# Applied Sciences

A vertical strip on the left side of the page contains a microscopic image of cells, rendered in shades of blue and white. The cells are irregular in shape and appear to be clustered together.

# Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal *Applied Sciences* has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

---

## **Editor-in-Chief**

Prof. Dr. Giulio Nicola Cerullo

---

## **Aims**

The journal covers all aspects of applied physics, applied chemistry, engineering, environmental and earth sciences, and applied biology. It has 5 broad subjects.

- Biology & Life Sciences
- Chemistry & Materials Science
- Environmental & Earth Sciences
- Physical Sciences
- Engineering

---

## Scope

### Engineering

- Computing and Artificial-Intelligence
- Mechanical Engineering
- Civil Engineering
- Electrical, Electronics and Communications Engineering
- Applied Industrial Technologies
- Food Science and Technology
- Robotics and Automation
- Aerospace Science and Engineering
- Marine Science and Engineering
- Transportation and Future-Mobility
- Agricultural Science and Technology

### Environmental & Earth Sciences

- Environmental Sciences
- Green Sustainable Science and Technology
- Earth Sciences

### Physical Sciences

- Energy Science and Technology
- Optics and Lasers
- Acoustics and Vibrations
- Applied Physics General
- Applied Thermal Engineering

### Biological Science and Engineering

- Applied Biosciences and Bioengineering
- Applied Dentistry and Oral-Sciences
- Biomedical Engineering

### Chemistry & Materials Science

- Materials Science and Engineering
- Chemical and Molecular-Sciences
- Nanotechnology and Applied Nanosciences

---

## Author Benefits

### Open Access

Unlimited and free access for readers

### No Copyright Constraints

Retain copyright of your work and free use of your article

### Thorough Peer-Review

### 2023 Impact Factor: 2.5

(*Journal Citation Reports* - Clarivate, 2024)

### Discounts on Article Processing Charges (APC)

If you belong to an institute that participates with the MDPI Institutional Open Access Program

### No Space Constraints, No Extra Space or Color Charges

No restriction on the maximum length of the papers, number of figures or colors

### Coverage by Leading Indexing Services

Scopus, SCIE (Web of Science), Inspec, CAPlus / SciFinder, and other databases

### Rapid Publication

A first decision is provided to authors approximately 17.8 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2024)
