

Special Issue

Artificial Intelligence in Medical Signal Processing and Analysis

Message from the Guest Editor

This Special Issue on “Artificial Intelligence in Medical Signal Processing and Analysis” aims to attract high-quality research studies from scientists and specialists that advance the application of state-of-the-art AI techniques in medical data processing. Potential areas of interest include but are not limited to the following directions:

- Innovative methods of AI for biomedical big data processing and analysis including artificial neural networks, fuzzy expert systems, evolutionary computation, hybrid intelligent systems, etc.;
- Fundamental biomedical studies with AI-based methods;
- AI in clinical diagnostics and treatment;
- Development of brain-computer interfaces;
- Medical expert systems based on the principles of AI.

Guest Editor

Dr. Vadim V. Grubov

Neuroscience and Cognitive Technology Laboratory, Center for Technologies in Robotics and Mechatronics Components, Innopolis University, Universitetskaya Str. 1, 420500 Innopolis, Russia

Deadline for manuscript submissions

closed (30 November 2023)

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer

Department of Clinical Physiology, Nuclear Medicine & PET National University Hospital, Rigshospitalet, University of Copenhagen, Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 20.5 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2024).
