

Supplementary Figure S1.

Supplementary Figure S1. Effects of cepharanthine on SARS-CoV-2 RdRp activity in the cell-based activity assay with nsp7 and nsp8. A cell-based SRAS-CoV-2 RdRp activity assay with pCI-SARS2-nsp12N and plasmids expressing nsp7 and nsp8 genes without Flag tag (nsp7 + nsp8) (a) or the nsp8-IRES-nsp7 plasmid (b).
