The IJGI Editorial Office has been made aware that the published paper [1] has a potential plagiarism issue with the published paper [2]. It seems that the authors of [1] took the paper by Su, X. et al. [2] as a template and modified it for the Shanghai case with Shanghai data. Therefore, the IJGI Editorial Office has taken the decision to retract [1] in order to preserve academic integrity. We apologize to the readers of *IJGI* and to the authors of the previous work. The decision to retract has been taken in agreement with the authors of [1]. MDPI is a member of the Committee on Publication Ethics and takes its responsibility to enforce strict ethical policies and standards very seriously. To ensure the addition of only high-quality scientific works to the field of scholarly publication, the present paper [1] was retracted. The article was retracted with the agreement of all authors. We apologize to the readership of *IJGI* for any inconvenience caused.
