# Message from the Editor-in-Chief

*Air* is an international, open-access journal exploring all aspects of air, such as air science, technology, management, and governance. Our goal is to provide a platform for interdisciplinary research and dialogue. By bringing together experts from various fields, we can deepen our understanding of the challenges we face and work towards innovative solutions. Therefore, we would like to invite you to contribute your work for peer review. Our journal provides a highly accessible platform for sharing research and insights with a global audience. Together, we can achieve a sustainable future.

## Aims

*Air* (ISSN 2813-4168) is an international, open access journal on air research. *Air* publishes reviews, regular research papers (articles), and short communications. The aim of *Air* is to publish papers covering all aspects of air, including air science, air technology, and air management and governance.

---

## Scope

The scope of *Air* encompasses the following research areas:

- Air quality for health and comfort;
- Air pollution and source characterization;
- Air purification and control techniques;
- Air management, policy control, monitoring, and modeling;
- Air–human interaction and sustainable development.

---

## Author Benefits

### Open Access

Unlimited and free access for readers

### No Copyright Constraints

Retain copyright of your work and free use of your article

### Thorough Peer-Review

### Discounts on Article Processing Charges (APC)

If you belong to an institute that participates with the MDPI Institutional Open Access Program

### No Space Constraints, No Extra Space or Color Charges

No restriction on the maximum length of the papers, number of figures, or use of colors

### Rapid Publication

First decisions in 18 days; acceptance to publication in 4 days (median values for MDPI journals in the second half of 2024)
