

## Special Issue

# 10th Anniversary of *Axioms*: Geometry and Topology

### Message from the Guest Editor

This year, *Axioms* is celebrating its 10th anniversary from the launch of its inaugural issue in 2012. To mark this significant milestone and commemorate the journal's achievements throughout the years, we are organizing a Special Issue entitled "10th Anniversary of Axioms: Geometry and Topology". This Special Issue will present a collection of high-quality original research articles and surveys in the fields of geometry and topology. Articles considering significant open questions are encouraged. Of particular interest are contributions addressing topics including, but not limited to:

- Topology;
- Algebraic topology;
- Differential topology;
- Topological groups;
- Lie group;
- Differential geometry;
- Algebraic geometry;
- Discrete geometry.

---

### Guest Editor

Prof. Dr. Sidney A. Morris

1. School of Engineering, IT and Physical Sciences, Federation University Australia, Ballarat, VIC 3353, Australia
2. Department of Mathematical and Physical Sciences, La Trobe University, Melbourne, VIC 3086, Australia

---

### Deadline for manuscript submissions

closed (30 November 2022)

## About the Journal

### Message from the Editor-in-Chief

*Axioms* is dedicated to the foundations (structure and axiomatic basis, in particular) of mathematical theories, not only from a crisp or strictly classical sense, but also from a fuzzy and generalized sense. This includes the more innovative current scientific trends, devoted to discover and solve new challenging problems. The prime goal of *Axioms* is to publish first-class, original research articles under an open access policy with minimal fees for the authors. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Humberto Bustince

Department of Statistics, Computer Science and Mathematics, Public University of Navarra, 31006 Pamplona, Spain

---

### Author Benefits

#### Open Access

– free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High visibility:

indexed within SCIE (Web of Science), dblp, and other databases.

#### Journal Rank:

JCR - Q1 (Mathematics, Applied)
