

Special Issue

The Diagnosis and Treatment of Lymphomas

Message from the Guest Editor

This Special Issue of *Diagnostics* seeks to provide the global community with key reviews and primary articles that critically impact the field of lymphoma. Works in this issue will speak broadly yet offer focused and specific details. We aim to include areas that are well studied (e.g., genetics) as well as those with less focus previously. Experts in areas of diagnostics and therapies will detail current standards, provide data from novel studies, and anticipate future directions that may soon become critical to the present time.

Guest Editor

Prof. Dr. Robert Ohgami

Department of Pathology, The University of Utah, Salt Lake City, UT 84112, USA

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer

Department of Clinical Physiology, Nuclear Medicine & PET National University Hospital, Rigshospitalet, University of Copenhagen, Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 20.5 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2024).
