanum vourinense</i> *	Umbelliferae	aerial parts	Vourinos mountain
<i>Phlomis cretica</i> *	Lamiaceae	flowering aerial parts	Zaros, central Crete
<i>Phlomis fruticosa</i>	Lamiaceae	flowering aerial parts	Fourfouras, Rethymno
<i>Phlomis lanata</i> *	Lamiaceae	flowering aerial parts	Zaros, central Crete
<i>Phlomis samia</i>	Lamiaceae	annual flowering aerial parts	Parnonas mountain
<i>Phoenix theophrasti</i>	Palmae	leaves and inflorescences of male trees	Raches
<i>Phoenix theophrasti</i>	Palmae	leaves of female trees	Preveli, Rethimno
<i>Pimpinella tragium</i> subsp. <i>tragium</i>	Umbelliferae	aerial parts (flowering annual and perennial)	Oiti mountain
<i>Pinus heldreichii</i>	Pinaceae	branches and leaves	Smolikas mountain, northern Greece
<i>Plantago atrata</i> subsp. <i>graeca</i>	Plantaginaceae	whole plant	Killini-Korinthia
<i>Plantago coronopus</i> subsp. <i>cummutata</i>	Plantaginaceae	whole plant	Zaros-Crete
<i>Plantago holosteuum</i>	Plantaginaceae	whole plant	Killini mountain- Korinthia
<i>Plantago lanceolata</i>	Plantaginaceae	basal leaves	Zaros-Crete
<i>Plantago major</i>	Plantaginaceae	basal leaves	Parnonas mountain- Arkadia
<i>Platanus orientalis</i>	Platanaceae	platanus berries	Parnonas mountain- Prastos Arkadia
<i>Polygonum aviculare</i>	Polygonaceae	whole plant	Smolikas mountain, northern Greece
<i>Polygonum tinctoria</i>	Polygonaceae	whole plant (cultivated)	Panepistimiopolis

			Zografou
<i>Portulaca oleracea</i>	Portulacaceae	aerial parts	Zaros, Crete
<i>Potentilla speciosa</i>	Rosaceae	aerial parts	Oiti mountain
<i>Prunella laciniata</i>	Lamiaceae	flowering aerial parts	Tzoumerka mountain
<i>Prunus spinosa</i>	Rosaceae	stems, leaves and fruits	Athos mountain
<i>Pseudorlaya pumila</i>	Umbelliferae	whole plant at fruit development	beach Cheronisi, Saint Andreas, Arkadia
<i>Psoralea bituminosa</i>	Leguminosae	flowering aerial parts	Livadia
<i>Pterocephalus perennis</i> subsp. <i>perennis</i> *	Dipsacaceae	aerial parts (annual and perennial)	mountain Dirfi
<i>Ptilostemon afer</i> subsp. <i>afer</i>	Compositae	aerial parts	Dirfis mountain
<i>Ptilostemon chamaepeuce</i>	Compositae	aerial parts	foothills of Immitos mountain
<i>Punica granatum</i>	Punicaceae	pericarp	Zaros-Crete
<i>Putoria calabrica</i>	Rubiaceae	whole plant (aerial and roots)	Tzoumerka
<i>Pyrus spinosa</i>	Rosaceae	branches and leaves	Parnonas mountain
<i>Quercus ithaburensis</i> subsp. <i>macrolepis</i>	Leguminosae	stems and leaves	Rethymno, Crete
<i>Raphanus sativus</i>	Brassicaceae	bulbs	cultivated
<i>Rhamnus alpina</i>	Rhamnaceae	aerial parts	Voiou mountain-Kozani
<i>Rhamnus alpina</i>	Rhamnaceae	aerial parts	Gkiona mountain-central Greece
<i>Rhamnus lycioides</i> subsp. <i>graeca</i>	Rhamnaceae	aerial parts	Zaros-Crete
<i>Rhamnus sibthorpiana</i> *	Rhamnaceae	aerial parts	Koulochera mountain-Lakonia
<i>Rosa damascena</i>	Rosaceae	flowers	cultivated
<i>Rosmarinus officinalis</i>	Lamiaceae	aerial parts	near the Monastery of Kaisariani, Attiki
<i>Rubia peregrina</i>	Rubiaceae	flowering aerial parts	Parnonas mountain, Arkadia
<i>Rubia tenuifolia</i>	Rubiaceae	flowering aerial parts	Immitos mountain, central Greece
<i>Rubia tinctorum</i>	Rubiaceae	flowering aerial parts	Parnonas mountain, Arkadia, eastern Peloponnisos
<i>Rubia tinctorum</i>	Rubiaceae	radix	Parnonas mountain, Arkadia, eastern Peloponnisos
<i>Ruta graveolens</i>	Rutaceae	aerial parts in fruiting	Athos mountain
<i>Salvia amplexicaulis</i>	Lamiaceae	aerial parts at the end of flowering	Smolikas mountain
<i>Salvia argentea</i>	Lamiaceae	flowering aerial parts	Parnonas mountain
<i>Salvia candidissima</i>	Lamiaceae	perennial aerial parts and roots	Smolikas mountain
<i>Salvia fruticosa</i>	Lamiaceae	flowering aerial parts	Zaros, central Crete
<i>Salvia officinalis</i>	Lamiaceae	flowering aerial parts	between Kalpaki and Aristi, Ioannina
<i>Salvia pomifera</i> subsp. <i>calycina</i>	Lamiaceae	flowering aerial parts	Parnonas mountain
<i>Salvia pomifera</i> subsp. <i>pomifera</i>		flowering aerial parts	canyon of Topolia,

			Chania, Crete
<i>Salvia ringens</i>	Lamiaceae	aerial parts	Parnonas mountain
<i>Salvia sclarea</i>	Lamiaceae	flowering aerial parts	Timfi mountain
<i>Salvia verbenaca</i>	Lamiaceae	aerial parts	Sikelias hill, Attiki
<i>Salvia viridis</i>	Lamiaceae	aerial parts and roots	Parnonas mountain
<i>Sambucus ebulus</i>	Caprifoliaceae	branches and leaves	Ipiros
<i>Sambucus nigra</i>	Caprifoliaceae	branches and leaves	Athos mountain
<i>Saponaria officinalis</i>	Caryophyllaceae	flowering aerial parts	Athos mountain
<i>Sarcopoterium spinosum</i>	Rosaceae	aerial parts	Zaros, Crete
<i>Satureja hortensis</i>	Lamiaceae	aerial parts	cultivated
<i>Satureja horvatii</i> subsp. <i>macrophylla</i> *	Lamiaceae	flowering aerial parts	Tzoumerka mountain
<i>Satureja montana</i> subsp. <i>montana</i>	Lamiaceae	leaves, branches, roots	Smolikas mountain
<i>Satureja parnassica</i> subsp. <i>hellenica</i> *	Lamiaceae	flowering aerial parts	Parnitha mountain
<i>Satureja parnassica</i> subsp. <i>parnassica</i> *	Lamiaceae	flowering aerial parts	Parnonas mountain
<i>Satureja spinosa</i>	Lamiaceae	flowering aerial parts	eastern Crete
<i>Satureja thymbra</i>	Lamiaceae	flowering aerial parts	Ochi mountain
<i>Satureja thymbra</i> (montana ecotype)	Lamiaceae	aerial parts	Dicti mountain
<i>Scabiosa crenata</i> subsp. <i>crenata</i>	Dipsacaceae	whole plant in flowering	Tzoumerka mountain, northern Greece
<i>Scabiosa crenata</i> subsp. <i>crenata</i>	Dipsacaceae	whole plant in flowering	Smolikas mountain, northern Greece
<i>Scandix pecten-veneris</i>	Umbelliferae	rosette of basal leaves	Zaros, central Crete
<i>Scolymus hispanicus</i>	Compositae	aerial parts and part of the root	Zaros, central Crete
<i>Scorzonera crocifolia</i> *	Compositae	whole plant in flowering	Crete island
<i>Scutellaria sieberi</i> *	Lamiaceae	aerial parts	Crete island
<i>Sedum album</i>	Crassulaceae	aerial parts	Timfi mountain, Ioannina
<i>Sedum sediforme</i>	Crassulaceae	aerial parts	Peramos, Attiki
<i>Selinum seilainifolium</i>	Umbelliferae	aerial parts during flowering	Giona mountain
<i>Senecio eubeus</i> *	Compositae	flowering aerial parts	Xirovouni mountain
<i>Senecio taygeteus</i> *	Compositae	flowering aerial parts	Dirfis mountain
<i>Senecio thapsoides</i>	Compositae	flowering aerial parts	Oiti mountain
<i>Sesamum indicum</i>	Pedaliaceae	seeds	cultivated
<i>Seseli rigidum</i>	Umbelliferae	radix	Smolikas mountain
<i>Sideritis clandestina</i> subsp. <i>clandestina</i> *	Lamiaceae	aerial parts	Gaitanorachi, Parnonas mountain
<i>Sideritis clandestina</i> subsp. <i>peloponnesiaca</i> *	Lamiaceae	flowering aerial parts	Kyllini mountain
<i>Sideritis curvidens</i>	Lamiaceae	flowering aerial parts	Parnassos mountain
<i>Sideritis euboea</i> *	Lamiaceae	flowering aerial parts	Xirovouni mountain
<i>Sideritis perfoliata</i> subsp. <i>perfoliata</i>	Lamiaceae	aerial parts	Thessalia, central Greece
<i>Sideritis raeseri</i> subsp. <i>raeseri</i>	Lamiaceae	flowering aerial parts	Tymphi mountain
<i>Sideritis romana</i> subsp. <i>romana</i>	Lamiaceae	aerial parts	University campus, Zografou, Attiki
<i>Sideritis scardica</i>	Lamiaceae	aerial parts	cultivated

<i>Sideritis syriaca</i> subsp. <i>syriaca</i> *	Lamiaceae	flowering aerial parts	Idi mountain
<i>Silene auriculata</i> *	Caryophyllaceae	aerial parts	Kyllini mountain
<i>Silene bupleuroides</i>	Caryophyllaceae	aerial parts	Oiti mountain
<i>Silene vulgaris</i>	Caryophyllaceae	aerial parts	Zaros, central Crete
<i>Silybum marianum</i>	Compositae	aerial parts	cultivated
<i>Sinapis alba</i>	Cruciferae	aerial parts	foothills of Immitos mountain
<i>Solanum melongena</i>	Solanaceae	branches and leaves	Flaska, Santorini
<i>Solanum melongena</i>	Solanaceae	aerial parts (stems and leaves)	Leonidion, eastern Peloponnisos
<i>Sonchus asper</i>	Compositae	flowering aerial parts	Zaros, central Crete
<i>Sorbus aria</i>	Rosaceae	branches and leaves	Koziakas mountain
<i>Sorbus umbellata</i>	Rosaceae	branches and leaves	Koziakas mountain
<i>Stachys chrysanthra</i> *	Lamiaceae	aerial parts	Parnonas mountain
<i>Stachys germanica</i> subsp. <i>heldreichii</i>	Lamiaceae	flowering aerial parts	Dirfi mountain
<i>Stachys iva</i>	Lamiaceae	flowering aerial parts	Vourinos mountain
<i>Stachys leucoglossa</i>	Lamiaceae	aerial parts	Athos mountain
<i>Stachys scardica</i>	Lamiaceae	flowering aerial parts	Vourinos mountain
<i>Stachys spinosa</i> *	Lamiaceae	aerial parts	Zaros, central Crete
<i>Stachys spruneri</i> *	Lamiaceae	flowering aerial parts	Pateras mountain
<i>Stachys tymphaea</i>	Lamiaceae	flowering aerial parts	Giona mountain
<i>Stachelina petiolata</i> *	Compositae	aerial parts	Crete island
<i>Stachelina uniflosculosa</i>	Compositae	aerial parts	Tzoumerka mountain
<i>Styrax officinalis</i>	Styracaceae	branches and leaves	Zaros, Crete
<i>Tamus communis</i>	Dioscoreaceae	underground parts	Zaros, central Crete
<i>Tamus communis</i>	Dioscoreaceae	aerial parts	Zaros, central Crete
<i>Tanacetum parthenium</i>	Compositae	flowering aerial parts	Parnonas mountain
<i>Taxus baccata</i>	Taxaceae	leaves	Parnonas mountain
<i>Taxus baccata</i>	Taxaceae	branches	Ioannina and Parnonas mountain
<i>Taxus baccata</i>	Taxaceae	leaves	Ioannina
<i>Teline monspessulana</i>	Leguminosae	aerial parts	foothills of Dirfis mountain
<i>Tetragonolobus purpureus</i>	Leguminosae	aerial parts	Zaros, central Crete
<i>Teucrium capitatum</i>	Lamiaceae	whole plant and roots	Xirovouni mountain
<i>Teucrium chamaedrys</i> subsp. <i>chamaedrys</i>	Lamiaceae	flowering aerial parts	Koziakas mountain
<i>Teucrium divaricatum</i> subsp. <i>divaricatum</i>	Lamiaceae	flowering aerial parts	Salamina island
<i>Teucrium halacsyanum</i> *	Lamiaceae	flowering aerial parts	Paliovouna mountain
<i>Teucrium montanum</i> subsp. <i>helianthemoides</i> *	Lamiaceae	flowering aerial parts	Dirfi mountain
<i>Teucrium montanum</i> subsp. <i>montanum</i>	Lamiaceae	flowering aerial parts	Giona mountain
<i>Thalictrum minus</i> subsp. <i>olympicum</i>	Ranunculaceae	aerial parts	Gkiona mountain, central Greece
<i>Thapsia garganica</i>	Umbelliferae	aerial parts during flowering	Pines, eastern Crete
<i>Thymelaea hirsuta</i> *	Thymelaeaceae	aerial parts	foothills of Immitos, Attiki

<i>Thymelaea tartonraira</i> subsp. <i>argentea</i>	Thymelaeaceae	aerial parts	Kithaironas mountain
<i>Thymus atticus</i>	Lamiaceae	aerial parts	Immitos mountain
<i>Thymus boissieri</i> var. <i>boissieri</i>	Lamiaceae	flowering aerial parts	Tymfi mountain
<i>Thymus leucospermus</i> *	Lamiaceae	flowering aerial parts	Tymfi mountain
<i>Thymus leucotrichus</i>	Lamiaceae	flowering aerial parts	Giona mountain
<i>Thymus longicaulis</i>	Lamiaceae	flowering aerial parts	Kithaironas mountain
<i>Thymus vulgaris</i>	Lamiaceae	aerial parts	cultivated
<i>Tragopogon porrifolius</i>	Compositae	flowering aerial parts	Saronida, Attiki
<i>Trifolium noricum</i>	Leguminosae	whole plant (aerial and roots)	Giona mountain
<i>Trifolium noricum</i>	Leguminosae	whole plant in flowering	Tzoumerka mountain
<i>Trifolium pratense</i>	Leguminosae	aerial parts	Oiti mountain
<i>Tussilago farfara</i>	Compositae	leaves and roots	Tzoumerka mountain
<i>Umbilicus horizontalis</i>	Crassulaceae	aerial parts and roots	foothills of Immitos, Attiki
<i>Urtica pilulifera</i>	Urticaceae	whole plant	Attiki
<i>Valeriana italica</i>	Valerianaceae	tubers	Immitos mountain-Attiki
<i>Valeriana italica</i>	Valerianaceae	flowering aerial parts	Immitos mountain, Attiki
<i>Valeriana tuberosa</i>	Valerianaceae	tubers and flowering aerial parts	Parnassos mountain, central Greece
<i>Veratrum album</i>	Liliaceae	flowering aerial parts and roots	Koziakas mountain, Trikala
<i>Verbascum acaule</i> *	Scrophulariaceae	whole plant	Taygetos mountain-Lakonia
<i>Verbascum arcturus</i> *	Scrophulariaceae	annual aerial parts	Chania, western Crete
<i>Verbascum arcturus</i> *	Scrophulariaceae	perennial aerial parts (woody)	Chania, western Crete
<i>Verbascum daenzeri</i> *	Scrophulariaceae	aerial parts	Parnonas mountain, Arkadia
<i>Verbascum epixanthinum</i> var. <i>epixanthinum</i> *	Scrophulariaceae	aerial parts	Gkiona mountain, central Greece
<i>Verbascum macrurum</i>	Scrophulariaceae	aerial parts	central Crete
<i>Verbascum undulatum</i>	Scrophulariaceae	aerial parts	Attiki
<i>Verbena officinalis</i>	Verbenaceae	aerial parts and roots	Zaros, Crete
<i>Vicia faba</i>	Leguminosae	aerial parts after the maturation of the fruits (cultivated)	Zaros, central Crete
<i>Vincetoxicum creticum</i> *	Asclepiadaceae	aerial parts and perennial bases (no roots)	mountain Dikti, eastern Crete
<i>Viscum album</i> (on <i>Abies cephalonica</i> )	Loranthaceae	whole plant	Parnonas mountain
<i>Vitex agnus-castus</i>	Verbenaceae	fruits	foothills of Parnonas mountain
<i>Vitex agnus-castus</i>	Verbenaceae	branches and leaves	foothills of Parnonas mountain, Arkadia

**Supplementary Table 2.** Initial evaluation of plant extracts.

	Plant species	Extraction solvent	DPPH scavenging (% at 200 µg/mL)	IC <sub>50</sub> (µg/ml)	Tyrosinase inhibition (% at 100 µg/mL)	IC <sub>50</sub> (µg/ml)	Highest non-cytotoxic concentration (µg/mL)	IC <sub>50</sub> (µg/ml)	DCF basal	DCF stimulated
