

Special Issue

Feature Papers for Drones in Agriculture and Forestry Section: 2nd Edition

Message from the Guest Editors

As the Section Editor-in-Chief, I am pleased to announce a Special Issue entitled “Feature Papers for Section Drones in Agriculture and Forestry 2nd Edition”. This Special Issue welcomes high-quality papers from the latest research and application results related to the use of drones in agriculture and forestry. Manuscripts can be theoretical, applied, or review articles. Interdisciplinary manuscripts are particularly welcome. For more scope information, you may check https://www.mdpi.com/journal/drones/sections/drones_in_agriculture_forestry.

Guest Editors

Prof. Dr. Yangquan Chen

Department of Mechanical Engineering (ME), University of California, Merced, CA 95343, USA

Prof. Dr. Fei Liu

College of Biosystems Engineering and Food Science, Zhejiang University, Hangzhou 310058, China

Deadline for manuscript submissions

31 March 2025

About the Journal

Message from the Editor-in-Chief

Drones is the only international open-access journal about the science, policy and technology of drones and its applications. Nowadays, the proliferation of drones is a reality for local policy makers, regulatory bodies, mapping authorities, startups and consolidated companies. There are many uses and benefits of drones: from the emergence of new sensors and the evolution of new platforms; to the development of specific software and the emergence of new applications. *Drones* publishes reviews, regular research papers, communications and short notes, without restriction on the length of papers. *Drones* seeks to provide a central forum for scholars engaged in drones' research and applications.

There is a need for high quality papers in this area and the *Drones* Editorial Board are widely recognized international leaders. *Drones* journal guarantees a serious peer review and a rapid publication across the whole discipline of drones.

Editor-in-Chief

Prof. Dr. Diego González-Aguilera

Cartographic and Land Engineering Department, Higher Polytechnic School of Avila, University of Salamanca, Hornos Caleros, 50 05003 Avila, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High visibility

: indexed within Scopus, SCIE (Web of Science), Inspec, Ei Compendex and other databases.

Journal Rank:

JCR - Q1 (Remote Sensing) / CiteScore - Q1 (Aerospace Engineering)
