

Special Issue

Advances in Fruit Pre-harvest and Postharvest Quality, Physiology and Technology—Volume II

Message from the Guest Editor

The Special Issue is focused on recent research regarding advances in fruit preharvest and postharvest quality, physiology and technology. Manuscripts related to preharvest and postharvest sustainable treatment or processing will be appreciated (research articles and reviews are welcome). Keywords

- fruit sustainable treatment and processing
- fruit preharvest and postharvest physiology
- fruit preharvest and postharvest technology
- fruit processing
- fruit handling
- fruit quality

Guest Editor

Dr. Giorgia Liguori

About the Journal

Message from the Editor-in-Chief

Agronomy draws together researchers from diverse areas of agricultural research with a common aim of enhancing agricultural productivity globally. The journal provides unlimited free access to all those interested in advancing agricultural science from both the research and general community. Papers are released immediately after acceptance through the internet.

Agronomy is supported by our authors and their institutes through low article processing charges (APC) for accepted papers. We hope you will support the journal by becoming one of our authors.

Editor-in-Chief

Prof. Dr. Leslie A. Weston

Gulbali Centre for Agriculture, Water and Environment Research,
Charles Sturt University, Wagga Wagga, NSW 2678, Australia

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubAg, AGRIS, and other databases.

Journal Rank:

JCR - Q1 (Plant Sciences) / CiteScore - Q1 (Agronomy and Crop Science)
