Special Issue

Advances in Imaging Diagnosis and Management of Cardiovascular and Pulmonary Diseases

Message from the Guest Editors

This Special Issue highlights recent advancements in cardiac or pulmonary imaging. It includes selected original research articles that demonstrate the use of advanced imaging techniques for morphological and functional characterization through multimodal diagnostics. These techniques are poised to become crucial tools for radiologists, as they could potentially be integrated seamlessly into their workflows. Our research interests encompass the development of automated anatomy segmentation and measurement for diagnosis, as well as the use of 3D printing to predict optimal treatment choices and evaluate treatment responses.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer

Department of Clinical Physiology, Nuclear Medicine & PET National University Hospital, Rigshospitalet, University of Copenhagen, Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 20.5 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2024).
