Message from the Editor-in-Chief

As Editor-in-Chief, I am delighted to announce the launch of *Arthropoda* a new international, peer-reviewed, open-access journal.

The journal has positioned itself as a sister journal to *Insects* and will consider high-quality submissions on non-insects.

Editor-in-Chief

Dr. Sammy De Grave

Aims

The focus of *Arthropoda* (ISSN 2813-3323) is the publication of high-quality research with a focus on arachnids (mites, scorpions, spiders), myriapods (millipedes, centipedes and allied taxa), pycnogonids, horseshoe crabs and crustaceans. Manuscripts addressing fossil arthropods outside these taxonomic groups are also welcomed.

The scope of this journal covers all topics related to non-insect arthropods, running the spectrum from molecules through to populations and individual species, to ecosystem studies.

Scope

- Morphology, biology, ethology, physiology, ecology, etc.
- Higher level systematics
- Taxonomy
- Phylogeny and evolution
- Palaeontology
- Range extensions, new records for a geographical area, species checklists
- Invasive species
- Biodiversity
- Conservation
- Pest control
- Crustacean fisheries
- Impact on and interactions with humans and society

Author Benefits

Open Access

Unlimited and free access for readers

No Copyright Constraints

Retain copyright of your work and free use of your article

Thorough Peer-Review

Discounts on Article Processing Charges (APC)

If you belong to an institute that participates with the MDPI membership program

No Space Constraints, No Extra Space or Color Charges

No restriction on the maximum length of the papers, number of figures or colors

Rapid Publication

First decisions in 16 days; acceptance to publication in 5.8 days (median values for MDPI journals in the first half of 2024)
