

## Special Issue

# Oral Microbiology and Related Research

### Message from the Guest Editors

The purpose of this Special Issue "Oral Microbiology and Related Research" is to invite basic researchers, epidemiologists and clinicians from any field of the dental sciences to contribute their insights and perspectives in the form of original research articles, brief communications and review papers on topics including, but not limited to:

- oral microbiota
- dental infections
- endodontics
- periodontitis
- peri-implantitis
- biofilm
- antibiotic prophylaxis
- antimicrobial resistance
- therapeutic guidelines
- attitude of healthcare-professionals

---

## About the Journal

### Message from the Editor-in-Chief

The *Dentistry Journal* (ISSN 2304-6767) is an official, peer-reviewed publication of MDPI, which transmits original papers as well as review articles from the entire field of dentistry to the scientific community. The *Dentistry Journal* supports scientific innovations, and clinical and experimental research within the whole field of dentistry and its related areas. The *Dentistry Journal* in particular supports interdisciplinary and translational studies. The *Dentistry Journal* provides a unique opportunity to contribute high quality articles and to take advantage of its large readership.
