

Special Issue

Advanced Diagnosis of Hearing Loss

Message from the Guest Editors

We are delighted to announce the call for manuscripts on the topic of advanced diagnosis of hearing loss for our upcoming publication. We cordially invite researchers, clinicians, and experts in the field to contribute their innovative and groundbreaking work in this area. This special issue aims to showcase the latest advancements in the diagnosis of hearing loss. We welcome original research articles, reviews, and case studies that explore novel diagnostic techniques and technological innovations. Topics of interest include but are not limited to:

- Advances in audiological assessment methods, such as genetic testing, imaging modalities, and objective hearing measurements.
- Breakthroughs in pharmacological therapies, stem cell transplantation, gene therapy, and regenerative medicine for hearing restoration.
- Utilization of digital signal processing, machine learning, and artificial intelligence in hearing aid technology and cochlear implants.

We look forward to receiving your manuscript submissions and to collaborating with you in advancing the field of audiology. Together, we can make a significant impact in improving the lives of individuals affected by hearing loss.

Guest Editors

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer

Department of Clinical Physiology, Nuclear Medicine & PET National University Hospital, Rigshospitalet, University of Copenhagen, Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 20.5 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2024).
