Artificial Intelligence in Histopathology: Biomarkers, Diagnosis and Prognosis

Message from the Guest Editor

This Special Issue, entitled "Artificial Intelligence in Histopathology: Biomarkers, Diagnosis and Prognosis", aims to highlight recent advances in the application of artificial intelligence (AI) for improving the diagnosis, prognosis, and treatment of various diseases based on histopathological images. The Special Issue will cover a broad range of topics related to AI in histopathology, including, but not limited to image analysis, feature extraction, pattern recognition and machine learning algorithms. The Issue will also focus on the development of new AI-based tools and techniques for identifying biomarkers, predicting disease outcomes and assessing treatment responses. Ultimately, this Special Issue aims to provide insights into the current state of the art in AI-based histopathology research and its potential impact on clinical practice.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer

Department of Clinical Physiology, Nuclear Medicine & PET National University Hospital, Rigshospitalet, University of Copenhagen, Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 20.5 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2024).
