

Special Issue

Enhanced Product Quality of Plant Material from Field Crops

Message from the Guest Editors

This Special Issue is focused on the 'Enhanced Quality of Plant Materials from Field Crops.' We welcome high quality submissions related to the improvement of plant agrotechnics and the post-harvest treatment of consumable and herbal raw materials. In particular, this will include new research focusing on all related topics, including vegetable, spice and medicinal plants, the improvement of plant quality, post-harvest consumer and herbal raw material processing, evaluation of the quality of plant raw materials and products, modern and more precise research methods, etc.

Guest Editors

Dr. Andrzej Salata

Dr. Hector Moreno Ramón

Dr. Gaetano Pandino

Dr. Agnieszka Najda

Deadline for manuscript submissions

closed (1 October 2022)

About the Journal

Message from the Editor-in-Chief

Agronomy draws together researchers from diverse areas of agricultural research with a common aim of enhancing agricultural productivity globally. The journal provides unlimited free access to all those interested in advancing agricultural science from both the research and general community. Papers are released immediately after acceptance through the internet.

Agronomy is supported by our authors and their institutes through low article processing charges (APC) for accepted papers. We hope you will support the journal by becoming one of our authors.

Editor-in-Chief

Prof. Dr. Leslie A. Weston

Gulbali Centre for Agriculture, Water and Environment Research,
Charles Sturt University, Wagga Wagga, NSW 2678, Australia

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubAg, AGRIS, and other databases.

Journal Rank:

JCR - Q1 (Plant Sciences) / CiteScore - Q1 (Agronomy and Crop Science)
