Selected Papers from International Eurasian Ornithology Congress (IEOC 2018)

Message from the Guest Editors

International Eurasian Ornithology Congress (IEOC 2018) will be held, 23–27 April, 2018, in Heidelberg, Germany, and selected papers will be published in this Special Issue. The aim of the conference is to bring together ornithologists and birders in general, to create a platform for knowledge exchange and to discuss the problems and their solutions. This congress welcomes everybody who cares about nature, particularly avifauna and bird evolution. All subjects related to birds will be dealt in congress sessions. We believe that the Special Issue can provide a broad overview on the research of birds and we are looking forward to the contributions from IEOC 2018.

About the Journal

Message from the Editor-in-Chief

Diversity (ISSN 1424-2818) is a scholarly journal that covers all areas of diversity research. Our distinguished editorial board and refereeing process ensures the highest degree of scientific rigor for publishing. Original research articles and timely reviews are released online, with unlimited free access.

We invite papers and reviews on multidisciplinary topics of diversity that bridge organismic diversity (systematics, biodiversity, phylogeny, population genetics, and evolution) and molecular diversity (phytochemistry and biophysics).
