

Special Issue

Feature Review Papers in "Computing and Artificial Intelligence" Section

Message from the Guest Editors

This Special Issue on "Feature Review Papers in Section Computing and Artificial Intelligence" will collect review papers in all areas of interest covered by "Computing and Artificial Intelligence"

(https://www.mdpi.com/journal/applsci/sections/computing_artificial_intelligence). We welcome multidisciplinary research in the following fields:

- Database, information systems, and security;
- Multi-agent systems and pervasive computing;
- Audio, speech, and music processing;
- Computer vision, machine learning, and pattern recognition.

Manuscripts on computing and artificial intelligence are all welcome. We expect these papers to be widely read and highly influential within the field. We also plan for all papers included in this Special Issue to be published in the form of a print edition book and widely promoted within the scientific community.

Guest Editors

Prof. Dr. Ugo Vaccaro

Department of Computer Science, University of Salerno, 84084 Fisciano Salerno, Italy

Prof. Dr. Chun-Xia Zhang

School of Mathematics and Statistics, Xi'an Jiaotong University, Xi'an 710049, China

Deadline for manuscript submissions

closed (30 June 2024)

About the Journal

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo
Dipartimento di Fisica, Politecnico di Milano, Piazza L. da Vinci 32,
20133 Milano, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Engineering, Multidisciplinary) / CiteScore - Q1 (General Engineering)
