

Arribas et al.

Cooking effect on bioactive compounds, texture and colour properties of cold- extruded rice/bean-based pasta supplemented with whole carob fruit

Table S1. Correlation coefficients between the phenolic compounds and the antioxidant activity

	Total phenols	Tartaric esters	Flavonols	Anthocyanins
ORAC	0,8852	0,8393	0,7305	-0,1255
	p = 0,0000	p = 0,0000	p = 0,0000	p = 0,1582
