

## Special Issue

# 14th EASN International Conference on Innovation in Aviation & Space towards Sustainability Today & Tomorrow

### Message from the Guest Editors

This Special Issue is cooperating with the 14th EASN International Conference on “Innovation in Aviation & Space towards Sustainability Today & Tomorrow”, which will be held by the EASN Association and the Aristotle University of Thessaloniki, and will take place in Thessaloniki, Greece from the October 8th to 11th, 2024. This conference is all about engaging in a lively exchange of ideas. It will feature prominent figures from Europe’s Aviation and Space sectors, representing academia, industry, research, and policymaking, who will share their valuable insights during the Plenary Talks. The conference will offer a platform for scientists and researchers worldwide to present their latest discoveries across various thematic sessions. These sessions, thoughtfully curated by respected experts, aim to facilitate knowledge exchange and foster collaboration. We are looking forward to welcoming you to Thessaloniki and the 2024 EASN International Conference, and invite submissions of extended conference papers to this Special Issue. We hope that the conference will be another successful, in-person gathering of the EASN Association.

## About the Journal

### Message from the Editor-in-Chief

You are welcome to contribute a research article or a comprehensive review for consideration and publication in *Aerospace* (ISSN 2226-4310), an on-line, open access journal.

*Aerospace* adheres to rigorous peer-review as well as editorial processes and publishes high quality manuscripts that address both the fundamentals and applications of aeronautics and astronautics. Our goal is to enable rapid dissemination of high impact works to the scientific community.
