

Special Issue

Big Data and Cognitive Computing in 2023

Message from the Guest Editors

We are pleased to announce this Special Issue on “*Big Data and Cognitive Computing in 2023*”, which is part of the MDPI journal *New Year Special Issue Series*. In recent years, we have cooperated with many excellent scholars/scientific groups and published high-level studies that have already been cited numerous times. This Special Issue will be a collection of high-quality reviews from Editorial Board Members, , Topical Advisory Panel Members, Reviewer Board Members, previous authors, and reviewers. We welcome articles from all authors. You are welcome to send short proposals of Feature Papers to our Editorial Office (bdcc@mdpi.com) before submission. These will first be evaluated by our Editors. Please note that the selected full papers will still be subject to a thorough and rigorous peer review.

Guest Editors

Prof. Dr. Domenico Ursino

Prof. Dr. Miguel-Angel Sicilia

Prof. Dr. Nik Bessis

Prof. Dr. Marcello Trovati

About the Journal

Message from the Editor-in-Chief

Big Data and Cognitive Computing (BDCC) is a scholarly online journal which provides a platform for big data theories with emerging technologies on smart clouds and exploring supercomputers with new cognitive applications. It is a peer-reviewed, open access journal that publishes high quality original articles, reviews and short communications. The primary aims of this journal are to encourage contributions of high quality scientific papers relating to data management and analytics in industry, such as manufacturing, healthcare, education, media and business, data mining, and cognitive science. There is no restriction on the maximum length of the papers.

Editor-in-Chief

Prof. Dr. Min Chen

School of Computer Science and Engineering, South China University of Technology, Guangzhou 510641, China

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility

: indexed within Scopus, ESCI (Web of Science), dblp, Inspec, Ei Compendex, and other databases.

Journal Rank:

JCR - Q1 (Computer Science, Theory and Methods) /
CiteScore - Q1 (Management Information Systems)
