Changes in Thyrocytes during Thyroid Disease and Thyroid Cancer

Message from the Guest Editor

The main objective of this research topic is to provide an update on the most important topics of thyroid molecular pathology, with particular attention to innovations in the field of pathogenesis, diagnosis, and treatment strategies for hyper- and hypothyroidism, autoimmune thyroid diseases, thyroid nodules, and cancer. Moreover, the experiences with the peculiarity of thyroid molecular pathology in genetic syndromes and in chronic diseases will also be addressed. In addition, we are interested in the topic of comorbidities in autoimmune thyroid diseases and thyroid cancer. We look forward to receiving your contributions.

About the Journal

Message from the Editorial Board

Cells has become a solid international scientific journal that is now indexed on SCIE and in other databases. We have successfully introduced a special issues format so that these issues serve as mini-forums in specific areas of cell science. *Cells* encourages researchers to suggest new special issues, serve as special issues editors, and volunteer to be reviewers. Our main focus will remain on cell anatomy and physiology, the structure and function of organelles, cell adhesion and motility, and the regulation of intracellular signaling, growth, differentiation, and aging. We are open to both original research papers and reviews.

Editors-in-Chief

Prof. Dr. Alexander E. Kalyuzhny

Neuroscience, UMN Twin Cities, 6-145 Jackson Hall, 321 Church St SE,
Minneapolis, MN 55455, USA

Prof. Dr. Cord Brakebusch

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Cell Biology) / CiteScore - Q1 (General Biochemistry, Genetics and Molecular Biology)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.5 days after submission; acceptance to publication is undertaken in 2.8 days (median values for papers published in this journal in the first half of 2024).
