Received: 6 November 2018; Accepted: 11 December 2018; Published: 14 December 2018

The *Nanomaterials* Editorial Office has been made aware that the published paper [1] was previously published in *Results in Physics* [2] by the same authors. In order to preserve academic integrity, the title paper [1] will be marked as retracted.

We apologize to the readers of *Nanomaterials* for any inconvenience caused, and regret that this issue was not detected earlier. The decision to retract has been taken in agreement with the authors. The manuscript [1] was submitted shortly after the paper had been accepted [2] in *Results in Physics*, and prior to its publication. The issue resulted from an incorrect version submitted by the authors during the editorial process.

MDPI is a member of the Committee on Publication Ethics, and takes its responsibility to enforce strict ethical policies and standards very seriously. To ensure the addition of only high-quality scientific works to the field of scholarly publications, reference [1] is retracted and shall be marked accordingly.
