

## Special Issue

# 10th Anniversary of Electronics: Advances in Networks

### Message from the Guest Editors

*Electronics* was founded in 2011. We are proud and excited to celebrate the 10th anniversary of the journal. On this occasion, this Special Issue is being launched to invite members of the Editorial Board, acknowledged reviewers and outstanding authors. The aim is to celebrate this important anniversary of the journal through exceptional papers fully dedicated to innovative technologies in networks and their advanced applications. Academic editors and top authors will be invited to submit high-quality papers to this Special Issue. The subject areas of interest include, but are not limited to, the following:

- Wireless communication and systems;
- Computer networks;
- Internet of Things and smart cities;
- Pervasive computing and smart spaces;
- Distributed system networking, cloudification and services;
- Connected and autonomous vehicles—land, water and sky;
- Mobile networking and computing;
- Wireless system models and simulations;
- Wireless system deployment and implementation;
- Quality of service and quality of experience in wired and wireless systems;
- Security and privacy in the aforementioned areas.

## About the Journal

### Message from the Editor-in-Chief

*Electronics* is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, Ei Compendex and other databases.

#### Journal Rank:

JCR - Q2 (Physics, Applied) / CiteScore - Q2 (Control and Systems Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.4 days after submission; acceptance to publication is undertaken in 2.4 days (median values for papers published in this journal in the second half of 2024).
