

Special Issue

Recent Advances in Diagnosis and Management of Musculoskeletal Disorders

Message from the Guest Editors

This Special Issue aims to provide updated knowledge and novel insights on the diagnosis and management of musculoskeletal disorders. Recent advances in this field, including a wide variety of diagnostic methods and procedures, warrant the need for up-to-date information and high-quality studies to enrich evidence-based decision making. We encourage the submission of original studies, systematic reviews, and meta-analyses on this topic, encompassing any musculoskeletal disorder, including skeletal, muscle, and soft-tissue pathologies. New paradigms such as artificial intelligence-assisted diagnostic methods, novel imaging techniques, and cutting-edge surgical or interventional techniques are particularly welcome.

Guest Editors

Dr. Antonio Jesús Láinez-Ramos-Bossini

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer
Department of Clinical Physiology, Nuclear Medicine & PET National
University Hospital, Rigshospitalet, University of Copenhagen,
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 20.5 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2024).
