Decision of the School of Biomedical Sciences Higher Degrees Research and Ethics Committee (SBS-HDREC) at its 88th REC meeting held on 13th Dec 2018.

In the matter concerning the review of a PhD proposal entitled, "Antimicrobial stewardship practices and quality of antibacterial use in children under 5 years in selected health facilities in Uganda." SBS-HDREC - 624

The investigators have met all the requirements as stated by SBS-HDREC and therefore, the proposal is **APPROVED**.

The approval granted includes all materials submitted by the investigators for SBS-HDREC review including;

1. Protocol
2. Study tools
3. Consent forms

and is valid until 12th Dec 2019.

Please note that the annual report and the request for renewal where applicable, should be submitted six weeks before expiry date of approval.

Any problems of a serious nature related to the execution of the research protocol should be promptly reported to the SBS-HDREC, and any changes to the research protocol should not be implemented without approval from SBS-HDREC, except when necessary to eliminate apparent immediate hazards to the research participant(s).

You are required to register the research protocol with the Uganda National Council for Science and Technology (UNCST) for final clearance to undertake the study in Uganda.

Signed

Dr. Erisa Mwaka

Chairperson, School of Biomedical Sciences Higher Degrees Research and Ethics Committee.
