Recovery Analysis (Spiked Analysis Results):

The spike results obtained were consistent with unspiked value for all elements. This shows that the digestion method used were reliable.

Table 4: Recovery of the total digestion procedure by using Spiked Analysis

Heavy metals	Spiked value (ug/g)	Unspiked value (ug/g)	Recovery (%)
Pb	35.11	33.13	110.5
Zn	52.00	51.78	106
Cd	3.84	3.62	98.02
Cu	17.47	17.26	110.5
Fe	36.54	36.4	93.33
