

## Special Issue

# Microbial Safety and Quality of Dairy Foods

### Message from the Guest Editors

This research topic will highlight the current knowledge on the microbial quality and safety of dairy foods. In particular we welcome research papers, case reports and reviews relevant but not limited to the composition, dynamics and role of microbial communities in dairy productions using omics approaches, quantitative microbial risk assessment, study and improvement (biopreservation technologies, isolation and use of autochthonous probiotic microorganisms, etc.) of microbial food quality and safety, molecular (genomic) characterization of emerging (opportunistic) dairy-borne pathogenic, probiotic, and alterative microorganisms and the relevant risk (benefit) assessment. Prof. Dr. Fernando Perez-Rodriguez

## About the Journal

### Message from the Editor-in-Chief

*Foods* (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, *Foods* has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, FSTA, AGRIS, PubAg, and other databases.

#### Journal Rank:

JCR - Q1 (Food Science and Technology) / CiteScore - Q1 (Health Professions (miscellaneous))

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.3 days after submission; acceptance to publication is undertaken in 2.8 days (median values for papers published in this journal in the first half of 2024).
