check for updates

As the authors of the title paper [1], it is with great regret that we inform the readership of *Metabolites* that we have asked the journal's publisher, MDPI, to retract the paper from the scientific literature. Due to human error, we included contents similar to article [2], which has already been published by Pirola et al. We apologize to the readership of *Metabolites* and to the authors of [2] for any inconvenience caused.

MDPI is a member of the Committee on Publication Ethics (COPE) and takes the responsibility to enforce strict ethical policies and standards very seriously. To ensure the integrity of the publication record, [1] is retracted and shall be marked accordingly.
