

Special Issue

Energy Efficiency in Agriculture

Message from the Guest Editors

This Special Issue examines recent advances in the analysis of energy efficiency in agriculture. The call for papers includes analyses in all research areas of agriculture, including animal husbandry and crop production in arable and permanent cropping systems (e.g., grassland, orchards, and vineyards) with respect to energy use in agriculture and energy efficiency. The submitted papers should follow a systems approach and analyze the energy efficiency for the whole production system. Partial analyses are also welcome. We welcome contributions of both reviews and original research.

Guest Editors

Dr. Andreas Meyer-Aurich

Dr. Demetres Briassoulis

Prof. Dr. Fátima Baptista

Dr. Tommy Dalgaard

About the Journal

Message from the Editor-in-Chief

Agriculture (ISSN 2077-0472) is an international, crossdisciplinary and scholarly open access journal on the science and technology of crop and animal production, and management of the natural resource base for agricultural production. *Agriculture* is published in an open access format – research articles, reviews and other contents are released on the internet immediately after acceptance. The scientific community and the public have unlimited and free access to the content as soon as it is published.

Editor-in-Chief

Prof. Dr. Les Copeland
Sydney Institute of Agriculture, School of Life and Environmental
Sciences, The University of Sydney, Sydney, NSW 2006, Australia

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubAg, AGRIS, RePEc, and other databases.

Journal Rank:

JCR - Q1 (Agronomy) / CiteScore - Q1 (Plant Science)
