

Special Issue

Building-Integrated Photovoltaics

Message from the Guest Editors

This Special Issue aims to address potential challenges and opportunities in the design, development, optimization, operation, and extension Building-Integrated Photovoltaics (BIPV); We invite authors to submit original research papers or short communications, or comprehensive review articles on the latest achievements and innovations in building-integrated photovoltaics. Potential topics include, but are not limited to:

- Design and Manufacturing of BIPV
- Trends and Development in BIPV Technologies
- Theoretical and Experimental Investigation on BIPV
- Computational Modelling and Simulation of BIPV
- Nonlinearity and Optimization in BIPV
- Techno-Economic Performance Evaluation of BIPV
- Real Time Monitoring and Diagnostics for BIPV
- Remote Control and Operation of BIPV
- Policy Issue: System Marginal Price, Solar Renewable Energy Credits, Solar Energy Trading, Block Chain Technology
- Macro-Perspective: Distributed Generation, Demand Response, Energy Storage System, Smart Grid, Solar City

Guest Editors

Prof. Dr. Taehoon Hong

Department of Architecture & Architectural Engineering, College of Engineering, Yonsei University, 50 Yonsei-ro, Seodaemun-gu, Seoul 03722, Korea

Prof. Dr. Choongwan Koo

Division of Architecture & Urban Design, College of Urban Sciences, Incheon National University, 119 Academy-ro, Yeonsu-gu, Incheon 22012, Republic of Korea

Deadline for manuscript submissions

closed (30 June 2020)

About the Journal

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo
Dipartimento di Fisica, Politecnico di Milano, Piazza L. da Vinci 32,
20133 Milano, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
