### Message from the Guest Editors

This Special Issue is cooperating with the 3rd ECATS conference on Making Aviation Environmentally Sustainable (13-15 October 2020 as an online open access event). Authors of contributions relating to the following key themes are welcome to submit extended versions of their conference work to this Special Issue for publication in our journal *Aerospace*.

- Alternative fuels for aviation
- Propulsion integration
- Airport air quality
- Aviation climate impact and mitigation concepts
- Green flight—climate optimal flight trajectory
- Future materials for aircraft
- Interdependency and aviation environmental modelling
- General session for the Swedish National Aeronautics Programme (NFFP)

## About the Journal

### Message from the Editor-in-Chief

You are welcome to contribute a research article or a comprehensive review for consideration and publication in *Aerospace* (ISSN 2226-4310), an on-line, open access journal.

*Aerospace* adheres to rigorous peer-review as well as editorial processes and publishes high quality manuscripts that address both the fundamentals and applications of aeronautics and astronautics. Our goal is to enable rapid dissemination of high impact works to the scientific community.
